Fisherbrand Maxima C Plus Vacuum Pumps: M2C M8C; Free air ...

The Fisher Scientific M2C Maxima C Plus is a durable vacuum pump with a superior vapor handling capability. The Fisher Scientific M2C Maxima C Plus dual stage rotary vane mechanical vacuum pump offers an excellent ultimate pressure of 1×10^{-4} Torr.

Ideal Vacuum | Rebuilt Vacuum Pumps, Fisher Scientific, C ...

115/208-230 V, 6.8/3.4-8.0/4.0 amps, 60/50 Hz, single phase. Maxima C Plus direct-drive pumps are designed for use with lab equipment such as freeze dryers, vacuum ovens and centrifugal concentrators. All components in the interior pump module are finished in black oxide to minimize the fusing often caused by corrosion.

The easy to install, rugged 0523 allows for higher vacuum levels and provides better internal corrosion protection and longer life. Their internal sound suppression results in lower operating noise levels, which makes them well suited for noise sensitive environments like medical, dental and laboratory applications.
