Visual Studio for Mac
builds on top of
MonoDevelop,
adding open sourced
internals from Visual
Studio and many new
extensions to support
new workloads.

Mac Os X Internals A
It ' s extremely easy

Page 2/35

to make an image transparent with the help of Preview app, the built-in image editing app that comes along with all Macs with Mac OS X. Do note creating transparent PNG or GIF images this way works best on images with uniform colors

in the area you want
to become
transparent.
