Great concept to
introduce basics
quantum physics to
babies! It is never too
early to start reading
to kids! The only con
about this product is

Page 100/105

quantum-physics-for-babies

that the design and pictures are a bit basic and the book is a bit flimsy since its paperback. 36 people found this helpful

For my niece's
birthday, I bought the

Page 104/105

book 'Quantum
Physics for Babies'. In
this video I read
through it and give my
expert opinion on
what it contains.
Does...
