MATHEMATICS YEAR 3 - SlideShare

At the primary level, this curriculum is organized into four learning domains in mathematics: Numbers, Measurement, Shape and Space, and Statistics. 3 For each domain, the learning outcomes are arranged progressively, giving teachers a framework for planning lessons according to student ability. Both the primary and secondary mathematics curricula emphasize the integration of mathematical processes, i.e., problem solving, reasoning, communication, connections, and representations.

The Mathematics Curriculum in Primary and Lower Secondary ...

Primary education in Malaysia covers a total period of six years. It is aimed to provide a good foundation for pupils to be proficient in reading, writing and arithmetic (3R 's). In 2011 the Ministry of Education revised the primary curriculum and introduced the Primary School Standard Curriculum/KSSR in stages.
