Timothy Philpot

This is especially true of the mechanics of materials, one of the most challenging subjects you'll need to master along the way to your engineering degree. In *Mechanics of Materials: An Integrated Learning System*, Timothy A. Philpot uses his award-winning MecMovies software to help you clearly visualize and understand mechanics phenomena thoroughly and easily.

Amazon.com: Mechanics of Materials: An Integrated Learning

...

*Mechanics of Materials* by Philpot is a great text because it explains all of the material very well, it provides a healthy host of example problems, and connects concepts with visual aids to help a students see what is happening rather than trying only to quantify it with numbers.

Amazon.com: Mechanics of Materials: An Integrated Learning
