Im Zuge der Kompetenzorientierung ist die Relevanz der sprachlichen Mittel - Aussprache, Wortschatz, Morphosyntax - als Voraussetzungen für fremdsprachliche kommunikative Kompetenz vor allem in der deutschen Fremdsprachendidaktik mitunter aus dem Blick geraten. Es scheint daher an der Zeit, ein neuerliches Augenmerk auf die Funktion und Bedeutung der sprachlichen Mittel für eine effiziente Ausbildung der interkulturellen kommunikativen Handlungsfähigkeit zu richten. Diese Aspekte hat die hier in Auswahl publizierte Sektion des XXXIV. Deutschen Romanistentags in Mannheim untersucht.

In Other Words

National Best Seller From the best-selling author and Pulitzer Prize winner, a powerful nonfiction debut—an “ honest, engaging, and very moving account of a writer searching for herself in words. ” —Kirkus Reviews (starred) In Other Words is a revelation. It is at heart a love story—of a long and sometimes difficult courtship, and a passion that verges on obsession: that of a writer for another language. For Jhumpa Lahiri, that love was for Italian, which first captivated and capsized her during a trip to Florence after college. Although Lahiri studied Italian for many years afterward, true mastery always eluded her. Seeking full immersion, she decides to move to Rome with her family, for “ a trial by fire, a sort of baptism ” into a new language and world. There, she begins to read, and to write—initially in her journal—solely in Italian. In Other Words, an autobiographical work written in Italian, investigates the process of learning to express oneself in another language, and describes the journey of a writer seeking a new voice. Presented in a dual-language format, this is a wholly original book about exile, linguistic and otherwise, written with an intensity and clarity not seen since Vladimir Nabokov: a startling act of self-reflection and a provocative exploration of belonging and reinvention. Tutto bene! is an entertaining and comprehensive multi-level Italian language course for beginners, uniquely designed for both the classroom and a high degree of independent learning. Based on the communicative

approach, the course comprises a combination of components in a range of media. Book 1 is for beginners. In this level you will learn the survival language you need to get by in Italy. Learn to greet people and introduce yourself. Get to know someone by discussing where they ' re from and exchanging contact details. Be able to describe yourself and others. Order food like an Italian and express your likes and dislikes. Arrange an outing or a dinner. Book a hotel room and make sure it has what you need at the right price. Tutto bene! Book 1 provides the perfect balance, enabling you to enjoy the language while developing an understanding of the grammar. It will give you a strong foundation and the confidence to further develop your Italian. The key components for each level of Tutto bene! are as follows: Tutto bene! book The book presents the Tutto bene! course in a format designed primarily for the classroom but accessible to the independent learner and complementary to the app. Each level of the course comprises a book with ten self-contained yet progressively linked lessons. Each lesson is carefully structured to introduce new language via an episode of the sitcom series followed by graduated conversation practise, ranging from limited to more open-ended dialogues where students apply the language they ' ve acquired. Listening and responding activities are integral to each lesson, as are the simple explanations and deductive activities enabling students to understand the grammar. Writing activities are given at the end of every lesson and may be completed in class or later. Tutto bene!

sitcom In the Tutto bene! sitcom series we follow an almost-normal group of friends through their quotidian ups and downs living and working in Rome and on holidays in other parts of Italy. The off-beat humour, original soundtrack and idiosyncrasies of the characters in these short episodes are both entertaining and a great stimulus for learning, while importantly also serving to make the language memorable. By viewing an episode multiple times at intervals and particularly before starting a new lesson, students will recognise their progress with the language and gain a sense of accomplishment. The sitcom series is the foundation of the course, with a short episode of under four minutes' duration introducing the new language and themes for each lesson in the book and on the app. All episodes of the series can be easily accessed in and out of the classroom: search for Lingopont Tutto bene! on YouTube or download the Lingopont Italian app. Lingopont Italian app: Tutto bene! The app delivers the Tutto bene! course in an interactive mobile format allowing maximum learning flexibility. It is both a vibrant alternative to the classroom for wholly independent learners as well as a rich resource for classroom students to further revise, consolidate and practise. The app offers an engaging and culturally-immersive learning experience with instant feedback for students to monitor their progress. With a transparent structure and supported step-by-step learning in all the skills, students have the choice of working progressively through the course or working selectively on a particular area. Each lesson comprises an

episode of the Tutto bene! sitcom series followed by vocabulary building, speaking, listening, pronunciation and writing activities and culminates in a quiz. There is also a grammar reference for each lesson. Download the Lingopont Italian app from the app store.

Quizás parezca una obviedad decir que los últimos tiempos la sociedad ha cambiado radicalmente. Pero tal vez no lo sea tanto si nos paramos a analizar cuáles son los aspectos que han sufrido las modificaciones más significativas. La importancia que han adquirido Internet, las redes sociales y, en definitiva todo lo que lleve incorporado el adjetivo 'digital' ha transformado nuestro día a día. Hemos dejado en muchas situaciones de ser sujetos pasivos y pasado a ser sujetos activos, de consumidores a productores, todo gracias a los avances en las tecnologías de la información y la comunicación. Además, si algo ha demostrado la pandemia del Covid-19, contexto en el que se elabora el libro que el lector tiene ante sí, es la facilidad que ha tenido el ser humano de aceptar estas transformaciones en su vida cotidiana cuando la situación así lo requería. En este libro se recogen tres ámbitos en los que las transformaciones están siendo muy sustanciales. Se trata de la filosofía, la lengua y la literatura y el sector del videojuego. ¿Qué tiene en común materias tan dispares? Coinciden en los cambios

que están sufriendo por el avance tecnológico. El contenido está organizado cronológicamente, empezando por el aspecto más clásico; la filosofía, continuando por las lenguas y literaturas, y, por último y más actual, los videojuegos.

This book addresses the complexity of mixed

language classroom learning environments in which heritage learners (HL) and second language (L2) learners are concurrently exposed to language learning in the same physical space. Heritage speakers, defined widely as those exposed to the target language at home from an early age, tend to display higher oral proficiency and increased intercultural proficiency but lesser metalinguistic and grammatical awareness than L2 learners. The theoretical and pedagogical challenges of engaging both types of learners simultaneously without polarizing the classroom community dictates the need for well-defined, differentiated learning strategies; in response this book offers best practices and reproducible pedagogical initiatives and methodologies for different levels of instruction. The chapters address themes including translanguaging, linguistic identity, metalinguistic awareness and intercultural competence, with contributions from Europe, Africa and the United States.

Il volume raccoglie il frutto di un lavoro condotto presso il Centro Linguistico di Ateneo dell'Università di Roma Tre dal marzo 2015, all'interno di un gruppo di ricerca sul Task-based Language Teaching. Si tratta di un percorso di ricerca-azione nel quale i membri del gruppo – docenti di lingua, ricercatori, studenti universitari – hanno esplorato questa prospettiva di insegnamento sia nei suoi principi teorici sia nelle sue applicazioni pratiche. Nei sei contributi che compongono il volume si cerca di proporre una visione critica e non prescrittiva, fermo restando che il nostro punto di riferimento essenziale – il task appunto – ha caratteristiche imprescindibili per essere definito tale nell'ambito dell'attività didattica. Il volume si rivolge prevalentemente a studenti universitari di discipline

linguistiche e a insegnanti in servizio e in formazione. Do you know what the hardest thing for an Italian learner is? Finding PROPER reading material that they can handle...which is precisely the reason we've written this book! Teachers love giving out tough, expert-level literature to their students, books that present many new problems to the reader and force them to search for words in a dictionary every five minutes -- it's not entertaining, useful or motivating for the student at all, and many soon give up on learning at all! In this book we have compiled 20 easy-to-read, compelling and fun stories that will allow you to expand your vocabulary and give you the tools to improve your grasp of the wonderful Italian tongue. How Italian Short Stories for Beginners works: Each story will involve an important lesson of the tools in the Italian language (Verbs, Adjectives, Past Tense, Giving Directions, and more), involving an interesting and entertaining story with realistic dialogues and day-to-day situations. The summaries follow a synopsis in Italian and in English of what you just read, both to review the lesson and for you to see if you understood what the tale was about. At the end of those summaries, you'll be provided with a list of the most relevant vocabulary involved in the lesson, as well as slang and sayings that you may not have understood at first glance! Finally, you'll be provided with a set of tricky questions in Italian, providing you with the chance to prove that you learned something in the story. Don't worry if you don't know the answer to any -- we will provide them immediately after, but no cheating! So look no further! Este volumen re ú ne un conjunto de estudios realizados por diferentes especialistas en los que tratan la importancia de la lengua italiana como instrumento para la difusi ó n de la cultura del pa í s. Considerando que el lenguaje y la comunicaci ó n son una parte fundamental de la identidad y la cultura de una sociedad, las contribuciones recogidas en este volumen tratan de mostrar la importancia que tienen tanto los medios de comunicaci ó n como la traducci ó n y la propia did á ctica de la lengua a la hora de transmitir los rasgos identitarios y culturales de un pa í s, en este caso concreto, Italia. En esta obra encontraremos art í culos que abarcan una tem á tica muy diversa que gira, sin embargo, en torno a un mismo eje: el estudio de la lengua, la did á ctica, la traducci ó n o la comunicaci ó n desde una perspectiva humanista.
