Popular Mechanics

The Complete Idiot's Guide to Boating and Sailing

Popular Mechanics inspires, instructs and influences readers to help them master the modern world. Whether it's practical DIY home-improvement tips, gadgets and digital technology, information on the newest cars or the latest breakthroughs in science -- PM is the ultimate guide to our high-tech lifestyle.

The Weekend Captain's Guide to Basic Boating

Official Gazette of the United States Patent and Trademark Office

The Weekend Captain's Guide to Basic Boating is different from any other book on the subject. It reads like a novel, but is filled with information and facts like a reference book. It goes beyond the basics and is meant to be inspirational, as well as educational. It helps to build one's self confidence by showing that most of the problems that you may encounter on the water are universal. They invariably will happen to everyone at one time or another. It is important to realize that you are not alone and that these things do not only affect you. Problems may arise at any time. It is the knowledgeable, self confident boater that turns them around and moves on.

Yachting

Field & Stream

FIELD & STREAM, America's largest outdoor sports magazine, celebrates the outdoor experience with great stories, compelling photography, and sound advice while honoring the traditions hunters and fishermen have passed down for generations.
