

My First Baby Signs

Fall in love with this emotional New York Times bestselling romance between two tortured souls who find their chance at happiness in the most unexpected way. I wanted to lose myself in the small town of Pelion, Maine. To forget everything I had left behind. The sound of rain. The blood. The coldness of a gun against my skin. For six months, each breath has been a reminder that I survived -- and my dad didn't. I'm almost safe again. But the moment I meet Archer Hale, my entire world tilts on its axis . . . and never rights itself again. Until I trespass into his strange, silent, and isolated world, Archer communicates with no one. Yet in his whiskey-colored eyes, something intangible happens between us. There's so much more to him than just his beauty, his presence, or the ways his hands communicate with me. On me. But this town is mired in secrets and betrayals, and Archer is the explosive center of it all. So much passion. And so much hurt. But it's only in Archer's silence that we might just find what we need to heal . . . and live. Includes an exclusive extended epilogue from Archer's POV! Named one of the "Top Romance Novels of All Time" by Goodreads! A New York Times, USA Today, and Wall Street Journal bestseller!

The Essential Parenting Guide- NOW COMPLETELY UPDATED AND EXPANDED! In 1982, child development experts Linda Acredolo, Ph.D., and Susan Goodwyn, Ph.D., discovered that babies can communicate with simple signs-even before they're able to talk. The result: Baby Signs, the groundbreaking technique that has changed parenting forever. Now, with the widespread popularity of signing with hearing babies and new and exciting research findings to report, the authors have completely revised and expanded Baby Signs to create this indispensable new edition. Featuring an American Sign Language approach, as well as a set of “ baby-friendly ” alternatives, this comprehensive new program offers all the information any parent needs to join the hundreds of thousands of families around the world who are using Baby Signs to help their children communicate their “ joys and fears without tears. ” (Newsweek) Inside you will find . . . An expanded dictionary with easy-to-follow photos of 150 ASL signs along with a set of 35 “ baby-friendly ” alternatives New research showing the benefits of Baby Signs for children's emotional development, for the parent-child relationship, and for reducing frustration and aggression in childcare settings Information to help parents use the magic of Baby Signs to meet the challenges of potty training (as seen on CBS's The Doctors) Real-life stories of parents achieving both stunning and heartwarming communication breakthroughs with their children

Teach Your Baby to Sign

Archer's Voice

The Baby Signing Book

Babies want to express their needs, especially at mealtime. Through baby signing, they can communicate when they want more, when something is too hot, or even to let everyone know it's 'all gone!' Baby signing is easy and natural. Infants and toddlers can learn how to say what they need, what they see, and even what they feel long before their vocal chords are developed enough to let them use actual words. Both books include the most popular signs and provide parents a place to begin 'talking' with their little one from the start. In this revolutionary breakthrough in parent child communication, parents have a priceless window into their young child's mind and heart.

Nita communicates with her parents in sign language to ask for snacks, play ball, and express love.

Eight of the essential sign language words for babies, clearly and cleverly illustrated with durable pull-tabs in a charming book to read aloud with baby.

Rhyming text explores what would happen if animals kissed like humans do, from a slow kiss between a sloth and her cub to a mud-happy kiss from a hippo calf to his father.

Sign Language

Introduces basic signs that babies can use before they are ready to talk. On board pages.

Long before they're able to talk, babies have a whole lot to say! Widen their world with this delightful modern classic—a must-have for growing families and a perfect baby shower or new-baby gift. With this adorable board book of essential signs, babies and toddlers can easily learn how to communicate their needs, wants, and feelings and even make basic observations with a simple gesture. Studies show that babies who use sign language feel less frustrated, throw fewer tantrums, and often learn to talk more easily. Just point to a sign in the book, say the word while making the sign, and the baby will soon be signing. Communicating a wet diaper or a hungry belly, asking for help or saying "all done" becomes as easy as waving hello or good-bye. And these are just a few of the thirteen signs inside this small and adorably illustrated board book, perfect for little hands and minds to grasp.

Learn sign language alongside your baby with this adorable storybook for ages 0 to 3 Story time is the perfect time to practice sign language with your child. My First Book of Baby Signs is part storybook and part sign language guide, designed to encourage you and your baby to learn new words and signs as you read together. Practice communicating with important, everyday signs for everything from basics like "eat," "milk," and "mommy" to more advanced ideas like "help," "potty," and "I love you." This book makes it fun and easy to learn helpful baby signs with: Storybook style--Each sign is presented with picture book illustrations that depict the word as well as both written and visual instructions for how to sign it properly. Interactive learning--Model each sign for your baby as you come to the word in the story, allowing you to learn and practice together. 40 Real ASL signs--These signs are the accurate and up-to-date versions from American Sign Language, and you'll even find a guide to the full alphabet and basic numbers. This book of baby signs is the perfect way to start communicating with your baby before they learn to speak.

NOW A MAJOR MOTION PICTURE The #1 New York Times bestselling worldwide sensation with more than 15 million copies sold, “ a painfully beautiful first novel that is at once a murder mystery, a coming-of-age narrative and a celebration of nature ” (The New York Times Book Review). For years, rumors of the “ Marsh Girl ” have haunted Barkley Cove, a quiet town on the North Carolina coast. So in late 1969, when handsome Chase Andrews is found dead, the locals immediately suspect Kya Clark, the so-called Marsh Girl. But Kya is not what they say. Sensitive and intelligent, she has survived for years alone in the marsh that she calls home, finding friends in the gulls and lessons in the sand. Then the time comes when she yearns to be touched and loved. When two young men from town become intrigued by her wild beauty, Kya opens herself to a new life—until the unthinkable happens. Where the Crawdads Sing is at once an exquisite ode to the natural world, a heartbreaking coming-of-age story, and a surprising tale of possible murder. Delia Owens reminds us that we are forever shaped by the children we once were, and that we are all subject to the beautiful and violent secrets that nature keeps.

The Complete Guide to Baby Sign Language

You can hear--your baby can hear--so what's the deal? Every parent knows how frustrated babies become when they can't make themselves clear to their families. But now, before they can talk, they can tell you what they mean with signs! Signing has taken the parenting world by storm. Why? Every parent is eager to give their baby the best possible upbringing, the least frustration, and the best head start for achieving in today's driven, competitive society. Research (funded by the National Institutes of Health) has found that signing babies: talk sooner and have larger vocabularies; have stronger parent/child bonds; have less frustration, crying and tantrums; show more interest in books; engage in more sophisticated play; and have higher IQ scores. Now, what parent doesn't want that? Baby signing has been featured on Dateline and Oprah. Teach Your Baby to Sign features photographs of babies signing, plus line illustrations of each sign. And it provides 200 useful signs, more than any other book, so parents can have a wide selection to choose from, along with stage-by-stage guidance so they'll know which signs to teach first and which to add as they and their baby become progressively more skilled and comfortable with signing.

Learn simple sign language alongside baby with this adorable introduction to sixteen key signs. There's a point in baby's development that all parents recognize: Baby knows what she wants, but just can't say the words quite yet. Simple sign language for some of the most common words and phrases helps parents and caregivers bridge the communication gap with little ones. Baby Signs: All Done! features adorable illustrations of diverse babies in different situations modeling simple signs that will help familiarize baby with key words and phrases. Also included is a detailed walk-through for parents showing how to correctly model the sign. Featuring sixteen easy-to-learn signs ranging from ways to communicate needs ("more," "milk," "sleep") to expressions of gratitude and love ("thank you," "hug," and "I love you"), this read-together book will open worlds of communication between baby and parent.

Featuring illustrations and a simple kid-friendly design, this reference book for the youngest readers makes learning sign language fun and easy.

From Colleen Hoover, the #1 New York Times bestselling author of *It Starts with Us* and *It Ends with Us*, a heart-wrenching love story that proves attraction at first sight can be messy. When Tate Collins meets airline pilot Miles Archer, she doesn't think it's love at first sight. They wouldn't even go so far as to consider themselves friends. The only thing Tate and Miles have in common is an undeniable mutual attraction. Once their desires are out in the open, they realize they have the perfect set-up. He doesn't want love, she doesn't have time for love, so that just leaves the sex. Their arrangement could be surprisingly seamless, as long as Tate can stick to the only two rules Miles has for her. Never ask about the past. Don't expect a future. They think they can handle it, but realize almost immediately they can't handle it at all. Hearts get infiltrated. Promises get broken. Rules get shattered. Love gets ugly.

Offers a program for parents to teach their infants and toddlers sign language, allowing babies the ability to express their wants and needs.

Illustrations of babies and toddlers demonstrate forty-eight signs from American Sign Language for both wild and domestic animals.
