Chapter 20 - Standard
Practices

We also inform the library when a book is out of print and propose an antiquarian ... A team of qualified staff provide an efficient and personal customer

service.**Manual Ata 70**

ATA 100 contains the reference to the ATA numbering system which is a common referencing standard for commercial

aircraft documentation. This commonality permits greater ease of learning and understanding for pilots, aircraft maintenance technicians, and engineers alike. The standard numbering system was published by the Air Transport Association on June 1, 1956.
