It was now called the Maxima QX, to bring the UK importers into line with other world markets. There was a restyled front and rear around a slightly larger body. The 2.0-litre engine continued unchanged but the output of the 3.0-litre V6 was increased to 200bhp. Three variants were now on offer at lower prices - the manual or auto 2.0SE and the auto-only 2.0SE+ and 3.0SE+.
