The Easiest Way to Communicate Right Away!

Korean for Beginners

A Must-read for the Learners of Korean

A handy introduction to the Korean language that is concise, simple, and useful. Much more than Korean phrasebook, Practical Korean has been written to fill a specific need: that of the hundreds of thousands of people now visiting Korea for business or holidays or even living there for a year or two, who wish to learn something of the spoken Korean language around them. The grammatical structure of Korean is particularly complicated, and difficulties plague foreign students learning Korean. Samuel E. Martin, renowned Asian language expert and professor emeritus at Yale University has simplified some of the common problems to acquaint the reader with the most useful way to say a lot of everyday things, without having to memorize long lists of grammatical rules. The compact size makes it ideal for traveling to Korea or reading on a plane, train or bus.

The sentences are almost all given in the polite (yo) style, which is both the simplest and the most widely used. The student will quickly make progress

learning to comprehend and speak Korean.
