

# Mosaic 1 Reading Silver Edition

It is AD 186, and Britain is the northernmost province of the hugely successful Roman Empire. In Glevum (modern Gloucester), Libertus, a freedman and pavement-maker, lives under the patronage of Marcus Septimus. When a body is found in the furnace room of a nearby villa, and identified as that of Crassus Germanicus, a retired centurion, Marcus asks for Libertus's help. A slave is missing and the solution to the mystery seems obvious. But Libertus soon discovers that Germanicus has many enemies, and he must use his mosaicist's skill to put together the pieces of a most deadly puzzle.

Incorporates interactive and communicative activities, focusing on skill building to prepare students for academic content. This book includes Global activities, which are suitable for ESL/ELT monolingual or multilingual classrooms; and design, content, audio programs, photos, and illustrations to reinforce skill-building exercises.

This high beginning to low intermediate level Reading student book is accompanied by a key code for e-course access. Starting in Krakow, Poland in 1890, and spanning more than one hundred years, five generations, and four continents, Mosaic is Diane Armstrong's moving account of her remarkable, resilient family. This story begins when Daniel Baldinger divorces the wife he loves because she cannot bear children. Believing that "a man must have sons to say Kaddish for him when he dies," he marries a much younger woman, and by 1913, Daniel and his second wife Lieba have eleven children, including six sons. In this richly textured portrait, Armstrong follows the Baldinger children's lives over decades, through the terrifying years of the Holocaust, to the present. Based on oral histories and the diaries of more than a dozen men and women, Mosaic is an extraordinary story of a family and one woman's journey to reclaim her heritage.
