Description. For
millions of people
worldwide, nurses
are the difference
between life and
death, self-
sufficiency and
dependency, hope
and despair. But a
lack of
understanding of
what nurses really

Page 4/83

Saving Lives
exposes the
media's role in the
nursing shortage
and the often
dismissive public
perception of
nursing. But it is
also a call to action.
Saving Lives offers
concrete steps to

Page 5/83

help nurses, and those who support them, educate the public about nursing.

Saving Lives Why The Medias

Saving Lives has a serious point, that the devaluation of nursing...

discourages students from the

Page 6/83

field and contributes to a critical nursing shortage.

Newsweek A stunning expose of the media's inaccurate portrayals. It should be mandatory reading for media creators, physicians, policy makers, and the public.
