R.C.C. Design and Drawing is a learning guide to design and drawing of constructing buildings using Reinforced Cement Concrete (R C C). The book tackles the topic in 3 parts. Part A deals with basic concepts regarding the making of R C C in its various forms.

Hi, I'm planning on building a G+1 villa house by the sea. The structural eng decided to go with shallow strip

raft foundation which would lead to partial load bearing walls. The strip raft foundation has columns which are of lesser thickness & depth, and use minimal steel than what you have in regular RCC column footings but then it goes through the entire set of house walls and is 3-4 ...
