Moving to a new Amish settlement in small-town Colorado was a brave new start for independent-minded quiltmaker Esther Kiem. But helping her reckless relative will really put her special matchmaking skills to the test . . . Mischievous and rebellious, young Ben Kiem is making the wrong kind of name for himself throughout the town of Byler. And even though his sister-in-law, Esther, somehow coaxes him into keeping company with sensible Linda Eicher, Ben can ' t see anything they have in common. Or that he could ever be good enough for someone like her. But Linda ' s down-to-earth nature and unexpected understanding have Ben trying his best to be better, no matter how challenging . . . Linda couldn ' t be more surprised when Ben turns out to be caring and helpful, despite his rowdy pranks and bad-news friends. And falling in love with him suddenly seems just right. But when a heartbreaking misunderstanding comes between them, both she and Ben must risk enough to trust, stitch the pieces back together—and dare a forever precious happiness. The worldwide booming timber construction sector and its rapid development beyond the limits of high-rise buildings demands high-performance materials, which are made possible by hardwood. Innovative production methods and manufacturing processes create economically competitive products that open up completely new possibilities for the construction sector - thanks to an almost forgotten building material. For it was not without reason that construction sector used predominantly hardwood until the 18th century. "Building with hardwood" focuses on its use in the supporting structure. The publication provides specialist knowledge for the safe handling of hardwood in building construction and shows successful examples of architecture from practice for practice.

This publication provides guidance for the planning and conduct of land operations by joint forces under the command and control of a joint force land component commander (JFLCC) in an area of operation. It presents options and considerations for use by a joint force commander (JFC) in designating a JFLCC and forming a functional land component, to include advantages and disadvantages of each option. It also addresses the timing and decision of the JFC to form the component and designate the JFLCC, assignment of subordinate commands, and the authority and responsibilities of the commander. It addresses formation, functions, and organization of the component, and provides joint doctrine and selected tactics, techniques, and procedures for operations in support of major operations or campaigns by a JFC across the range of military operations. It includes topics that should be considered when developing a joint land operation plan or order. These operations are primarily those involving large forces to include Army corps and Marine expeditionary forces, and those operations outside of an amphibious objective area, if designated.

For Business, Politics and Absolute Power The Qi Men Dun Jia Sun Tzu Warfare by Joey Yap is the first book of its kind that elucidates Sun Tzu's Art of War in detail. All thirteen chapters of the original classic have been meticulously transliterated line by line, without losing the accuracy of its original meaning. Modern day business commentaries based on Joey Yap's personal experiences in business as a successful entrepreneur are also included, taking into account the perspective of Qi Men Dun Jia application in today's context. This book is intended to advance practitioners to a higher level of understanding on the Art of War, and transform the knowledge into a Tool of War in business and in life.

A totally new idea in sticker books, combining the joy of learning with the joy of stickers. It's an innovative, kid-friendly approach to beloved topics for ages 6 and up, featuring a cutting-edge sticker sheet design that allows for text and color images to appear underneath the sticker. Here's how it works: Read a question, then peel off the corresponding sticker to reveal the answer underneath. The fun doesn't stop there—place the sticker on the facing activity page to create a book of facts and images that can be enjoyed again and again. Once all the stickers are peeled, kids are left with a beautifully designed, information-rich book full of diagrams, facts, and personalized pages to read again and again. Sticky Facts: Construction features dozens of stickers of sky-high cranes and earth-scraping excavators, monster trucks, and clattering power tools. It shows how to create a construction site—and lets kids learn all about the special tools and vehicles we use to build.

Locurna, (pronounced low-KERR-nah), is a Star Traveller who travels to earth to help young children learn about spirituality and right-relationship with others and with the world and to love themselves just as they are, to know themselves as unlimited spiritual beings and carry these concepts into adulthood. This story is written so that it will be used as an interactive tool to open up the dialogue between children and their parents on the concept of spirituality; to give children a feeling of interconnectedness with everything around them, of being mindful of their feelings and respectful of others. Although it may appeal to a broader age range, it has been written to address the development of children between 36 years of age. This is a time when children are easily led, readily identify with their parents, and have an intense curiosity. For younger children who may have a shorter attention span, each page is written to introduce an idea and then initiate dialogue; therefore, the story can be told just one page at a time. A child's sense of wonder is awe-inspiring and something we tend to forget as adults. This story will help children to retain that sense of wonder and to be in the moment throughout their lives. Hold your child but behold them as well, for in teaching we learn and what better thing than to be living with a sense of wonder and to be aware of the miraculous beings we are. Let it be so. This story covers many important ethical topics which are often overlooked in today's society, but are important to integrate into our children's lives. Ms. Pierce has done an excellent job of creating images and characters while leaving the imagination wide open to explore the possibilities. These elements of positive thinking and affirmation encourage children to focus their energies on positive thoughts, actions and outcome. We are inspired by Ms. Pierce's passion for sharing this knowledge with children in a way that will integrate such ideas and theories into the curriculum of our children's lives; for by looking to inspire and enlighten the next generation we create new hope for the human race. Educational Administration and Leadership Identity Formation explores approaches and issues that arise in leadership identity formation in a variety of educational contexts. Bringing together a range of national and international contributions, this volume provides a global perspective on this multi-dimensional topic. This book examines the theoretical foundations relevant to identity and identity formation, and their implications for researching and teaching in educational administration and leadership. It includes a range of sociological, psychological, political, cultural, and socio--linguistic approaches to examining leadership identity formation. It also addresses models, practices and experiences that vary according to identity politics, cultural difference, and historical and contemporary privilege in leadership identity formation. Working from theoretical and practice-base perspectives, this book will be of great interest for researchers, practitioners, policy-makers and academics, as well as students in teacher education programs and graduate courses in educational administration and leadership, organisational studies, and educational ethics for broad international use.

Best Daym Takeout Drive-ins, diners and dives: Daymon Patterson, author of Eating Across America, is better known as Daym Drops, an American food critic, YouTube celebrity, and television presenter. He initially gained popularity on YouTube for his video review of a Five Guys takeoutmeal, which spawned a viral online song by the Gregory Brothers. He hosted Best Daym Takeout, a food-review oriented television program on the Travel Channel, based on his experiences and with certain aspects borrowed from his YouTube channel. "Best Daym Takeout", aired in 2013, with works featured on The Jimmy Fallon show. That's where Rachel Ray's Team found me, and brought me on for a few episodes before Rachel Ray offered me a position on the show as her Food Correspondent. Experiencing Intercultural Communication: An Introduction

Challenges for International Peace and Security

294 pages, 130 black & white illustrations, size 5.5 x 8.5 inches. In 1963, Temple Press UK published a revised and expanded 4th UK edition of 'Tuning for Speed' and, in 1965, they published a reprint of that 1963 edition. Both the 1963 and the 1965 publications are identical in content and contain 294 pages, a significant increase from the previous 208 page 1960 printing. With a total of 294 pages, the revised and expanded 4th UK edition is the most comprehensive of all of the 'Tuning for Speed' editions ever published. Earlier editions only stretched to 208 pages and later editions shrunk to 260 pages (or less) as what was thought to be 'dated information' was deleted from the contents. This 'dated information' is considered valuable today by those enthusiasts interested in vintage motorcycle tuning and modification. Consequently, this makes the revised 4th UK publication the most complete and desirable edition. Therefore, it is our pleasure to offer this reprint of the Floyd Clymer 'Revised 4th UK Edition or Second American Edition of 'Tuning for Speed' to motorcycle enthusiasts worldwide. 'Tuning for Speed' was originally published in 1948 and continuously reprinted and updated in order to keep pace with the constantly evolving range of British motorcycles and engines. While the primary focus of this publication is on 1965 and prior British motorcycles, the theory and engineering it contains is still applicable to the current crop of high revving imports. 'Tuning for Speed' is considered by many knowledgeable motorcycle enthusiasts to be one of the best books ever written on how to improve, modify and fine tune a motorcycle engine and it is often referred to as one of the 'top 10' classic motorcycle books. The Floyd Clymer association with this publication dates back to the early 1960's when he purchased the United States Publishing rights for 'Tuning for Speed' from Temple Press in the UK and, in 1967, Clymer published the 1st American edition of that title. However, by 1967, the Clymer publication had been preceded by 8 printings of the UK edition and was incorrectly identified by Clymer as a 9th edition. In fact, the 1967 Clymer publication is actually a reprint of the less desirable 208 page 1960 UK edition. However, in 1963, the 4th UK edition was revised and expanded to 294 pages (with a second identical re-print in 1965). Therefore, this 2nd American edition of the Floyd Clymer publication of 'Tuning for Speed' includes all of that valuable 'dated information' that was deleted from the later editions and is identical in all respects to the 294 page1963/1965 revised and expanded 4th UK edition - with the exception that 7 pages of UK-based advertising to the rear of the book are not included in the Clymer publication.

This is an enhanced ebook with a read-along function. It's a rainy day so the boy and his elephant, Émile, decide the perfect way to pass their time is with a trip to the museum. Their problems start before they even walk through the doors. First, what door does an elephant fit through? And second, why does the grumpy guard assume they are going to cause problems? It seems like as soon as they start to enjoy an exhibit, he's right there yelling at them not to touch anything. Like they would ever do that! Then, in a flash everything changes and suddenly Émile and the boy find themselves in a very precarious situation. Will the guard be right about these two after all?

This volume provides a framework for approaching and understanding mental normativity. It presents cutting-edge research on the ethics of belief as well as innovative research beyond the normativity of belief—and towards an ethics of mind. By moving beyond traditional issues of epistemology the contributors discuss the most current ideas revolving around rationality, responsibility, and normativity. The book ' s chapters are divided into two main parts. Part I discusses contemporary issues surrounding the normativity of belief. The essays here cover topics such as control over belief and its implication for the ethics of belief, the role of the epistemic community for the possibility of epistemic normativity, responsibility for believing, doxastic partiality in friendship, the structure and content of epistemic norms, and the norms for suspension of judgment. In Part II the focus shifts from the practical dimensions of belief to the normativity and rationality of other mental states—especially blame, passing thoughts, fantasies, decisions, and emotions. These essays illustrate how we might approach an ethics of mind by focusing not only on belief, but also more generally on debates about responsibility and rationality, as well as on normative questions concerning other mental states or attitudes. The Ethics of Belief and Beyond paves the way towards an ethics of mind by building on and contributing to recent philosophical discussions in the ethics of belief and the normativity of other mental phenomena. It will be of interest to upper-level students and researchers working in epistemology, ethics, philosophy of action, philosophy of mind, and moral psychology.
