MANUAL OF HOME HEALTH NURSING PROCEDURES provides home health care agencies with a manual of guidelines and standardized nursing procedures performed in the home. This valuable resource includes over 250 procedures, with 45 new in this edition. Packaged with the binder is a CD-ROM containing all procedures, allowing agencies to customize the content to meet their needs. A new Patient Education chapter covers teaching tips and cultural considerations. Providing readers with a robust, practical understanding of how young children build knowledge, this book offers a critical examination of the ways traditional homework fails young children, and how alternatives can better build collaborative engagement with families while supporting learning across all content areas. Grounded in culturally sustaining practices, the first section breaks down the pedagogies that support deep learning, while later chapters emphasize the role of critical and creative thinking, project-based learning, and student choice in the development of engaging, personally relevant home learning experiences. Embracing Alternatives to Homework in Early Childhood is a critical text for anyone seeking to reimagine homework practices as both equitable and agency-building in PreK-3.

Frank Quitely's amazing, finely detailed artwork has been gracing the pages of DC Comics since he began illustrating stories in THE BIG BOOK series, from DC's Paradox Press imprint, in the mid-90's. Quitely quickly earned a name for himself illustrating fellow Scotsman Grant Morrison's FLEX MENTALLO, JLA EARTH 2, as well as Neil Gaiman's SANDMAN: ENDLESS NIGHTS. Graphic Ink: The DC Comics Art of Frank Quitely collects all of Quitely's BIG BOOK stories, his ALL STAR SUPERMAN and BATMAN & ROBIN: REBORN covers and much, much more!

Watching Paint Dry
R & T

John Burbidge has aimed his brush, roller, and spray gun at everything from ritzy mansions to trashy trailers. He's gone underground to paint sewage-treatment plants and risked death to paint factory ceilings. He has no doubt inhaled enough noxious dust and paint fumes to shorten his life. But he's not dead yet. And the captivating characters he has encountered along the way have more than offset the toils of painting for a living. Ex-cons, addicts, drifting college grads, even a guy with a hole in his head—that's your typical paint crew, bonded only by the fact that they're caught in a job society thinks is for simpletons. In Watching Paint Dry, John Burbidge scrapes beneath the surface of painting's reputation for monotony while intimately portraying the men and women who craft the backdrop to our civilization. "Informative, funny, and sometimes heartbreaking. . . this is a book you will want to recommend to everyone you know." —Sharon Barrett, Chicago Sun-Times book critic for 23 years

This sumptuously illustrated volume analyzes artists' representations of angels and demons and heaven and hell from the Judeo-Christian tradition and describes how these artistic portrayals evolved over time. As with other books in the Guide to Imagery series, the goal of this volume is to help contemporary art enthusiasts decode the symbolic meanings in the great masterworks of Western Art. The first chapter traces the development of images of the Creation and the Afterworld from descriptions of them in the Scriptures through their evolution in later literary and philosophical works. The following two chapters examine artists' depictions of the two paths that humans may take, the path of evil or the path of salvation, and the punishments or rewards found on each. A chapter on the Judgment Day and the end of the world explores portrayals of the mysterious worlds between life and death and in the afterlife. Finally, the author looks at images of angelic and demonic beings themselves and how they came to be portrayed with the physical attributes—wings, halos, horns, and cloven hooves—with which we are now so familiar. Thoroughly researched by and expert in the field of iconography, Angels and Demons in Art will delight readers with an interest in art or religious symbolism.

Ben Brooksby is a fifth-generation farmer from St Helens Plains in western Victoria. When he was younger, he struggled with anxiety and other mental health issues, as do so many others in rural communities. A simple social media post helped him to turn things around. After he shared a photo on Instagram showing himself naked in a truck full of lentils, he received a huge response, with other farmers wanting to share their own photos - and their stories. As the Naked Farmer movement grew, Ben met people from all around the country who wanted to get naked for mental health. As they got their kits off, they also opened up about their struggles. This is a heartwarming, moving and candid collection of stories of the challenges our farmers are facing, and the way these communities are banding together in response. Chip Block, the hero of Parts, is back, and still worried about falling apart based on the things he hears. This time he's made a list of all the strange, crazy things he's heard people say: "I lost my head." "My nose is running." "I sang my heart out. . . ." It's scary stuff, but he has a plan for making sure he doesn't accidentally leave any of his parts behind. A hilarious sequel to the wildly popular Parts and More Parts.

Over the past ten years there has been a massive growth in call centres worldwide. These centres are said to represent the most dynamic growth area in white-collar employment internationally since the mid 1990s. Yet the footloose and global nature of the industry means that jobs will always be susceptible to outsourced operations, ICT developments, public sector subsidization of business restructuring and re-location, and cheaper operations elsewhere. This book conducts a thorough analysis of this modern phenomenon.
