“Out-of-the-box PR campaigns” for authors to get their books to legions of readers from “one of the best publicists in the business” (James Rollins, #1

New York Times bestselling author). From the rise of ebooks to the impact of online retail sales to the wide acceptance of self-publishing as a natural path, countless authors are writing books and then wondering what to do with them. Self-published authors need to know how to bring their book to market themselves and reach audiences without a publisher's marketing or publicity department behind them. Even published authors want to supplement the work of in-house publicity managers and develop a direct relationship with everyone from the media to potential fans. As the head of her own independent

PR firm, Kaye Publicity, Dana Kaye has been a driving force behind numerous bestselling authors across all genres, from thriller authors like Gregg Hurwitz and Jamie Freveletti to children's authors like Liz Climo and Claudia Gray, and now she brings her insights to you. Kaye walks writers through all of their options, taking the anxiety out of the pitching process and teaching them how to be their own best promoters. Sharp, intuitive, and user-friendly, Dana Kaye's guide is a must-have for all authors with bestselling aspirations. "There's a reason I didn't hire an outside publicist through my first ten books.

It's because I hadn't yet met Dana. Smart, no-nonsense, creative, and to the point, she's the best in the business.”—Gregg Hurwitz, New York Times bestselling author of Orphan X

In a world quickly becoming more virtual, human relations skills are being lost -- along with the skill of leadership. There is a vacuum of leadership in many of our major institutions: government, education, business, religion, the arts. This crisis has arisen in part because many of those institutions have been reinvented with the technological revolution we are experiencing. Scientific progress in general, and technological progress in particular, has been seen as a

solution to many of our problems, and technology can distribute the answers to those problems far more quickly and efficiently across the globe. But in the midst of this technological boom, people are becoming isolated from each other. What's needed is a new type of leader -- one who can inspire and motivate others in the new virtual world while never losing sight of the timeless leadership principles. In this book, readers can learn all the secrets of leadership mastery:

- * Respond effectively when under crisis using proven techniques for thinking clearly and reducing anxiety under pressure.

A valuable tool that stands next to the classic *How to Win Friends and Influence People*, *Leadership Mastery* offers a proven formula

Nineteen-year-old Nayeli works at a taco shop in her Mexican village and dreams about her father, who journeyed to the US when she was young. Recently, it has dawned on her that he isn't the only man who has left town. In fact, there are almost no men in the village--they've all gone north. While watching *The Magnificent Seven*, Nayeli decides to go north herself and

recruit seven men--her own "Siete Magníficos"--to repopulate her hometown and protect it from the bandidos who plan on taking it over. Filled with unforgettable characters and prose as radiant as the Sinaloan sun, *Into the Beautiful North* is the story of an irresistible young woman's quest to find herself on both sides of the fence. Now back in print, Mrs. Caliban is "totally unforgettable" (The New York Times Book Review) and "something of a miracle" (The New Yorker) In the quiet suburbs, while Dorothy is doing chores and waiting for her husband to come home from work, not in the least anticipating romance, she hears a strange radio announcement about a

monster who has just escaped from the Institute for Oceanographic Research... Reviewers have compared Rachel Ingalls's Mrs. Caliban to King Kong, Edgar Allan Poe's stories, the films of David Lynch, Beauty and the Beast, The Wizard of Oz, E.T., Richard Yates's domestic realism, B-horror movies, and the fairy tales of Angela Carter—how such a short novel could contain all of these disparate elements is a testament to its startling and singular charm.

We all know someday we wouldn't be here anymore. Not necessarily dying but we won't be where we are forever. We will move on someday. We might leave our positions

for someone to occupy. We might even take the final bow out of life. When that day comes, most of us wouldn't like to go like the flicker--without a trace. We would like to leave behind something that says "we were here." We would like to be remembered and somehow, we all would like to be missed. In *Unforgettable*, Nesta Jojoe Erskine walks you through the subtle art of leaving a trace on the grounds that you walk. Drawing on the amazing life stories and lessons of people who have been able to leave their mark, Nesta exposes the forgotten little things in life one has to do to leave a mark on the hearts of people they have dealings with. In the end, you'll realize that you don't

have to be Dr. Kwame Nkrumah or Mother Teresa or Martin Luther King Jr. before you can leave a mark. Your life, however brief it may be, if it's lived well, you too can leave your mark and be Unforgettable.

The goal of *How To Stop Worrying And Start Living* is to lead the reader to a more enjoyable and fulfilling life, helping them to become more aware of, not only themselves, but others around them. Carnegie tries to address the everyday nuances of living, in order to get the reader to focus on the more important aspects of life.

Dale Carnegie (1888–1955) was an American writer and lecturer and the developer of famous

courses in self-improvement, salesmanship, corporate training, public speaking, and interpersonal skills. Born into poverty on a farm in Missouri, he was the author of *How to Win Friends and Influence People* (1936), a massive bestseller that remains popular today. He also wrote *How to Stop Worrying and Start Living* (1948), *Lincoln the Unknown* (1932), and several other books.

chooses unknown magazine reporter Monique Grant for the job, no one in the journalism community is more astounded than Monique herself. Why her? Why now? Monique is not exactly on top of the world. Her husband, David, has left her, and her career has stagnated. Regardless of why Evelyn has chosen her to write her biography, Monique is determined to use this opportunity to jumpstart her career. Summoned to Evelyn 's Upper East Side apartment, Monique listens as Evelyn unfurls her story: from making her way to Los

Angeles in the 1950s to her decision to leave show business in the late 80s, and, of course, the seven husbands along the way. As Evelyn ' s life unfolds—revealing a ruthless ambition, an unexpected friendship, and a great forbidden love—Monique begins to feel a very a real connection to the actress. But as Evelyn ' s story catches up with the present, it becomes clear that her life intersects with Monique ' s own in tragic and irreversible ways. Written with Reid ' s signature talent for “ creating complex, likable characters ” (Real Simple), this

is a fascinating journey through the splendor of Old Hollywood into the harsh realities of the present day as two women struggle with what it means—and what it takes—to face the truth. Combining the emotional depth of *The Art of Racing in the Rain* with the magical spirit of *The Life of Pi*, *Lily and the Octopus* is an epic adventure of the heart. When you sit down with *Lily and the Octopus*, you will be taken on an unforgettable ride. The magic of this novel is in the read, and we don't want to spoil it by giving away too many details. We can tell you that this

is a story about that special someone: the one you trust, the one you can't live without. For Ted Flask, that someone special is his aging companion Lily, who happens to be a dog. Lily and the Octopus reminds us how it feels to love fiercely, how difficult it can be to let go, and how the fight for those we love is the greatest fight of all. Remember the last book you told someone they had to read? Lily and the Octopus is the next one.

Then everything changes when Gil and Margie arrive. Although they aren 't exactly perfect themselves—Gil has the punniest sense of humor and Margie 's cooking would have

No matter what Logan could have imagined, nothing prepared him for the truth: His PP's are actually superheroes, and they're being hunted down by dastardly forces. THIS IS A BOOK ABOUT SELF-SABOTAGE. Why we do it, when we do it, and how to stop doing it-for good. Coexisting but conflicting needs create self-sabotaging behaviors. This is why we resist efforts to change, often until they feel completely futile. But

by extracting crucial insight from our most damaging habits, building emotional intelligence by better understanding our brains and bodies, releasing past experiences at a cellular level, and learning to act as our highest potential future selves, we can step out of our own way and into our potential. For centuries, the mountain has been used as a metaphor for the big challenges we face, especially ones that seem impossible to overcome. To scale our mountains, we actually have to do the deep internal work of excavating trauma, building resilience, and adjusting how we show up for the climb. In the end, it is not the mountain we master, but ourselves.

Amoral, cunning, ruthless, and instructive, this multi-million-

copy New York Times bestseller is the definitive manual for anyone interested in gaining, observing, or defending against ultimate control – from the author of *The Laws of Human Nature*. In the book that *People* magazine proclaimed “beguiling” and “fascinating,” Robert Greene and Joost Elffers have distilled three thousand years of the history of power into 48 essential laws by drawing from the philosophies of Machiavelli, Sun Tzu, and Carl Von Clausewitz and also from the lives of figures ranging from Henry Kissinger to P.T. Barnum. Some laws teach the need for prudence (“ Law 1: Never Outshine the Master ”), others teach the value of confidence (“ Law 28: Enter Action with Boldness ”), and many recommend absolute self-preservation (“ Law 15: Crush Your

Enemy Totally ”). Every law, though, has one thing in common: an interest in total domination. In a bold and arresting two-color package, *The 48 Laws of Power* is ideal whether your aim is conquest, self-defense, or simply to understand the rules of the game.

Michael Bennett is a Super Bowl Champion, a three-time Pro Bowl defensive end, a fearless activist, a feminist, a grassroots philanthropist,

an organizer, and a change maker. He's also one of the most scathingly humorous athletes on the planet, and he wants to make you uncomfortable. Bennett adds his unmistakable voice to discussions of racism and police violence, Black athletes and their relationship to powerful institutions like the NCAA and the NFL, the role of protest in history, and the responsibilities of athletes as role models to speak out against injustice. Following in the footsteps of activist-athletes from Muhammad Ali to Colin Kaepernick, Bennett demonstrates his outspoken leadership both on and off the field. Written with award-winning sportswriter and author Dave Zirin, *Things that Make White People Uncomfortable* is a sports book for our turbulent times, a memoir, and a manifesto as hilarious and engaging as it is illuminating. Spiritual writer and founder of Rising Woman, Sheleana Aiyana takes you on a transformational inner-work journey to heal life-long

relationship patterns and reclaim power over your life. Romantic relationships have the ability to infuse our lives with the magic of intimacy and connection. But for many of us, that magic is fleeting—over and over, our relationships don't last, or if they do, they fail to make us happy. We find ourselves chasing unavailable love, sublimating our needs in service to others, or trying to save our partners from themselves, all the while abandoning the one who needs us most—ourselves. If you find yourself struggling to let go after a relationship ends, or you keep hitting the same wall in dating and relationships with emotionally unavailable people, this is not a sign that you are broken. It is a sign that somewhere along the way, you learned to sacrifice yourself in order to be loved. In *Becoming the One*, spiritual leader and visionary founder of the Rising Woman community Sheleana Aiyana offers a roadmap for transforming your

relationship patterns to end the cycle of self-abandonment and move into the light of self-discovery. You'll learn to:

- build a secure, loving relationship with yourself.
- connect with your inner child.
- challenge your core beliefs about love.
- set self-affirming boundaries.
- discover and celebrate your true desires.
- recognize red and green flags.

Sheleana's revolutionary lessons, based on wisdom from the traumas of her past and years of guiding thousands of women around the world in her internationally acclaimed "Becoming the One" program of spiritual and therapeutic healing practices, teach you to embody the qualities you are seeking in others so that you can become "the one" for yourself. You'll learn how to trust your body, make peace with your past, and clear the path for healthy, conscious love—one that returns the authority to you to choose how to live and whom to love. The desire for love is wired into the very fibers of our being, but

before you can create rewarding bonds with others, first you must stand wholeheartedly in self-acceptance. Becoming the One is an invitation to find your way home to yourself.
