Print Head is used for Mimaki JV33 printers. It is a new generation print head that allows fast speed, high resolution printing with ecosolvent or mild solvent inks. This is Mimaki original print head with the head ID but without the head memory board.

Inkjet Printer JV33 Series Requests for Daily Care and Maintenance

Inkjet printer is a precision machine equipped with extremely fine mechanisms. Especially, the nozzle surface of the heads from which the ink is discharged is affected even by a slightest attachment of dust or paper powder and the proper drawing results could not be obtained. With a view to using this inkjet printer in a better ...
