POWER PLANT EN
GINEERING-

MANOJ KUMAR

GUPTA 2012-06-12

This textbook has
been designed for a
one-semester course
on Power Plant
Engineering studied
by both degree and
diploma students of
mechanical and

Page 2/136

electrical engineering.
It effectively exposes
the students to the
basics of power
generation involved in
several
Power Plant
Engineering Khurmi
Power plant
engineering or power
station engineering is
a division of power
engineering, and is

Page 3/136

defined as "the engineering and technology required for the production of central station electric power." The field is focused on the generation of power for industries and communities, not for household power production.

division of power

engineering, and is

defined as "the

engineering and

Page 104/136

technology required for the production of central station electric power." The field is focused on the generation of power for industries and communities, not for household power production.
