A WORLD
WITHOUT PAIN?

Can such a place exist?

It not only can---it

Page 16/133

does. But it's no utopia. It's a colony for leprosy patients: a world where people literally feel no pain, and reap horrifying consequences. His work with leprosy patients in India and the United States convinced Dr. Paul Brand that pain truly is one of God's great gifts

Page 17/133

to us. In this inspiring story of his fifty-year career as a healer, Dr. Brand probes the mystery of pain and reveals its importance. As an indicator that lets us know something is wrong, pain has a value that becomes clearest in its absence. The Gift of Pain looks at what pain is and why we need it.

This book focuses
on medieval legal

discuss the birth of
the Common Law,

the interaction
between systems of
law, the evolution of

and the operation

factors will ensure a

Does Paul teach a hierarchy of authority of man over woman, or does he teach the full equality of man and woman in the church and home? In *Man and Woman, One in Christ*, Philip Barton Payne answers this

Page 22/133

question and more,
injecting crucial
insights into the
discussion of Paul's
view of women.
Condensing over
three decades of
research on this
topic, Payne's
rigorous exegetical
analysis
demonstrates the

Page 23/133

consistency of Paul's message on this topic and its coherence with the rest of his theology. Payne's exegetical examination of the Pauline corpus is thorough, exploring the influences on Paul, his practice as a church leader, and

Page 24/133

his teachings to various Christian communities. Paul's theology, instruction, and practice consistently affirm the equal standing of men and women, with profound implications for the church today. Man

Page 25/133

and Woman, One in Christ is required reading for all who desire to understand the meaning of Paul's statements regarding women and their relevance for Christian relationships and ministry today. This work has the

Page 26/133

potential of uniting
the church on this
contentious issue.
When Jesus said,
“Suffer the
children,” faith
healing is not what
he had in mind
At a time in England
when loyalty to
Scripture placed
Christians in the

Page 27/133

center of the nation's wars, Gurnall was more concerned with the souls of his people than the issues of conflicting political parties. Compiled from his many sermons on "the saints' war against the devil," his exhaustive

Page 28/133

exposition of
Ephesians 6:10-20
treats the spiritual
battles of believers
and their God-given
protection.
Originally written in
three volumes
(1655-1662), the
book first covers the
Christian's call to
arms and describes

Page 29/133

the nature of the battle and the character of our enemy. The various pieces of godly armor and weapons, and their use on offense and defense, are then described at length, item by item and verse by verse.

More pastoral and

Page 30/133

practical than
theological,
Gurnall's work is
filled with spiritual
insight, encouraging
exhortation, and
inspiring word
pictures concerning
the importance of
doctrinal truth as "a
girdle for the mind,"
the power of

Page 31/133

holiness, the "pre-eminence of faith against other graces," and much more. Profoundly biblical and as relevant today as it was almost 350 years ago, Gurnall's work is a resource that will add grace to the library of

Calvinist and
Arminian alike. This
edition includes an
introduction and

What does it take
for lasting change

Page 41/133

to take root in your life? If you've ever tried, failed, and wondered what you could do differently, you need to read *How People Change*. In the book, biblical counseling experts Timothy S. Lane and Paul David

Page 42/133

Tripp explain the biblical pattern for change in a clear, practical way you can apply to the challenges of daily life. But change involves much more than just a biblical formula: you will see how God is at work to

Page 43/133

make you the person you were created to be. That powerful, loving, redemptive relationship is at the heart of all positive change you experience. A changed heart is the bright promise of the gospel, but

Page 44/133

many of us wonder
if we'll ever see
lasting change
take root in our
lives. When the
Bible talks about
the gift of a new
heart, it doesn't
mean a heart that
is immediately
perfected, but a
heart that is

Page 45/133

capable of being
changed. Jesus's
work on the cross
targets our hearts,
our core desires
and motivations,
and when our
hearts change, our
behavior changes.
How People
Change targets
the root of a

Page 46/133

person: the heart.
When our core
desires and
motivations
change, only then
will behavior
follow. Using a
biblical model of
Heat, Thorns,
Cross, and Fruit,
Paul David Tripp
and Timothy S.

Page 47/133

Lane reveal how lasting change is possible. You don't need to be stuck anymore. In Christ, you are a new creation. The old has gone and the new has come. Includes a foreword by David Powlison.

Page 48/133

This book has been around a while. Since it was first published, a lot of other books about health have come and gone. Some of them have been bigger than this one, but none of them have ever been better.

Page 49/133

Perhaps you have noticed the explosion in diet and exercise publications.

Today it is obvious that the pursuit of health and fitness is more than just a quick fad. Looking and feeling good isn't optional, for

Page 50/133

many people these days, it's a high lifestyle priority.

"The Ministry of Healing" is a book that crusades for total fitness, not just physical fitness because we are human beings and are more than just

Page 51/133

bodies. This book speaks to the needs of the whole person, body, mind and spirit. For a whole lot less than one visit to the Doctor, this classic on health will tell you how to manage stress, get well and

Klaus-Dieter John

On a Wing and a

Prayer

It was totally

Page 57/133

dark. The lights in the city were turned off, and there were no street lamps, no neon signs, and no extra glow in shop windows. Klaus noticed that theirs was the only car on the road. How would they slip by the checkpoint?

Page 58/133

Klaus glanced at his wife Tina, whose eyes were shut in prayer. Suddenly he heard a thunderous crash, then saw a bright flash of light. Klaus-Dieter John dreamed of becoming a medical missionary in the

Page 59/133

developing world.
He would do
whatever it took
-- study in top
universities and
practice surgery
in remote and
dangerous places
-- to reach his
goal of providing
health care for
people who
needed it most. Dr.

Page 60/133

John's seemingly impossible vision of Diospi-Suyana, a hospital for impoverished Peruvians deep in the Andes Mountains, was blessed by God to the end. Despite challenges in fundraising, construction,

and countless

In the past,
changes in
behavior and in
belief have been
leading indicators
for missionaries
that Christian
conversion had
occurred. But
these alone--or
even
together--are
insufficient for a

Page 66/133

gospel
understanding of
conversion. For
effective biblical
mission, Paul G.
Hiebert argues,
we must add a
third element: a
change in
worldview. Here
he offers a
comprehensive
study of

Page 67/133

worldview--its philosophy, its history, its characteristics, and the means for understanding it. He then provides a detailed analysis of several worldviews that missionaries must engage today, addressing the

Page 68/133

impact of each on Christianity and mission. A biblical worldview is outlined for comparison. Finally, Hiebert argues for gospel ministry that seeks to transform people's worldviews and offers suggestions

for how to do so.

How does the
