This little book is a compilation of more than sixty of the greatest quotes from the pen of David Brainerd, drawn from his book, "The Life and Diary of David Brainerd." Brainerd (1718-1747) was an American missionary to the Native Americans who had a particularly fruitful ministry among the Delaware Indians of New Jersey. During his short life he was beset by many difficulties. As a result, his biography has become a source of inspiration and encouragement to many Christians, including missionaries such as William Carey and Jim Elliot, and Brainerd's cousin, the Second Great Awakening evangelist James Brainerd Taylor (1801-1829). Clyde Kilby summarised Brainerd's influence as being based on the fact that, 'in our timidity and our shoddy opportunism we are always stirred when a man appears on the horizon willing to stake his all on a conviction'. From the eighteenth century, missionaries also found inspiration and encouragement from the biography. Gideon Hawley wrote in the midst of struggles: 'I need, greatly need, something more than humane [human or natural] to support me. I read my Bible and Mr. Brainerd's Life, the only books I brought with me, and from them have a little support.' Other missionaries who have asserted the influence of Jonathan Edwards's biography of Brainerd on their lives include Henry Martyn, William Carey, Jim Elliot, and Adoniram Judson.

Bedbound in her attic room beneath the falling rain, in the margin between this world and the next, Plain Ruth Swain is in search of her father, Virgil. To find him, enfolded in the mystery of ancestors, Ruthie must first trace the jutting jaw lines, narrow faces, and gleamy skin of the Swains from the restless Reverend Swain, her great-grandfather, to her grandfather Abraham, and finally to Virgil, through wild, rain-sodden history, exploits in pole-vauling and salmon-fishing, poetry, and the 3,958 books piled high beneath the skylights in her room. Her funny, meandering narrative sings, moves, and irrevocably inspires.

A must-read for music lovers and musicians alike, "Autobiography of a Jazz Trumpeter" is the story of Tracey D. Hooker and his journey from the innocence of his boyhood home in rural Vermont to becoming a Grammy Award winning trumpeter, music teacher and bandleader. Travel with him around the world during his 22-year career as a trumpeter with the U.S. Navy Music Program experiencing adventure, camaraderie, friendships and insights that develop as a part of the triumphs and failures in his life. Become part of "the gig" when, as Hooker describes it, "At some point in the evening the process of reciprocity begins to develop. Shared energy between the audience and the performers becomes evident. Your lover, your companion, your mistress is the music you've dedicated your life to. With the etudes, scales, the countless hours of practice, you can finally express your emancipated soul in total freedom." Music is transformative and Hooker describes from the inside out how one unknown trumpeter found healing through a life as a jazz musician.

An Autobiography

Rain in the Mountains brings together some of Ruskin Bond’s most beautiful works from his years spent in the foothills of the Himalayas in the town of Mussoorie. Through vivid images and lucid writing, Bond evokes the everyday sights and sounds, and captures the essence of mountain life. The musings on his natural habitat, in both prose and poetry, offer a view of that simple and affable world. Some of his writings featured in the book are ‘Once Upon a Mountain Time’, ‘Sounds I Like to Hear’, ‘How Far Is the River’ and ‘After the Monsoon’. Rain in the Mountains will transport the reader into the quiet world of the mountains, lit with an eternal charm.

John Denver chronicles the experiences that shaped his life, while unraveling the rich, inner journey of a shy Midwesterner boy whose uneasy partnership with fame has been one of the defining forces of his first fifty years.

"I'm looking out from inside the chaos. It must be a one-way mirror because no one seems to be able to see back inside to where I am. The looks on their faces, the judgment in their eyes, tells me everything I need to know. The most frustrating part about the whole messed up situation is that even though I'm the one that they stare at in shock, I am just as shocked as they are. I know no more than they do of why I lose control. What they don't know is that I am more scared of myself than they could ever be." ~ Tally BakerAfter a devastating turn of events, seventeen year old Tally Baker is admitted to Mercy Psychiatric Facility where she is diagnosed with Bipolar Disorder. She has come to a place where she honestly believes that her life is over. Her mind tells her that she will never smile or laugh again, that she will never be normal again. It is in this unlikely place that she meets two people, different in every way, yet both critical to helping her realize that she has so much more living to do. Candy, a cantankerous sixty year old Mercy Psychiatric patient, is hell bent on driving everyone as crazy as she is. Candy shows Tally that, regardless of her diagnosis, the ability to push on and live her life to the fullest is her choice and hers alone. In the midst of Tally's oftentimes humorous, sometimes heart-wrenching, escapades with Candy, a new patient is admitted to Mercy—a native American woman named Lolotea. Along with this new patient comes a daily visitor, her son, Trey Swift. At first glance, it is obvious to Tally that he is incredibly handsome and unbelievably caring. But what she learns through her second glance, and many thereafter, is that there is much more to Trey than he ever lets on. It is during these daily visits that Trey and Tally build a friendship far deeper than either of them truly realize. With Trey, Tally feels for the first time since being admitted that someone is looking at her as a person and not as a disease. They begin to make it clear that he wants more than friendship, but she knows that she can never give him more. How can she, when she won't even give him the truth? Tally doesn't tell Trey that she is a patient at Mercy, and she doesn't ever plan to. Her plans go up in flames when she finds out that Trey is a new student at her school, the school where her brokenness was found out in the floor of the girl's bathroom in a pool of her own blood.

"He Walks with Dragons" takes place when what was, what is, and what shall be were one in the same. Draig, a boy on the verge of his manhood, is summoned to the majestic mountain by the Great Ones. There he finds out he is about to transcend the ages and risk his life to prevent the destruction of mankind. Born into the naïve innocence of ancient man, Draig lives a simple pastoral existence in a quiet, small village. But one day he is flung on a magical journey into a forbidden new world. There, Draconos, a dragon, befriends the boy, training him in the art of warfare. From this day forward, the young boy finds himself in awe at the wonders the world holds for him. Not only has Draig become a man, but he is living like a dragon and learning their mystical powers. "From the time Man first crawled upon this earth...we found him worthy to take his rightful place among the creatures that walk upon the earth. While hiding in the shadows, we have protected him. We have nurtured him all these many ages. But now man grows in great numbers and makes war on everything he sees." And when the time comes, will Draig be willing to lay down his life for the sake of saving the dragons? And when the dragons are gone, where will he go? He is no longer just a man.

Michael Dante played the title role in Winterhawk (1975), a Western about a legendary Blackfoot Chief's character and his principles. In this novella sequel, he pens an ageless saga about ruthless railroad executives trying to assassinate him in order to build their railroad directly through his territory, taking the Blackfoot land without provocation. Winterhawk and his tribe remain strong as long as they can, to protect the land of their people, the land they call home, before the invasion of progress imposes itself on America. This inspiring story of a brave man, who stands up to and fight against those who have their own agenda for his land, evokes the nostalgic atmosphere of Western series that Dante frequently appeared in during American television's Golden Era, such as Death Valley Days, The Big Valley, Daniel Boone, Custer, The Texan, Bonanza, Maverick, and Cheyenne.

The Way to Rainy Mountain recalls the journey of Tai-me, the sacred Sun Dance doll, and of Tai-me's people in three unique voices: the legendary, the historical, and the contemporary. It is also the personal journey of N. Scott Momaday, who on a pilgrimage to the grave of his Kiowa grandmother traversed the same route taken by his forebears and in so doing confronted his Kiowa heritage. It is an evocation of three things in particular: a landscape that is incomparable, a time that is gone forever, and the human spirit, which endures. Celebrating fifty years since its 1969 release, this new edition offers a moving new preface and invites a new generation of readers to explore the Kiowa myths, legends, and history with Pulitzer Prize-winning author N. Scott Momaday.

"On Mount Hood is a contemporary, first-person narrative biography of Oregon's greatest mountain, featuring stories full of adventure and tragedy, history and geology, people and places, trivia and lore. The mountain itself helps create the notorious Oregon rains and deep alpine snows, and paved the way for snowboarding in the mid 1980s. Its forests provide some of the purest drinking water in the world, and its snowy peak captures the attention of the nation almost every time it wreaks fatal havoc on climbers seeking the summit. On Mount Hood builds a compelling story of a legendary mountain and its impact on the people who live in its shadow, and includes interviews with a forest activist, a volcanologist, and a para-rescue jumper. Jon Bell has been writing from his home base in Oregon since the late 1990s. His work has appeared in Backpacker, The Oregonian, The Rowing News, Oregon Coast, and many other publications. He lives in Lake Oswego, OR."

This book details the accounts of three expeditions into the interior of Virachey National Park in Ratanakin Province of Northeastern Cambodia, as well as an excursion into the forests of Mondulikin Province. The author and his Khmer-Lao and indigenous guides penetrate the remote canyons near the Laos border, a lost world of tropical jungles and remote grasslands that are known only to a handful of poachers and loggers. This book also describes the animist tribes who live on the park's periphery, including the Brao, Kreung, Tampuan and Bunong highlanders. This work of non-fiction is also concerned with the endangered wildlife that persists within the park's boundaries, such as tigers, clouded leopards, gibbons, Asian elephants, gibbons, douc langurs, hornbills, and much more. For those interested in the natural history and indigenous cultures of Cambodia and Southeast Asia--as well as the current threats to the region--this book will be of interest.

All fiction is character-driven, according to William Bernhard. How can you use characters to create dynamic fiction that will captivate readers? This book explains the relationship between character and plot, and how the perfect melding of the two produces a mesmerizing story.

LONGLISTED FOR THE PEN/DIAMONSTEIN-SPIELVOGEL AWARD • ONE OF THE BEST BOOKS OF THE YEAR: The Washington Post, NPR, Time, San Francisco Chronicle, Esquire, Milwaukee Journal Sentinel, Town & Country, The Rumpus, Electric Lit, Thrillist, BookPage • "[A] worship song to writers and readers." —Oprah Daily For the last twenty years, George Saunders has been teaching a class on the Russian short story to his MFA students at Syracuse University. In A Swim in a Pond in the Rain, he shares a version of that class with us, offering some of what he and his students have discovered together over the years. Paired with iconic short stories by Chekhov, Turgenev, Tolstoy, and Gogol, the seven essays in this book are intended for anyone interested in how fiction works and why it 's more relevant than ever in these turbulent times. In his introduction, Saunders writes, " We 're going to enter seven fastidiously constructed scale models of the world, made for a specific purpose that our time maybe doesn 't fully endorse but that these writers accepted implicitly as the aim of art--namely, to ask the big questions, questions like, How are we supposed to be living down here? What were we put here to accomplish? What should we value? What is truth, anyway, and how might we recognize it? " He approaches the stories technically yet accessibly, and through them explains how narrative functions; why we stay immersed in a story and why we resist it; and the bedrock virtues a writer must foster. The process of writing, Saunders reminds us, is a technical craft, but also a way of training oneself to see the world with new openness and curiosity. A Swim in a Pond in the Rain is a deep exploration not just of how great writing works but of how the mind itself works while reading, and of how the reading and writing of stories make genuine connection possible.

Called Away by a Mountain Spirit

"Appalachian Daughter grabbed me Friday afternoon, and except for the time for sleeping and necessary duties, did not turn me loose until I finished it Saturday afternoon." Early Reader This coming-of-age novel depicts the trials, triumphs, and tragedies that befall Maggie Martin, the eldest of eight children whose family struggles to make ends meet on a hilly farm in Campbell Hollow, a narrow mountain valley in East Tennessee. On the last day of eighth grade, Maggie begins to dream of finding a way to escape the drudgery and confinement of life in the hollow and establish her independence. Her plan begins to fall in place when she enters high school and discovers she has a natural talent for excelling in shorthand, typing and other business classes. Meanwhile she spares no effort in helping her family continue to survive despite their poverty, a less than fertile few acres, and a family history of instability. She strives to fit in at high school in spite of the harsh limits placed on her by her hot-tempered, authoritarian mother, Corie Mae. She often turns for support to her easy-going father Ray, who sometimes intervenes to overrule Corie Mae's restrictions. As she goes about her life, doing her school work and helping out at home, she interacts with interesting, unforgettable, and sometimes dangerous characters, including a mentally challenged neighbor, an escaped convict, and a lecherous employer. She is forced to make decisions and take actions that would be difficult for a much older adult. Maggie meets each challenge, with determination, imagination, and courage whether it's cutting a pitchfork from a mare's tail or helping to deliver her baby sister. The typical spoken language, folkways, and traditional beliefs and religious practices are skillfully woven into this portrait of Appalachian family life. The author's sympathetic insights into mountain culture combined with memorably etched characters and events create a realistic reflection of Tennessee mountain life during the decade following WWII. Maggie's life takes an unexpected turn when her cousin JD reveals a dark secret that could shatter the family. Maggie struggles to maintain her dreams of a better life amidst the many trials that will test the grit of this Appalachian Daughter. "I absolutely loved the story! I really think that the thoughtful approach to the main character's life situations will be meaningful to girls and boys who read the book." Early Reader
