Saga Vol 1

I picked up Saga, Volume 1 by Brian K. Vaughan and illustrated by Fiona Staples after I saw a great deal in the Book Riot email list, so I now know what all the fuss is about. Brian K. Vaughan has created an adult comic (I feel like I have to clarify that it 's adult, because YA is my default expectation for this space) for fans of science fiction, star-crossed love and action adventure.

There's an awful lot of crap in the graphic novel world, but it's strangely wonderful little gems like Saga, Vol. 1 that make rummaging through the rest of it feel completely worth the effort. This first volume is a bizarre, imaginative and very funny beginning to what I'm hoping will be a fantastic series.
