Courses in set theory are given under various names, e.g., Topics in Set Theory or Infinite Games. Some parts of set theory closely link to the general theory of metric and topological spaces, so Part Ib Metric & Topological Spaces can be relevant. All Part III Foundations courses build on the material of the Part II course Logic & Set Theory. This course covers the basics of mathematical logic (syntax and semantics of propositional and first order logic, completeness and compactness) as ...
