

Nemesis Book Ten In The Enhanced Series

Set in a Newark neighborhood during a terrifying polio outbreak, *Nemesis* is a wrenching examination of the forces of circumstance on our lives. Bucky Cantor is a vigorous, dutiful twenty-three-year-old playground director during the summer of 1944. A javelin thrower and weightlifter, he is disappointed with himself because his weak eyes have excluded him from serving in the war alongside his contemporaries. As the devastating disease begins to ravage Bucky's playground, Roth leads us through every inch of emotion such a pestilence can breed: fear, panic, anger, bewilderment, suffering, and pain. Moving between the streets of Newark and a pristine summer camp high in the Poconos, *Nemesis* tenderly and startlingly depicts Cantor's passage into personal disaster, the

Page 1/59

condition of childhood, and the painful effect that the wartime polio epidemic has on a closely-knit, family-oriented Newark community and its children.

A smuggler running from her past, Mercy desperately wants answers to her mother's disappearance. All roads lead her to the one place she can't return: home. Killers. Thieves. Pirates. Family. Mercy has spent her life evading the Pirate Queen who attempted to murder her as a child. Now, living as a smuggler with the outlawed Talent of telepathy, she keeps her head down, takes jobs that keep her moving, and searches for answers about her mother's disappearance fifteen years ago. But living outside the law has consequences. Tricked and captured, Mercy must choose between two rival factions: the terrorists who will do anything to exploit her gifts for themselves, and the pirates she's been eluding since

childhood. Her only ally is the most dangerous killer of them all, and trusting him may be her final mistake. Star Wars meets Firefly in this space fantasy series readers compare to Ilona Andrews and Nalini Singh.

The Unhoneymooners meets The Hating Game in this breezy debut romantic comedy about life--and love--30,000 feet above the ground. After ten years as a flight attendant, Ava Greene is poised to hang up her wings and finally put down roots. She's got one trip left before she bids her old life farewell, and she plans to enjoy every second of it. But then she discovers that former pilot Jack Stone--the absurdly gorgeous, ridiculously cocky man she's held a secret grudge against for years--is on her flight. And he has the nerve to flirt with her, as if he doesn't remember the role he played in the most humiliating night of her life. Good thing she never has

to see him again after they land.... But when their plane encounters mechanical problems, what should have been a quick stop at the Belize airport suddenly becomes a weekend layover. Getting stuck on a three-hour flight with her nemesis was bad enough. Being stranded with him at a luxury resort in paradise? Even with the sultry breeze and white sand to distract her, it will take all the rum punch in the country to drown out his larger-than-life presence. Yet the more time Ava spends with him under the hot Caribbean sun, the more she begins to second-guess everything she thought she knew about him...and everything she thought she wanted from her life. And all too soon, she might have to choose between keeping her feet on the ground and her head in the clouds....

Grainy CCTV footage shows a man walking into a bank and putting a gun to a cashier's head. He tells her to count to twenty-five. When

he doesn't get his money in time, she is executed. Detective Harry Hole is assigned to the case. While Harry's girlfriend is away in Russia, an old flame gets in touch. He goes to dinner at her house and wakes up at home with no memory of the past twelve hours. The same morning the girl is found shot dead in her bed. Harry begins to receive threatening e-mails. Is someone trying to frame him for this unexplained death? Meanwhile the bank robberies continue with unparalleled savagery. Gripping and surprising, *Nemesis* is the new thriller by one of the biggest stars of Scandinavian crime fiction.

An indispensable resource, this book provides wide coverage on aliens in fiction and popular culture. • Provides cultural context in introductory essays on some of the key themes and contexts of alien representation • Covers a broad scope, with more than 130 entries on different topics, and is written by nearly 90 researchers with diverse expertise • Shows readers the varied ways that imagined aliens have become a part of popular culture • Presents both familiar topics and more obscure topics in popular culture to provide new scholarship

A fate worse than death . . . Bastien Cabarro

survived the brutal slaughter of his entire family only to have his wife pin their murders on him. Made Ravin by The League, he is now a target for their assassins-in-training to hunt and kill. The average life expectancy for such beings is six weeks. But defying the odds is what this Gyron Force officer does best, and Bastien won't rest until he lays his betrayers in their graves. Ten years later, he has one chance to balance the scales of justice, provided he relies on his former wingman—the very sister of the woman who testified against him. Major Ember Wyldestarrin joined the outlaw Tavali the day

Kirovar fell into the hands of a tyrant, and she and her sister-team were left on an outpost to die under the barrage of enemy fire. The last thing she wants is to be involved in politics again. But the one thing she wants more than anything is revenge on the tyrant who murdered her parents and forced her and her sisters into exile. Carrying a secret she knows Bastien will annihilate her over, she must find some way to trust her former wingman before he catches on and kills her. Even so, treachery doesn't come easy to a woman who took a loyalty oath to protect her homeworld and comrades-in-

arms, especially when Bastien is much more to her than just a former wingman. Yet as she tries to do right for her family, she learns that Bastien doesn't just hold the key to the fate of Kirovar, he is vital to The Sentella-League war, and to The Tavali. If she doesn't ensure he survives this mission, three nations fall, and time for all of them is quickly running out.

Remus -- mysterious sister world to Romulus. A planet where hope surrendered to darkness long ago. A planet whose inhabitants have been without a voice for generations. But that's about to change. Earth -- home to

Starfleet, where the crew of the U.S.S. Enterprise™ NCC-1701-E, gathers under the crystal blue skies of an Alaskan day to celebrate the wedding of Will Riker and Deanna Troi. The joy of the day is overshadowed only by the knowledge that this is the last time they will all be together, as soon-to-be Captain Riker and his ship's counselor, Deanna Troi, will soon be departing for their new ship. Captain Jean-Luc Picard and the Enterprise crew are suddenly diverted for an unexpected diplomatic mission to the planet Romulus. Longtime enemies of the Federation, the

Romulans have expressed their desire to initiate negotiations that will hopefully lead to a long-awaited unity in the galaxy. But upon their arrival on Romulus, the Enterprise crew is faced with a threat that could lead to the destruction of the planet Earth, and Picard comes face to face with a man who may prove to be his most dangerous adversary yet...and a surprisingly personal nemesis.

Born of Vengeance

“Reichs knows exactly how to mix action, suspense, and characters into a breathless read.” —Marie Lu, New York Times bestselling author of Warcross The blistering sequel to the instant New York Times bestselling Nemesis by Brendan Reichs. Noah Livingston knows he is destined to survive. The 64 members of Fire Lake's sophomore class are trapped in a place where morals have no meaning and zero rules apply. But Noah's deaths have trained him-hardened him-to lead the strongest into the future ... whatever that may be. And at any cost. Min Wilder knows that survival alone isn't enough. In a violent world where brute force passes for leadership, it's tempting to lay back and let

everyone else battle it out. But Min's instincts rebel against allowing others to decide who lives and who dies. She's ready to fight for what she believes in. And against whomever might stand in her way. Russian meddling, American fragmentation, and global politics collide in this action-packed, international thriller. In *The Nemesis Manifesto*, New York Times bestselling author Eric Van Lustbader, "the master of the smart thriller,"* delivers an epic and harrowing adventure of the predatory forces that are threatening the very fabric of democracy and kicks off a compelling new series with a singular new hero for our time. Evan Ryder is a lone wolf, a field agent for a black-ops arm of the DOD, who has survived unspeakable tragedy and dedicated her life to protecting her country. When her fellow agents begin to be systematically eliminated, Evan must unravel the thread that ties them all together...and before her name comes up on the kill list. The list

belongs to a mysterious cabal known only as Nemesis, a hostile entity hell-bent on tearing the United States apart. As Evan tracks them from Washington D.C. to the Caucasus Mountains, from Austria to a fortress in Germany where her own demons reside, she unearths a network of conspirators far more complex than anyone could have imagined. Can Evan uproot them before Nemesis forces bring democracy to its knees? *Nelson DeMille At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Jon Hudson, lead investigator for the Department of Homeland Security's Fusion Center-P, thinks his job is a joke. While other Fusion Centers focus on thwarting terrorist activity, Hudson's division is tasked with handling paranormal threats to national security, of which there have been zero during his years at the DHS. When yet another

Sasquatch sighting leads to a research facility disguised as an abandoned Nike missile site in the back woods of Maine, Hudson's job becomes deadly serious. Hudson and the local Sherriff, Ashley Collins, suddenly find themselves on the run from a ruthless ex-Special Forces security team, but the human threat is short-lived as something very much not-human destroys the facility and heads for civilization, leaving only a single clue behind--a name scrawled in blood: Nemesis. Working with his team at Fusion Center-P, Sherriff Collins and a surly helicopter pilot named Woodstock, Hudson pursues the creature known as Nemesis, attempts to uncover the corporate secrets behind its creation and accidental release and tries to comprehend why several clues lead to a murdered little girl named Maigo. But as the body-count explodes, along with the monster's size, it quickly becomes clear that nothing short of a full military response can slow Nemesis's

progress. Coordinating with every branch of the U.S. military, Hudson simultaneously searches for clues about Nemesis's origins and motivations, and leads the counterattack that will hopefully stop the monster before it reaches Boston and its one million residents. Witness the birth of a legend as Jeremy Robinson, bestselling author of *SecondWorld* and *Ragnarok*, combines the pacing of Matthew Reilly with the mystery of James Rollins and creates the first iconic American Kaiju* story since King Kong. Includes original creature designs by legendary Godzilla artist, Matt Frank. *Kaiju is Japanese for "strange beast." The genre includes classic monsters such as Godzilla, Gamera, Mothra, Rodan and King Ghidorah. Nemesis the Warlock, warrior of the coming storm, continues to fight Torquemada in this final book in the classic series.

Project Nemesis (a Kaiju Thriller)

The Assassination Plot that Avenged the Armenian Genocide

Orphan Black meets Lord of the Flies in this riveting new thriller from the co-author of the Virals series. It's been happening since Min was eight. Every two years, on her birthday, a strange man finds her and murders her in cold blood. But hours later, she wakes up in a clearing just outside her tiny Idaho

hometown—alone, unhurt, and with all evidence of the horrifying crime erased. Across the valley, Noah just wants to be like everyone else. But he ' s not. Nightmares of murder and death plague him, though he does his best to hide the signs. But when the world around him begins to spiral toward panic and destruction, Noah discovers that people have been lying to him his whole life. Everything changes in an eye blink. For the planet has a bigger problem. The Anvil, an enormous asteroid threatening all life on Earth, leaves little room for two troubled

teens. Yet on her sixteenth birthday, as she cowers in her bedroom, hoping not to die for the fifth time, Min has had enough. She vows to discover what is happening in Fire Lake and uncovers a lifetime of lies: a vast conspiracy involving the sixty-four students of her sophomore class, one that may be even more sinister than the murders.

As fourteen-year-old Sam collects family heirlooms through directions left for him in a series of letters written by his estranged grandfather, he learns about forgiveness.

“ A totally new and original work that stretches his talents to their fullest . . . welcome back, champ! ” —The Detroit News In the twenty-third century pioneers have escaped the crowded earth for life in self-sustaining orbital colonies. One of the colonies, Rotor, has broken away from the solar system to create its own renegade utopia around an unknown red star two light-years from Earth: a star named Nemesis. Now a fifteen-year-old Rotorian girl has learned of the dire threat that nemesis poses to Earth ’ s people—but she is prevented

from warning them. Soon she will realize that Nemesis endangers Rotor as well. And so it will be up to her alone to save both Earth and Rotor as—drawn inexorably by Nemesis, the death star—they hurtle toward certain disaster.

In the Ichidian Universe where The League is law, most live in fear. We fight back. Welcome to a world where corrupt assassination politics dominate everyone. It's kill or be killed.

Welcome back to the future...and meet hell's new breed of heroes. Devyn Kell spent his life in service to the League until he learned of the

double dealing and backstabbing that was costing innocent people their lives. Refusing to play those politics, he became a Runner—someone who makes sure planets get the weapons, medicine and supplies they need to survive. May the gods have mercy on any who get in his way, because he definitely won't. Alix Garran is a woman on the run from a past she can't escape. Signing on to work for Devyn as a System's Engineer, she finds a cause she can fight for—and a man she can respect. But as Alix's past catches up to her,

Page 24/59

and Devyn's old enemies turn lethal, they have to fight together...or fall alone, in *Born of Ice*, the third bestselling League novel from Sherrilyn Kenyon.

Andy McDermott

From her prison cell in revolutionary Paris, nineteen-year-old aristocrat H el ene d'Aubign recalls the events that led her to choose between following in her parents' unforgivable footsteps or abandoning the man she loves. Despite her world of privilege,

Page 27/59

Hélène is inspired early on by the radical ideas of her progressive governess. Though her family tries to intervene, the seeds of revolution have already been planted in Hélène's heart, as are the seeds of love from an unlikely friendship with a young jeweler's apprentice. Hélène's determination to find true love is as revolutionary as her attempt to unravel the truth behind a concealed murder that tore her family apart. As violence erupts in Paris, Hélène is forced into hiding with her estranged family, where the tangled secrets of their past become entwined with her own. When she finally

returns to the blood-stained streets of Paris, she finds everything—and everyone—very much changed. In a city where alliances shift overnight, no one knows whom to trust. Faced with looming war, the mystery of her family's past, and the man she loves near death, Hélène will soon find out if doing one wrong thing will make everything right, or if it will simply push her closer to the guillotine.

Nemesis and the Swan

An action-packed series-starter perfect for fans of The Heroine Complex and Not Your Sidekick. “I didn’t know how much I needed this brave, thrilling book until it rocked my world. Dreadnought is the superhero adventure we all need right now.”—Charlie Jane Anders, author of All the Birds in the Sky

Danny Tozer has a problem: she just inherited the powers of Dreadnought, the world’s greatest superhero. Until Dreadnought fell out of the sky and

Page 30/59

died right in front of her, Danny was trying to keep people from finding out she's transgender. But before he expired, Dreadnought passed his mantle to her, and those secondhand superpowers transformed Danny's body into what she's always thought it should be. Now there's no hiding that she's a girl. It should be the happiest time of her life, but Danny's first weeks finally living in a body that fits her are more difficult and complicated than she could have imagined. Between her father's dangerous obsession with "curing" her girlhood, her best friend suddenly acting like he's entitled to date

Page 31/59

her, and her fellow superheroes arguing over her place in their ranks, Danny feels like she's in over her head. She doesn't have time to adjust.

Dreadnought's murderer—a cyborg named Utopia—still haunts the streets of New Port City, threatening destruction. If Danny can't sort through the confusion of coming out, master her powers, and stop Utopia in time, humanity faces extinction.

Peter Evans's biography of Aristotle Onassis, *Ari*, met with great acclaim when it was published in 1986. *Ari* provided the world with an unprecedented glimpse of the Greek shipping magnate's orbit of

dizzying wealth, twisted intrigues, and questionable mores. Not long after the book appeared, however, Onassis's daughter Christina and his longtime business partner Yannis Georgakis hinted to Evans that he had missed the "real story" -- one that proved Onassis's intrigues had deadly results. "I must begin," Georgakis said, "with the premise that, for Onassis, Bobby Kennedy was unfinished business from way back..." His words launched Evans into the heart of a story that tightly bound Onassis not to Jackie's first husband, but to his ambitious younger brother Bobby. A bitter rivalry emerged between

Bobby and Ari long before Onassis and Jackie had even met. Nemesis reveals the tangled thread of events that linked two of the world's most powerful men in their intense hatred for one another and uncovers the surprising role played by the woman they both loved. Their power struggle unfolds against a heady backdrop of international intrigue: Bobby Kennedy's discovery of the Greek shipping magnate's shady dealings, which led him to bar Onassis from trade with the United States; Onassis's attempt to control much of Saudi Arabia's oil; Onassis's untimely love affair with Jackie's

married sister Lee Radziwill; and his bold invitation to First Lady Jackie to join him on his yacht -- without the president. Just as this self-made Greek tycoon gloried in the chance to stir the wrath of the Kennedys, they struggled unsuccessfully to break his spell over the woman who held the key to all of their futures. After Jack's death, Bobby became ever closer to Camelot's holy widow, and fought to keep her from marrying his sworn rival. But Onassis rarely failed to get what he wanted, and Jackie became his wife shortly after Bobby was killed. Through extensive interviews with the closest friends, lovers,

and relatives of Onassis and the Kennedys, longtimejournalist Evans has uncovered the shocking culmination ofthe Kennedy-Onassis-Kennedy love triangle: AristotleOnassis was at the heart of the plot to kill Bobby Kennedy.Meticulously tracing Onassis's connections in the world ofterrorism, Nemesis presents compelling evidence that hefinanced the assassination -- including a startling confessionthat has gone unreported for nearly three decades. Alongthe way, this groundbreaking work also daringly paintsthesse international icons in all of their true colors.

Page 36/59

From Evans's deeply nuanced portraits of the charismatic Greek shipping magnate and his acquisitive iconic bride to his probing and revelatory look into the events that shaped an era, *Nemesis* is a work that will not be soon forgotten.

Alcibiades was one of the most dazzling figures of the Golden Age of Athens. A ward of Pericles and a friend of Socrates, he was spectacularly rich, bewitchingly handsome and charismatic, a skilled general, and a ruthless politician. He was also a serial traitor, infamous for his dizzying changes of loyalty in the Peloponnesian War. *Nemesis* tells the

story of this extraordinary life and the turbulent world that Alcibiades set out to conquer. David Stuttard recreates ancient Athens at the height of its glory as he follows Alcibiades from childhood to political power. Outraged by Alcibiades' celebrity lifestyle, his enemies sought every chance to undermine him. Eventually, facing a capital charge of impiety, Alcibiades escaped to the enemy, Sparta. There he traded military intelligence for safety until, suspected of seducing a Spartan queen, he was forced to flee again—this time to Greece's long-term foes, the Persians. Miraculously, though, he engineered a

recall to Athens as Supreme Commander, but—suffering a reversal—he took flight to Thrace, where he lived as a warlord. At last in Anatolia, tracked by his enemies, he died naked and alone in a hail of arrows. As he follows Alcibiades' journeys crisscrossing the Mediterranean from mainland Greece to Syracuse, Sardis, and Byzantium, Stuttard weaves together the threads of Alcibiades' adventures against a backdrop of cultural splendor and international chaos. Navigating often contradictory evidence, *Nemesis* provides a coherent and spellbinding account of a life that has

gripped historians, storytellers, and artists for more than two thousand years.

“It’s official Take a Psycho to Work Day. Why else would I be here?” Hunted. Hated. Betrayed. Outcast Dagger Ixur is on the run for his life. As one of the most recognizable members of his royal house, he has a bounty on his head that guarantees him no quarter from any friend or even family. But surrender isn’t in him. He will fight to the bitter end. A resolve that is sorely tested when he narrowly escapes a trap that leaves him severely wounded. With what he believes is his dying breath, he saves a boy born to

an extinct race from a group out to enslave the kid for his legendary abilities. Ushara Altaan has spent her entire life hating the Andarion royal house that drove her entire species into virtual extinction. As a rare Andarion Fyreblood, she is sworn to end the existence of any royal she finds. But when Dagger saves her son's life, she is torn between her people and a debt that can never be repaid. Yet worse than Dagger's family that's still out to end hers and him, are the League assassins after him who will stop at nothing to claim the lives of her Tavali family. The only hope she has to save them all is to put their

future and her faith into the hands of the very enemy whose grandmother personally extinguished Ushara's legendary lineage. But how can she ever trust Dagger when he is a disinherited outlaw whose real name is synonymous with betrayal?

Born of Betrayal

In the heart-pounding conclusion to the New York Times bestselling Diabolic series, the Empire teeters on the edge of destruction as rumors spread that

Page 42/59

Nemesis is still alive. Three years ago, Tyrus Domitrian shocked the galaxy by killing the woman he swore to love forever. The woman for whom he upended the Empire. The woman with whom he wanted to build a new and brighter future. Now, the once-idealistic heir apparent has become the cruel Emperor Tyrus, wielding his authority with an iron fist, capable of destroying planets with a single word, controlling all technology with a simple thought. He has bent the Grandiloquy to their knees, and none has the power to stand against him. But there is a muttering among the Excess. They say that Nemesis

is not truly gone. They whisper of her shadow spotted in distant star systems. They say that Nemesis lives. That she will rise, and rally the people to topple the man who was once her truest love—and is now her fiercest enemy.

The princess didn't expect to fall in love--with her nemesis. Princess Sepora of Serubel is the last Forger in all the five kingdoms. The spectorium she creates provides energy for all, but now her father has found a way to weaponize it, and his intentions to incite war force her to flee from his grasp. She escapes across enemy lines into the kingdom of

Theoria, but her plans to hide are thwarted when she is captured and placed in the young king's servitude. Tarik has just taken over rulership of Theoria, and must now face a new plague sweeping through his kingdom and killing his citizens. The last thing he needs is a troublesome servant vying for his attention. But mistress Sepora will not be ignored. When the two finally meet face-to-face, they form an unlikely bond that complicates life in ways neither of them could have imagined. Sepora's gift could save Tarik's kingdom from the Quiet Plague. But should she trust her growing feelings for her nemesis, or

should she hide her gifts at all costs? A thrilling futuristic fantasy in which the fate of the world's energy source is in the hands of a prince and princess who are rivals, by the New York Times-bestselling author of the Syrena Legacy.

In a universe where assassins make the law, everyone lives in fear—except for Syn. Born of an illicit scandal that once rocked a dynasty, he always knew how to survive

Page 50/59

on the bloodthirsty streets. But that was then, and the future is now... Syn was raised as a tech-thief until his livelihood uncovered a truth that could end his life. He tried to destroy the evidence, and has been on the run ever since. Now trained as an assassin, he allows no one to threaten him. Ever. He is the darkness that swallows his enemies whole. Shahara Dagan is the best bounty hunter in the universe. When Syn comes back on the radar, she's the only one who can bring him to justice. There's only one problem: Syn is a close family friend who's helped out the Dagens countless times. But if she saves him, both of their lives will be on the line. Is Syn's protection worth the risk? The only hope Shahara

has is to find the evidence he buried long ago. Now it's kill or be killed—and they, the predators, have just become the hunted... Born of Fire is the second book in bestselling author Sherrilyn Kenyon's League series.

Alcibiades and the Fall of Athens

The Nemesis Manifesto

Nemesis: Book Ten of the Enhanced Series

The Layover

In utter disbelief, Miss Marple read the letter addressed to her from the recently deceased Mr. Rafiel—an acquaintance she had met briefly on her travels. He had left instructions for her to investigate

a crime after his death. The only problem was, he had failed to tell her who was involved or where and when the crime had been committed. It was most intriguing. Soon she is faced with a new crime—the ultimate crime—murder. It seems someone is adamant that past evils remained buried. . . .

Red Queen meets The Hunger Games in this epic novel about what happens when the galaxy's most deadly weapon masquerades as a senator's daughter and a hostage of the galactic court. A Diabolic is ruthless. A Diabolic is powerful. A Diabolic has a single task: Kill in order to protect the

person you've been created for. Nemesis is a Diabolic, a humanoid teenager created to protect a galactic senator's daughter, Sidonia. The two have grown up side by side, but are in no way sisters. Nemesis is expected to give her life for Sidonia, and she would do so gladly. She would also take as many lives as necessary to keep Sidonia safe. When the power-mad Emperor learns Sidonia's father is participating in a rebellion, he summons Sidonia to the Galactic court. She is to serve as a hostage. Now, there is only one way for Nemesis to protect Sidonia. She must become her. Nemesis travels to

the court disguised as Sidonia—a killing machine masquerading in a world of corrupt politicians and two-faced senators' children. It's a nest of vipers with threats on every side, but Nemesis must keep her true abilities a secret or risk everything. As the Empire begins to fracture and rebellion looms closer, Nemesis learns there is something more to her than just deadly force. She finds a humanity truer than what she encounters from most humans. Amidst all the danger, action, and intrigue, her humanity just might be the thing that saves her life—and the empire.

In 'the stifling heat of equatorial Newark', a terrifying epidemic is raging, threatening the children of the New Jersey city with maiming, paralysis, life-long disability, even death.

A masterful account of the assassins who hunted down the perpetrators of the Armenian Genocide In 1921, a tightly knit band of killers set out to avenge the deaths of almost one million victims of the Armenian Genocide. They were a humble bunch: an accountant, a life insurance salesman, a newspaper editor, an engineering student, and a diplomat. Together they formed one of the most effective

assassination squads in history. They named their operation Nemesis, after the Greek goddess of retribution. The assassins were survivors, men defined by the massive tragedy that had devastated their people. With operatives on three continents, the Nemesis team killed six major Turkish leaders in Berlin, Constantinople, Tiflis, and Rome, only to disband and suddenly disappear. The story of this secret operation has never been fully told, until now. Eric Bogosian goes beyond simply telling the story of this cadre of Armenian assassins by setting the killings in the context of Ottoman and Armenian

history, as well as showing in vivid color the era's history, rife with political fighting and massacres. Casting fresh light on one of the great crimes of the twentieth century and one of history's most remarkable acts of vengeance, Bogosian draws upon years of research and newly uncovered evidence. Operation Nemesis is the result--both a riveting read and a profound examination of evil, revenge, and the costs of violence.
