

Operating Systems Concepts 9th Edition

Lecture01_ProcessSynchronization.pptx - Operating System ...

Operating System Concepts-9 th Edition :
Silberschatz, Galvin and Gagne 6 Solution to the
critical-section problem A solution to the critical-
section problem must satisfy the following three
requirements: • Mutual exclusion.If process P_i is
executing in its critical section, then no other

processes can be executing in their critical sections.

- Progress.If no process is executing in its ...

The required textbook for this course is "Operating System Concepts, Ninth Edition " by Silberschatz, Galvin, and Gagne. Most of the material in these pages was originally taken from the seventh edition of that book, later updated to the eighth edition, and then to the ninth edition. Some material was taken from the current literature in the

Details about Operating System Concepts:

Operating System Concepts, now in its ninth edition, continues to provide a solid theoretical foundation for

understanding operating systems. The ninth edition has been thoroughly updated to include contemporary examples of how operating systems function. The text includes content to bridge the gap between concepts and actual implementations.
