*Page 132/166*

might've heard that the driver's license test in Louisiana is immensely difficult, regardless of your driving experience. Plenty of out-of-staters will tell you horror stories of how they failed terribly on the written exam... despite years of driving under their belts. And it's even scarier if

*Page 133/166*

*practice-test-1-written-test*

you've never been  
behind the wheel.  
Because as excited as  
you may be to start  
driving on your own...  
you only get a few tries  
to pass the written

forced to begin the  
whole application  
process all over again.  
Even if you've read  
through the DMV

handbook over and over, you might miss a "redundant" question where all of the answers look like they could be correct. And missing just one question is enough to invalidate your entire driver's license application. But there's a simple and easy way to save yourself the

embarrassment of failing your driver's license test. With the right study guide, you'll be prepared for every question you come across on the test so you can pass with flying colors. In this Louisiana Driver's Practice Tests Course, you will discover: A comprehensive guide
