Patient With A New
Strategy
Developing the strategy
Patient safety is about
maximising the things
that go right and
minimising the things
that go wrong. It is

integral to the NHS' definition of quality in healthcare, alongside effectiveness and patient experience. This strategy sets out what the NHS will do to achieve its vision to continuously improve patient safety.

NHS England » The NHS Patient Safety Strategy
The NHS Patient Safety Strategy seeks to ensure improvement in both patient safety and standards. It is estimated that the

initiative could save almost 1,000 extra lives and £100 million in care costs each year from 2023/24. It is also considered that there is potential scope to reduce claims provision by around £750 million per year by 2025.

Patient Safety is everyone's responsibility: The New ...

A new national patient safety strategy for the NHS In July 2019, NHS Improvement published

the first ever national patient safety strategy. Here, Matthew Fogarty from the national patient safety team in NHS England and NHS Improvement explains parallels between the new strategy and the Q community. Read comments 5

And Treatment Of ...
The Patient Safety
Strategy, published in

Page 11/63

July 2019, was designed to deliver improvements in patient safety and standards. The ambition is to make the NHS the safest system in the world to receive healthcare and it is thought that the implementation of the strategy could save nearly 1000 extra lives per year from 2023/24, whilst saving £100 million in care costs.

PATIENT EXPERIENCE AND
ENGAGEMENT STRATEGY
2019-2022

Our new strategy
(2019-2024) On 23 April
2019, we published our

new five year strategy.
The new strategy -
Delivering outstanding
care, every time
(2019-2024) - is
designed to give
everyone connected with
St George's clarity
about our aims and
ambitions for the
future. The new strategy
will drive decision-
making across our two
main sites at St
George's Hospital in
Tooting; Queen Mary's
Hospital in Roehampton;
plus services we run in
the community.

Our new strategy
(2019-2024) - St
George's University ...
Our Patient Value
Strategy is the
foundation for our goal
to lead in specific
patient populations by
2025 and guides us on
our journey to become
the patient-preferred
biopharma leader. This
future goal is supported
by three strategic
imperatives: 1. Keep
patients and innovation
at the core of our
activities.

Patient Value Strategy -
UCB Integrated Annual
Report 2019

The Secretary of State asked us to develop a new Strategy for Patient Safety as a 'golden thread' running through healthcare. We consulted you on a set of ideas in December 2018 and you were clear and generous in your responses (see Annex 1). We received 527 contributions from organisations and individuals (staff, patients and carers).

The NHS Patient Safety Strategy

April 27, 2017 - As meaningful patient engagement continues to be a core priority for healthcare professionals, clinicians need a thorough understanding of patient education strategies. Ensuring patients are knowledgeable about their healthcare is the surest method for sparking patient activation.
