

Me And Mr Booker

Shortlisted for the Miles Franklin Literary Award, 2014. A heartbreaking story of love and loss set against the backdrop of a Japanese internment camp in Victoria during WW2. Arthur Wheeler is haunted by his infatuation with a Japanese youth he encountered in the enemy alien camp where he worked as a guard during WW2. Abandoning his wife and baby son, Arthur sets out on a doomed mission to rescue his lover from forced deportation back to Japan, a country in ruins. Thus begins the secret history of a soldier at war with his own sexuality and dangerously at odds with the racism that underpins the crumbling British Empire. Four decades later Arthur is still obsessed with the traumatic events of his youth. He proposes a last reunion with his lost lover, in the hope of laying his ghosts to rest, but this mission too seems doomed to failure. Like Merry Christmas Mr Lawrence and Snow Falling On Cedars, My Beautiful Enemy explores questions of desire and redemption against the background of a savage racial war. In this context, Arthur's private battles against his own nature, and against the conventions of his time, can only end in heartache. Cory Taylor is an award-winning screenwriter who has also published short fiction and children's books. Her first novel, Me and Mr Booker, won the Commonwealth Writers Prize (Pacific Region). She lives in Brisbane. 'Taylor has crafted her novel superbly. The pace is measured, and the restraint, particularly in the later stages of the book, lends My Beautiful Enemy its emotional punch...A moving and accomplished novel that explores fascinating untold lives from our past.' Sydney Morning Herald/Age/Canberra Times 'Black humour is cunningly tangled with moments of sheer emotional devastation; Taylor crafts sentences of such sharpness and insight that I was forced to pause at moments to bask in the prose. My Beautiful Enemy is a heartfelt and beautifully written novel about love and war for readers of exquisitely crafted literary fiction.' Australian Bookseller and Publisher 'An almost unbearably beautiful story about longing and secret lives in which grief and joy turn out to be much the same thing.' Robert Dessaix 'Longing, desire, fear, confusion and self-delusion are all expressed with finesse and subtlety in a distinctive, memorable voice and assured, elegant prose.' Caroline Baum, Booktopia 'This is a beautifully told story of love, longing and the war within.' The Hoopla 'Reminiscent of a Kazuo Ishiguro novel...a love story that is tender and original.' Readings Monthly Integrating both Maori myth and New Zealand reality, The Bone People became the most successful novel in New Zealand publishing history when it appeared in 1984. Set on the South Island beaches of New Zealand, a harsh environment, the novel chronicles the complicated relationships between three emotional outcasts of

mixed European and Maori heritage. Kerewin Holmes is a painter and a loner, convinced that "to care for anything is to invite disaster." Her isolation is disrupted one day when a six-year-old mute boy, Simon, breaks into her house. The sole survivor of a mysterious shipwreck, Simon has been adopted by a widower Maori factory worker, Joe Gillayley, who is both tender and horribly brutal toward the boy. Through shifting points of view, the novel reveals each character's thoughts and feelings as they struggle with the desire to connect and the fear of attachment. Compared to the works of James Joyce in its use of indigenous language and portrayal of consciousness, *The Bone People* captures the soul of New Zealand. After twenty years, it continues to astonish and enrich readers around the world.

From the Booker Prize-winning author of *The Remains of the Day* and *When We Were Orphans*, comes an unforgettable edge-of-your-seat mystery that is at once heartbreakingly tender and morally courageous about what it means to be human. Hailsham seems like a pleasant English boarding school, far from the influences of the city. Its students are well tended and supported, trained in art and literature, and become just the sort of people the world wants them to be. But, curiously, they are taught nothing of the outside world and are allowed little contact with it. Within the grounds of Hailsham, Kathy grows from schoolgirl to young woman, but it 's only when she and her friends Ruth and Tommy leave the safe grounds of the school (as they always knew they would) that they realize the full truth of what Hailsham is. *Never Let Me Go* breaks through the boundaries of the literary novel. It is a gripping mystery, a beautiful love story, and also a scathing critique of human arrogance and a moral examination of how we treat the vulnerable and different in our society. In exploring the themes of memory and the impact of the past, Ishiguro takes on the idea of a possible future to create his most moving and powerful book to date.

BOOKER PRIZE WINNER • From the winner of the Nobel Prize in Literature, here is “ an intricate and dazzling novel ” (The New York Times) about the perfect butler and his fading, insular world in post-World War II England. This is Kazuo Ishiguro's profoundly compelling portrait of a butler named Stevens. Stevens, at the end of three decades of service at Darlington Hall, spending a day on a country drive, embarks as well on a

journey through the past in an effort to reassure himself that he has served humanity by serving the "great gentleman," Lord Darlington. But lurking in his memory are doubts about the true nature of Lord Darlington's "greatness," and much graver doubts about the nature of his own life.

A story about feeling old when you're young and acting young when you're not, *Me and Mr Booker* is a darkly comic tale of lust and deceit, and the power of love to derail your life. Looking back, Martha could 've said no when Mr Booker first tried to kiss her. That would 've been the sensible thing to do. But Martha is sixteen, she lives in a small dull town—a cemetery with lights—her father is mad, her home is stifling, and she 's waiting for the rest of her life to begin. Of course Martha would kiss the charming Englishman who brightened her world with style, adventure, whiskey, cigarettes and sex. But Martha didn 't count on the consequences. *Me and Mr Booker* is a story about feeling old when you 're young and acting young when you 're not.

Winner of the Man Booker Prize A luminous novel about love, loss, and the unpredictable power of memory. In this "extraordinary meditation on mortality, grief, death, childhood and memory" (USA Today), John Banville introduces us to Max Morden, a middle-aged Irishman who has gone back to the seaside town where he spent his summer holidays as a child to cope with the recent loss of his wife. It is also a return to the place where he met the Graces, the well-heeled family with whom he experienced the strange suddenness of both love and death for the first time. What Max comes to understand about the past, and about its indelible effects on him, is at the center of this elegiac, gorgeously written novel — among the finest we have had from this masterful writer.

Planning to drop out of high school to pursue a music career, Tory Tyson hopes to make a name for himself by winning a music contest and wonders if he will be able to handle the fame and fortune he seeks. Original.

"Bracing and beautiful . . . Every human should read it." —The New York Times A New York Times Book Review Editors' Choice At the age of sixty, Cory Taylor is dying of melanoma-related brain cancer. Her illness is no longer treatable: she now weighs less than her neighbor's retriever. As her body weakens, she describes the experience—the vulnerability and strength, the courage and humility, the anger and acceptance—of knowing she will soon die. Written in the space of a few weeks, in a tremendous creative surge, this powerful and beautiful memoir is a clear-eyed account of what dying teaches: Taylor describes the tangle of her feelings, remembers the lives and deaths of her parents, and examines why she would like to be able to choose the circumstances of her death. Taylor's last words offer a vocabulary for readers to speak about the most difficult thing any of us will face. And while

Dying: A Memoir is a deeply affecting meditation on death, it is also a funny and wise tribute to life.

Sloughville was the place where just one man has control. It was a modern-day Xanadu, with a playground of exclusive clubs, pretty girls, and handsome men. Not to mention police and officials with expensive tastes on the take. Enter Susan Dax, a mysterious woman who has lethal fighting skills and a secret. She flies into the city after receiving a message from a friend requesting her help. Susan Dax had no idea how fast until she arrives in Sloughville and finds her friend dead. Suddenly, it seemed that everyone wanted her out of town immediately. The police made it obvious that an influential millionaire made it crystal clear and so did his glamorous wife and his son, each threatening to make her stay very unpleasant if she didn't heed their advice. However, somewhere in Sloughville, a murderer was having themselves a holiday. Susan Dax meant to find that person sitting on easy street, including the mysterious person who was the last person to see her friend alive. Because there was one thing the citizens of Sloughville were unaware, Susan Dax was dangerous in her own way.

I know what Mr Booker would say on the topic of experience. He would say what you lose on the swings you gain on the roundabouts. Martha could have said no when Mr Booker tried to kiss her. But Martha is sixteen, she lives in a dull town, her father is mad, her home is stifling. Of course she would kiss the charming Englishman who brightened her world with whiskey and cigarettes, adventure and sex—whatever the consequences. West Australian 'Me and Mr Booker is sharply observed and blackly comic, but it is also a tender depiction of love, sex, power and one girl's heartbreaking step into adulthood.' Australian Bookseller + Publisher 'Cory Taylor's Me and Mr Booker has the heart of Lolita and the soul of Catcher In The Rye, this is one of the most assured debut novels I have ever read. The long-awaited memoir of Booker T. Jones, leader of the famed Stax Records house band, architect of the Memphis soul sound, and one of the most legendary figures in music. From Booker T. Jones's earliest years in segregated Memphis, music was the driving force in his life. While he worked paper routes and played gigs in local nightclubs to pay for lessons and support his family, Jones, on the side, was also recording sessions in what became the famous Stax Studios-all while still in high school. Not long after, he would form the genre-defining group Booker T. and the MGs, whose recordings went on to sell millions of copies, win a place in Rolling Stone's list of top 500 songs of all time, and help forge collaborations with some of the era's most influential artists, including Otis Redding, Wilson Pickett, and Sam & Dave. Nearly five decades later, Jones's influence continues to help define the music industry, but only now is he ready to tell his remarkable life story. Time is Tight is the deeply moving account of how Jones balanced the brutality of the segregationist South with the loving support of his family and community, all while transforming a burgeoning studio into a musical mecca. Culminating with a definitive account into the inner workings of the Stax label, as well as a fascinating portrait of working with many of the era's most legendary performers-Bob Dylan, Willie Nelson, and Tom Jones, among them-this extraordinary memoir promises to become a landmark moment in the history of Southern Soul.

Mr. Booker is a good-natured high school history teacher whos planning on taking a summer trip to England, but on the morning of his planned departure, hes abducted and taken aboard an alien spaceship that is secretly orbiting planet Earth. The aliens have been observing human beings for years, trying to

decide what they should do with our species. They have many probing questions for Mr. Booker, and he does his best to answer them intelligently. But are his answers really satisfactory, and what do the aliens think? And even more importantly, what do you think? This is not your typical alien abduction story, so hold onto your hat and try to keep an open mind!

Kentucky State Representative Charles Booker tells the improbable story of his journey from one of the poorest neighborhoods in the country to a political career forging new alliances among forgotten communities across the New South and beyond. “ Charles Booker is a rising leader in our nation, and an inspiration to me and all those who get to know his story and vision. ” —Senator Cory Booker Charles Booker grew up in one of the poorest neighborhoods in Kentucky, living in the largely segregated West End of Louisville. Faith and love were everything in his family, but material comforts were scarce. The electricity was sometimes shut off. His mother often went hungry so her son could eat. Even after he graduated from law school, Booker rationed the insulin he took for diabetes. Determined to build a world in which poverty and racism would not plague future generations, he charted his own course into Kentucky politics, a world dominated by the myth of an urban-rural divide, and controlled by the formidable Republican establishment. In this stirring account, Booker unfolds his journey from the heart of Louisville to the deepest reaches of Kentucky ' s rural landscapes, reflecting the journey America itself must make on the way to a progressive future. Robbed of multiple family members by gun violence, Booker found the roots of a system built to fail him and his neighbors in everything from the hypocrisy of elected officials to the structural racism embedded in the state ' s budget. Yet it wasn ' t until his unlikely appointment to the Department of Fish and Wildlife Resources that he understood the transformative power of the issues that bound his family with those in rural Appalachia. In coal country, he met citizens who, like those in the West End, suffered from extreme isolation, for whom fresh food and economic stability were scarce, who lacked the resources to overcome their cynicism about change. Through his work as the youngest Black state legislator in Kentucky, Booker built an unprecedented alliance between the hood and the holler. This coalition was the basis for a thrilling grassroots Senate campaign that nearly stunned the nation, putting Senators Mitch McConnell and Rand Paul on notice that the days of business as usual were over. From the Hood to the Holler is both a moving coming-of-age story and an urgent political intervention—a much-needed blueprint for how equity and racial justice might transcend partisan divisions in Kentucky, throughout the South, and across America. Saylor Christy knew chances were slim to none that any of her silly little daydreams would ever actually come true, especially any daydreams involving Mr. Booker. Yet, working as a candy stripper at Rawlings Rehab, Saylor couldn't help but dream of belonging to Mr. Booker. And Mr. Booker stole her heart, perhaps unintentionally, but with very little effort.

represent the authentic and unfiltered beginning journey of courtship with Love over the course of 40 days.
