

Ripples From The Zambezi Pion Entrepreneurship And The Rebirth Of Local Economies

Ptolemy's Almagest is one of the most influential scientific works in history. A masterpiece of technical exposition, it was the basic textbook of astronomy for more than a thousand years, and still is the main source for our knowledge of ancient astronomy. This translation, based on the standard Greek text of Heiberg, makes the work accessible to English readers in an intelligible and reliable form. It contains numerous corrections derived from medieval Arabic translations and extensive footnotes that take account of the great progress in understanding the work made in this century, due to the discovery of Babylonian records and other researches. It is designed to stand by itself as an interpretation of the original, but it will also be useful as an aid to reading the Greek text.

This book has been considered by academicians and scholars of great significance and value to literature. This forms a part of the knowledge base for future generations. We have represented this book in the same form as it was first published. Hence any marks seen are left intentionally to preserve its true nature.

"Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnappd and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt

Snowpiercer Vol. 3: Terminus

A scintillating collection of stories from the master of science fiction.

This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Horace Fletcher, an American health-food advocate of the Victorian era, earned the nickname ""The Great Masticator"" through his advocacy that food needed to be chewed thirty-two times before being swallowed. At the age of 58, he conducted a series of strength and endurance experiments at the Yale Gymnasium versus college athletes which claimed that Fletcher could outperform these athletes. Fletcher also had a great interest in human excreta, believing that it evidenced one's true nutrition. He also advocated for a low-protein diet as a means of health and well-being. Through this 1913 volume Fletcher explains his theories of health and well-being and how, you too, can become a Fletcherite.

In a fast-paced and funny adventure, Kit must use the magic of books to save the library--and its resident dragon--from a power-hungry tycoon. Kit Spencer can't stand reading. She'd rather be outside playing and getting muddy than stuck inside with a book. But when her best friends, Josh and Alita, drag her to the local library, Kit makes an incredible discovery: she's a wizard--and books are the key to her abilities. Unfortunately, a greedy businessman wants to tear down the beloved library, destroying all its magic. To make matters worse, there's a sleeping dragon hidden there, and if she's awakened, her wild power will wreak havoc. With the help of a friendly dragon-dog hybrid named Dogon, Kit and her companions will have to find a way to save the dragon in the library--and maybe the world! A humorous romp full of library enchantment, with a diverse cast of characters and dynamic illustrations.

This fully revised classic text provides a comprehensive and integrated overview of the community theory and skills fundamental to all areas of social work practice.

Brutified is a collection of poetry written by the author Robert Benefiel. The poems contained within it are from a larger cache of poems written in 2019. The pieces themselves range from narrative to abstract, bibliographical to fictionalized, allowing for a fuller range of expression and voice. What each piece carries is the idea of surviving the brutality of the world, others, and even one's self, in hopes of gaining insight and retaining one's compassion. Whether the piece is addressing the idea of finding one's own art at a junk store, or stumbling across a love note written before, but after, a lover has left them, or even watching a young midget be chased through the mall, the author never ceases to try and present the emotion and meaning at the core of each piece in a blatant yet subtle way.

Ray Bradbury Stories Volume 2

Decolonization and Dependency

The Spanish Influenza pandemic of 1918-19 was the worst pandemic of modern times, claiming over 30 million lives in less than six months. In the hardest hit societies, everything else was put aside in a bid to cope with its ravages. It left millions orphaned and medical science desperate to find its cause. Despite the magnitude of its impact, few scholarly attempts have been made to examine this calamity in its many-sided complexity. On a global, multidisciplinary scale, the book seeks to apply the insights of a wide range of social and medical sciences to an investigation of the pandemic. Topics covered include the historiography of the pandemic, its virology, the enormous demographic impact, the medical and governmental responses it elicited, and its long-term effects, particularly the recent attempts to identify the precise causative virus from specimens taken from flu victims in 1918, or victims buried in the Arctic permafrost at that time.

Receiving a text from Sasha, my girlfriend, at work was always risky. Especially when she wanted to know if her girlfriend was horny. A short and sweet (and filthy) story.

Fiction. Women's Studies. Short Stories. Beginning with a story of an ex sex-worker drifting through a small rural town in the south, and ending with a young woman's wedding night, who learns from her new husband what it takes to kill a man, Nash writes across the complications of working class women, rendering their desires with visceral prose and psychologically dissecting the fundamental root that threads her work: craving and the conflicts within.

Complete Atlas of the World, 3rd Edition is now fully revised and updated to reflect the latest changes in world geography, including the annexation of Crimea and the new nation of South Sudan. Bringing each featured landscape to life with detailed terrain models and color schemes and offering maps of unsurpassed quality, this atlas features four sections: a world overview, the main atlas, fact files on all the countries of the world, and an easy-to-reference index of all 100,000 place names. All maps enjoy a full double-page spread, with continents broken down into 330 carefully selected maps, including 100 city plans. You will also find a stimulating series of global thematic maps that explore Earth's place in the universe, its physical forms and processes, the living world, and the human condition. From Antarctica to Zambia, discover the Earth continent-by-continent with Complete Atlas of the World, 3rd Edition.

World history has expanded dramatically in recent years, primarily as a teaching field, and increasingly as a research field. Growing numbers of teachers and Ph.Ds in history are required to teach the subject. They must be current on topics from human evolution to industrial development in Song-dynasty China to today's disease patterns - and then link these disparate topics into a coherent course. Numerous textbooks in print and in preparation summarize the field of world history at an introductory level. But good teaching also requires advanced training for teachers, and access to a stream of new research from scholars trained as world historians. In this book, Patrick Manning provides the first comprehensive overview of the academic field of world history. He reviews patterns of research and debate, and proposes guidelines for study by teachers and by researchers in world history.

Allen's Synonyms and Antonyms

Ally knows her super-efficient big sis Linn finds their chaotic family a bit ... exasperating. But when Linn falls for Q, the tearaway lead singer in a local band, all her sensible ways go out of the window. Everyone else can see that Q's a creep, but does Ally have the courage to burst Linn's heart-shaped bubble?

Uncearths the forgotten history of a catastrophic flood, examining its profound impact upon the environment and society of modern China.

This book contains all the known published and unpublished essays by S. Bodhesako: Beginnings, Change, The Buddha and Catch-22, The Myth of Sisypus, Faith, and Being and Craving. In the first essay, Beginnings, the author discusses the authenticity and relevance of the Buddhist Canon. The second essay, Change, investigates the concepts of change, impermanence and time in relation to experience and argues against equating them with the concept of flux or continuous change. In the third essay, The Buddha and Catch-22, the similarities between Joseph Heller's novel and the Buddha's

Teaching are discussed. The next essay, The Myth of Sisypus, is a Buddhist reinterpretation of the Greek myth of Sisypus, which is symbolizing the endless, recurring nature of our tasks. Ven. Bodhesako also discusses Albert Camus' interpretation of this myth. The essay Faith investigates the relevance of faith in the Buddha's Teaching, while the last essay, Being and Craving, deals with the Buddhist concept of craving and its traditional interpretation.

As co-founder of the expedition that discovered Lucy, and leader of most of the first site-surveys in the Afar Depression in Ethiopia, Jon Kalb has years of experience with the region, its politics, and the scientists involved in the excavations. A participant himself in the "bone wars" that accompanied these discoveries, Kalb recounts the cutthroat competition and back stabbing that were often part of the media-highlighted race to find the oldest hominid fossil. He weaves this story in the rich fabric of Ethiopian society and politics, the plight of the regions peoples, and the international maneuverings for control of the fossil finds.

'A beautiful read / a perfect primer for an explosive lesbian affair / an essential truth' Lena Dunham 'I have meditated repeatedly on what it was about Finn that had me so dismantled.' A young woman moves from the countryside to the city.Inexplicably, inexorably and immediately, she falls in love with another woman for the first time in her life.Finn is nineteen years older than her, wears men's clothes, has a cocky smirk of a smile - and a long-term girlfriend.With precision, wit and tenderness, Women charts the frenzy and the fall out of love.

The Nature of Disaster in China

The twelfth-century French poet Chrétien de Troyes is a major figure in European literature. His courtly romances fathered the Arthurian tradition and influenced countless other poets in England as well as on the continent. Yet because of the difficulty of capturing his swift-moving style in translation, English-speaking audiences are largely unfamiliar with the pleasures of reading his poems. Now, for the first time, an experienced translator of medieval verse who is himself a poet provides a translation of Chrétien's major poem, Yvain, in verse that fully and satisfyingly captures the movement, the sense, and the spirit of the Old French original. Yvain is a courtly romance with a moral tenor; it is ironic and sometimes bawdy; the poetry is crisp and vivid. In addition, the psychological and the socio-historical perceptions of the poem are of profound literary and historical importance, for it evokes the emotions and the values of a flourishing, vibrant medieval past.

This very handsome volume was published in 1902 but it lacked that quintessence of the art of heraldry--colour. Now, after nearly eighty years, this omission has been put right in the present edition, in which the old feudal coats, culled from some of the ancient rolls of arms, have been rendered in their true glory. At last the heraldic tyro, unable to interpret the colours of a coat of arms from its blazon (the description given in heraldic terms) will be able to see it as it should be seen. The book has acquired a new, appealing and important dimension. -- Introduction.

BOOKS IN SERIES: 8 BOOKS IN READING FREEDOM 2000 PROGRAM: 24 ISBN: 978174020 0202 AUTHOR: Hunter Calder RRP: \$13. 95 PAGES: 72 pp. The Phonics First series has been written specifically for pre-readers and beginning readers (suggested age 4 - ... 6). The series is carefully structured to develop phonemic awareness - ... the ability to identify individual sounds in words as well as the ability to blend sounds into meaningful words. In Phonics First Book 5, students are introduced to higher order phonics skills and generalisations. They learn the common consonant digraphs, long vowel rules, and the soft 'ec', and 'eg', sounds. Through a variety of motivational exercises and activities students develop their skills so they are able to read words containing these sounds with accuracy and fluency. The Reading Freedom 2000 Diagnostic Handbook should be used to place students at the correct level in the program. In order to work successfully with the Phonics First Activity Books, teachers should refer to the Phonics First Teacher Resource Book and monitor student progress with the Phonics First Achievement Tests.

This is the sixth title in a series of titles focussing on the oral literary tradition of various East African ethnic groups - the Maasai, the Embu and the Mbeere amongst others - published by EAEP. Okumba Miruka, particularly known for his contribution to oral literature in Kenya, sets out to contextualise his subject by first explaining about the Luo people and culture - from migratory patterns and economic activity to the concept of divinity, death, warfare and Luo cuisine and eating culture. He then approaches the oral literature of the Luo through the genres of riddles, proverbs, poetry and narratives. For each genre, he offers a general introduction, notes on style, convention, performance and social function, and a wide range of samples, or 'primary texts' with commentaries.
