For the first time
(hermetically) charged
mantrams are revealed
here, which promise
pervasive successes with
the necessary maturity,
balance, and purity.
After all, according to
Bardon, mantrams are not
just any suggestion
sentences, but they are
expressions of ideas
with which one can work
and come into contact

with powers, forces, qualities, that is, deities after ardently practicing mantrams. At the same time, the associated seal marks of the divine ideas are revealed, which stand in a ritual connected with the mantrams. A book that will inspire not only hermeticists but also yoga scholars! However, the practitioner may be forewarned. The practice of some mantrams may consume many hours of concentration and

repetition of a single Mantram before any success is noticed.

Included are: - Bardon's Mimicry Formula for Healing - Seila

Oriente's description of the complete St. John's Evocation as mentioned in Frabato.

Numerous sects and religions do not understand the expression of "magic" otherwise than black art, witchcraft or conspiracy with evil powers. It is therefore not astonishing that many people are frightened by a certain horror, whenever the word "magic" is pronounced. Jugglers, conjurers, and

charlatans have discredited this term and, considering this circumstance, there is no surprise that magic knowledge has always been looked upon with a slight disregard. Even in the remotest times the MAGUS has been regarded as one of the highest adepts and it might be of interest to learn that, as a matter of fact, the word "magic" is derived from this word. The so called "sorcerers" are by no means initiates but only

imitators o the
mysteries, who counting

and partly on the
credulity of the

their selfish aims by,
lies and fraud. The true
magician will always
despise such practices.
In reality, magic is a
sacred science, it is,
in the very true sense
the sum of all knowledge
because it teaches how
to know and utilize the
sovereign rules. There
is no difference between

magic and mystic or any other conception of the name. Wherever authentic initiation is at stake, one has to proceed on the same basis, according to the same rules, irrespective of the name given by this or that creed.

Considering the universal polarity rules of good and evil, active and passive, light and shadow, each science can serve good as well as bad purposes. Let us take the example of a knife, an object that

virtually ought to be used for cutting bread only, which, however, can become a dangerous weapon in the hands of a murderer. All depends on the character of the individual. This principle goes just as well for all the spheres of the occult sciences. In my book I have chosen the term of "magician" for all of my disciples, it being a symbol of the deepest initiation and the highest wisdom. Many of the readers will know, of course, that

the word "tarot" does not mean a game of cards, serving mantical purposes, but a symbolic book of initiation which contains the greatest secrets in a symbolic form. The first tablet of this book introduces the magician representing him as the master of the elements and offering the key to the first Arcanum, the secret of the ineffable name of Tetragrammaton*, the quabbalistic Yod-He-Vau-He. Here we will, therefore, find the gate

to the magician's initiation. The reader will easily realize, how significant and how manifold the application of this tablet is. Not one of the books published up to date does describe the true sense of the first Tarot card so distinctly as I have done in my book. It is - let it be noted - born from the own practice and destined for the practical use of a lot of other people, and all my disciples have found it to be the

best and most serviceable system.
*Tetragrammaton literally means "the four-letter word". It was a subterfuge to avoid the sin of uttering the sacred name YHVH (Yahveh) or Jehova as it later became when the vowels of another word were combined with the consonants of YHVH. But I would never dare to say that my book describes or deals with all the magic or mystic problems.

Per la prima volta nella storia della
letteratura dell'occulto, la quarta carta
dei Tarocchi del grande Ermete
Trismegisto viene svelata e descritta.

Oltre a questo, ci sono degli esercizi di

concentrazione e meditazione sconosciuti. Per di più si fa riferimento alla differenza tra magia e misticismo, così come ai pericoli del sentiero unilaterale. Infine, al completamento di questa quarta carta, troverete una tecnica di congiunzione con il Dio universale, signore della sfera solare. Nella Cabala, questo signore è definito 'Metatron'.
Written in the form of a novel, Frabato is the spiritual autobiography of Franz Bardon. Set in Dresden in the early 1930's it chronicles Frabato's magical battles with the members of a powerful and dangerous black lodge. His escape from Germany during the final desperate days of the Weimar Republic and the beginning of his spiritual mission culminating with his classic books on Hermetic magic. More than an occult

novel, *Frabato the Magician* is itself a work of magic which illuminates Bardon's other books as well as providing a revealing look into the dark occult forces which lay behind the rise of the Third Reich. Threaded throughout the true tale, and written between the lines, are many valuable and practical esoteric lessons.

Seila Orienta wrote this description of
the 4th Tarot Card according to the
system of Franz Bardon. For the first
time in the history of occult literature,
this 4th Tarot Card of the great Hermes
Trismegistos is being described and
revealed. Included are unknown
concentration and meditation exercises.

Furthermore, there is a reference to the difference of magic and mysticism, as well as the dangers of a one-sided path. Ultimately, upon completion of the 4th Tarot Card, there will be a technique of unification with the universal God, who is the master of the sun sphere. In Quabbalah, this master is called 'Metatron'.

Magick is easier and safer than many people believe, and pathworking is a method that takes you to the essence of power. There are many ways of working with demons. The spirits of Goetia can bring knowledge, manipulate reality, produce changes within yourself, or attract conditions and events that you desire. This is widely known. Demons are famed for their speed, dignity, and willingness to

cooperate with you. What is less well known is that incredibly simple pathworking rituals enable you to make easy contact with these demons safely and reliably. Advantages of The Pathworking Method - No difficult words of power to learn or speak. - Nothing to burn, collect, or make. - No sacrifice, reward, or offering is required. - No sigils need to be drawn, and you only need to look at the sigils in this book. - No angels or divine names are used, which makes the magick feel more reliable for some people. - The method automatically creates the correct state of mind and summons elemental energy. - Pathworking can be performed in complete privacy. - The method is extremely safe and easy to learn. You

ask for something, and you get it, without any backlash or payment. You will never have to learn difficult visualisation methods or train in demanding mental techniques. Based on a system of Elemental Imagery, this is a unique way to perform magick. You ask for something, and you get it, without any repercussion or payment. People say you never get something for nothing. Here, you get something because you've performed magick and filled it with your desire. That is enough to get the results you seek, from love and lust, to cursing, influence, illusion, and wealth. This book was born as answer to those impassioned and beginners of cartomancy. They are not few those people that after having studied the

meaning of the major and minor arcanae they don't succeed, in the practice, to give a correct interpretative meaning to the combination of the tarots. This text picks up and illustrates the methods and the games of divination that I have successfully practiced over 20 years of experience. In this book there are 23 illustrated and explained examples of card spreads with my methods, real consultations and they all have been confirmed. This book cannot miss in the personal library of every passionate and/or beginner who wants to learn to interpret the cards, as well as of every experienced that wants to observe new interpretation techniques or to have new reflection points. A complete guide to the theory,

practice, and history of Mazdan magic, the first organized system of magic • Provides a complete curriculum of magical study and initiation centered on exercises keyed to the sacred Zoroastrian calendar • Details advanced magical rituals and practices based on archaic Persian formulas, including fire rituals and divine invocations • Explores the history and lore of Persian magic, explaining how the author reconstructed the original Mazdan system of magic

Stephen Flowers explores the history, theory, practice, rituals, and initiations of the Mazdan magical system practiced by the Magi of ancient Persia, who were so skilled and famed for their effectiveness that their name came to mean what we today call “magic.” The

prestige and reputation of the Magian priests of Mazda is perhaps most iconically recorded in the Christian story of the Three Wise Men who visited newborn Jesus. The author explains how the religious branch of the Mazdan magical system, founded by the Prophet Zarathustra, is known in the West under the name Zoroastrianism. He reveals how the Zoroastrian religion, which acts as a matrix for the symbols and formulas of the original form of magic, has existed for almost four thousand years with roots going back even deeper into the Indo-European past. The author reveals how all other known systems of magic have borrowed from this tradition, providing the clues that enabled him to reformulate the original Mazdan

system. He reviews what the Greeks, Romans, Hebrews, Christians, and Chinese said about the Iranian-Persian tradition of the Mazdans and their invention of a magical technology. He explains how the ultimate aim of the original form of magic was not only individual wisdom, self-development, and empowerment, but also the overall betterment of the world. Outlining the theoretical principles of this method, which can be applied in practical ways to deepen the effectiveness of these magical operations, the author details a complete curriculum of magical study and initiation based on a series of graded exercises keyed to the sacred Zoroastrian calendar. He then offers a series of more advanced magical rituals and practices based on archaic Persian

formulas, including fire rituals and divine invocations. Providing a manual for the original magical system used by the members of the Great Fellowship, this book guides you toward the comprehensive practice of the Mazdan philosophy, the ultimate outcome of which is ushta: Happiness.

In many ways, Arbatel is unique among texts on magic. Unlike the vast

majority of writings, it is clear, concise, and elegantly written. The practical instructions are straightforward and undemanding. When it first appeared in 1575, it attracted the attention of people with a surprisingly broad range of agendas, including some of the finest minds of the time. Often quoted and reprinted, both praised and condemned, its impact on western esoteric philosophy has been called "overwhelming." Arbatel's magic is full of wonder and free from the sinister elements usually associated with texts on the subject. But it is about more than magic; filled with gnomic wisdom, it urges us to help our neighbors, be positive and grateful, and use time wisely. Above all, it teaches us to pay attention, looking for the wondrous and miraculous. In fact, to the author this virtually defines the magus. * Included

are illustrations, bibliography, index, and original Latin text. * First English translation published since in 1655. apresentou um sistema de práticas niveladas por graus para acompanhar o Adepto desde o nível mais simples ao estado mais complexo, contudo tanto as práticas quanto os ensinamentos contidos em seu livro funcionam apenas como ferramentas que apenas na mão de alguém capaz de usá-las corretamente chegam em seu objetivo final. Quantas pessoas já praticaram tão dedicadamente e ainda praticam estas técnicas e estão aqui em daquilo que esperavam alcançar? Quantos anos já dedicados a

este objetivo? Para se executar a Grande Obra uma determinação inabalável é sempre necessária, contudo se continuarem utilizando sempre as mesmas técnicas obterão infelizmente sempre os mesmos resultados, quanto tempo ainda acredita que tem nesta vida para alcançar aquilo que se propôs? Utilizar técnicas aprimoradas da maneira correta e aprimorando-as sempre mais é o que levará ao tão sonhado objetivo e não o temos tempo a perder. Entre os Alquimistas se dizia que a pedra filosofal é como um

tesouro esquecido em um fosso e que quanto mais se tentava pegar mais o fosso se aprofundava e mais ra í zes apareciam entre eles e seu objetivo. Isso é o que exatamente acontece e tem atormentado muitos dos dedicados estudantes de Hermetismo tanto hoje quanto nas eras passadas, e a dura verdade se faz presente pois o caminho que pode ser seguido n ã o leva ao Verdadeiro Caminho por que este é algo que se apresenta por si mesmo de sua pr ó pria forma e com seu Absoluto Poder, inquestion á vel

Autoridade, sendo A Força Forte de Toda Força, lhe ensinar os meios de como chegar neste estado de Benção Suprema aonde o Universo se converge para lheabenção é o objetivo deste livro. Para o Iniciado este mundo em sua totalidade é o seu reino, sua força e benção move tanto os planos celestes, os terrestres e até mesmo os infernais, nada lhe escapa e sua focalização determina o ritmo que sua vida segue no mundo. A força que foi obtida por aqueles que concluíram com êxito os

exercícios descritos no Livro I executando assim a verdadeira Iniciação é algo que nunca os ira abandonar impactando com muita força tanto as suas experiências presentes quanto as passadas e principalmente as futuras. O Iniciado então é agora no mundo um portal para a benção e a força dos poderes superiores. Neste momento cai sobre ele uma importante e necessária decisão, O Caminho para A Grande Obra é único em sua direção mas múltiplo em suas vertentes. Hermetismo é seguir por este caminho

obtendo a uniã o de todos os poderes e equilibrando-os tanto de maneira Passiva Receptiva quanto Ativa Agressiva, a uniã o dos Elementos e o seu Absoluto Controle sobre a tutela da Lei de Manifesta ç ã o da Polaridade é a Realiza ç ã o do Cetro do Poder e a consagra ç ã o plena do Mestrado nesta arte. O Ser humano em seu estado consciente suporta apenas uma í nfima fra ç ã o da Consci ê ncia C ó smica tornando assim imposs í vel que consiga por si só tocar e se unir com os poderes mais

elevados, apenas com a aplicação da Lei de Polaridade em sua vertente mais profunda é que se obtém assim o seu sucesso, tanto o seu Consciente e Perceptível quanto o seu Inconsciente e Imperceptível devem estar direcionados para a obtenção de tão nobre meta. Para a grande maioria dos não Iniciados aquilo que não percebem e que não pode ser tocado ou concebível por eles não faz parte de seu mundo, praticamente para eles é algo que “ não existe ” contudo é

exatamente esta parte
inconcebível e inesperada
que quando se apresenta em
suas vidas lhe assalta de
surpresa e de maneira fatal.
Quando um Poder Superior se
Manifesta no mundo ele só
é perceptível e
compreensível em sua
totalidade para aqueles que
estão em seu mesmo nível,

apenas percebem frações e
os ainda mais inferiores

Grandiosidade da qual vieram,
da Potência de seu
Microcosmo e de sua tão
Sagrada contraparte O
Macrocosmo. O Iniciado já
foi pela obra anterior

Polaridade e assim obter e
fixar a sua própria
reintegração com o fluxo da
Divina Providencia neste
mundo o fortalecendo com
benção e poder, fazendo sua
vida ser zelada por Forças
Superiores e Absolutamente
Sagradas, e agora para
consagrar o seu mestrado ele

precisa se reintegrar com o alicerce deste poder de maneira tão profunda que iram se tornar mais que inseparáveis. Quando veio a este mundo seu Ser no processo de encarnação foi “afastado” dos Sagrados Poderes, Forças e Planos, seu estado vibracional se igualou a esta época e finalmente ao ambiente material, social e emocional, então renasceu, contudo seu Espírito em seu estado sempre imperativo e presente o direcionou novamente pelas experiências de sua vida e pelo amor de seu coração a

se reintegrar e se erguer novamente reconectando aos Sagrados Planos, Forças e Poderes extinguindo assim suas pendências com este mundo e permitindo sua Ascensão, o primeiro passo neste Sagrado Caminho já foi dado no Livro passado com a Verdadeira Iniciação e agora seu Reino deve ser reerguido aqui em sua plenitude para se obter o Mestrado, apenas a partir desta conquista que poderá seguir em frente e obter a Sagrada Realização. The rites, practices, and texts collected by the mysterious UR group for the use of aspiring mages. • Rare Hermetic texts published in English for the first time. • Includes instructions for developing psychic and magical powers. In 1927 Julius Evola and other leading Italian intellectuals formed the mysterious UR group. Their goal: to bring their individual egos into a state of superhuman power and awareness in which they could act "magically" on the

world. Their methods: the practice of ancient Tantric and Buddhist rituals and the study of rare Hermetic texts. So successful were they that rumors spread throughout Italy of the group's power, and Mussolini himself became quite fearful of them. Now for the first time in English Introduction to Magic collects the rites, practices, and knowledge of the UR group for the use of aspiring mages. Included in Introduction to Magic are instructions for creating an etheric double, speaking words of power, using fragrances, interacting

with entities, and creating a "magical chain." Among the arcane texts translated are the Tibetan teachings of the Thunderbolt Diamond Path, the Mithraic mystery cult's "Grand Papyrus of Paris," and the Greco-Egyptian magical text *De Mysteriis*. Anyone who has exhausted the possibilities of the mundane world and is ready to take the steps necessary to purify the soul in the light of knowledge and the fire of dedication will find a number of expert mentors here.

shamanic traditions of tribal cultures worldwide. A fascinating exploration of the Craft's shamanic origins, *The Temple of Shamanic Witchcraft* offers year-and-a-day training in shamanic witchcraft. Penczak's third volume of witchcraft teachings corresponds to the water element - guiding the reader into this realm of emotion, reflection, and healing. The twelve formal lessons cover shamanic cosmologies, journeying, dreamwork, animal/plant/stone medicine, totems, soul retrieval, and psychic surgery. Each lesson includes exercises (using

modern techniques and materials), assignments, and helpful tips. The training ends with a ritual for self-initiation into the art of the shamanic witch - culminating in an act of healing, rebirth, and transformation. COVR Award Winner

“ The most original and probably the most important writer on Magick since Aleister Crowley.”—Robert Anton Wilson, author of the Prometheus Rising and other works Peter Carroll ’ s classic work has been profound influence on the Western magical world and on the practice of chaos magick in

particular. In *Liber Null and Psychonaut*, Carroll presents an approach to the practice of magic that draws on the foundations of shamanism and animism, as well as that found in the Greek magical papyri, the occult works of Eliphas Levi and Aleister Crowley, and the esoteric meditative practices of classical India and China. Also very much at work in the text are 20th century scientific ideas of quantum physics and chaos theory. The result is a profoundly original work of magical studies that also includes a selection of extremely powerful rituals and exercises for committed

occultists with instructions that lead the reader through new concepts and practices to achieve Carroll ' s definition of magic itself: the raising of the whole individual in perfect balance to the power of infinity. This Weiser Classics edition is a thoroughly revised republication of Liber Null and Psychonaut, first published by Weiser in 1987, and includes a new foreword by Ronald Hutton, a leading authority on modern witchcraft and paganism.
