Karen Horney

Neurosis and Human Growth Quotes.

Thereby, to a greater or lesser extent, he loses in the process his interest in truth, and the sense for what is true or not true — a loss that, among others, accounts for his difficulty in distinguishing between genuine feelings, beliefs, strivings, and their artificial equivalents (unconscious

pretenses)...

Neurosis and Human Growth: The Struggle Towards Self-Realization PDF

Karen Horney writes that emotional problems originate in the environment. Problems usually start during childhood when the child faces an hostile environment (e.g. abusive, careless, or overprotective parents).

Neurosis And Human Growth The In Neurosis and Human Growth, Dr. Horney discusses the neurotic process as a special form of the human development, the antithesis of healthy growth. She unfolds the different stages of this situation, describing neurotic claims, the tyranny or inner dictates and the neurotic's solutions for relieving the tensions of conflict in such emotional attitudes as domination, self-effacement, dependency, or resignation.

Amazon.com: Neurosis and Human Growth: The Struggle ...

Neurosis and Human Growth: The Struggle Toward Self-Realization is the magnum opus of German-American psychoanalyst Karen Horney. In it she outlines her theory of neurosis . In Horney's view, the key difference between neurosis and healthy growth is the difference between compulsive actions fueled by anxiety and spontaneous actions fueled by one's full range of emotions.

Her account of human behavior runs deep – that is, it plunges the depths of the human soul. She is, as it were, shining light into the darkness and encounters the same truth the Psalmist knew: the inmost self of the wicked is destruction. For those with

enough courage to look along with her,
Neurosis and Human Growth is an
excellent flashlight.
