

## Selected Stories Philip K

This is a collection of seven short science fiction novels by Philip K. Dick written in the 1950s. Philip Kindred Dick was an American novelist, short story writer, and essayist whose published work during his lifetime was almost entirely in the science fiction genre. This early time period from Dick's life was a difficult and impoverished time for him. He sold his first story in 1951. The seven stories in this collection were written by Dick for several popular science fiction and fantasy magazines that were published in the 1950s. These stories are selected from more than 120 short science fiction novels that he wrote for the magazines. The seven stories are "Beyond Lies the Wub", "Beyond the Door", "The Crystal Crypt", "The Defenders", "The Eyes Have It", "The Gun", and "The Skull". It is a pleasure to collect and publish these stories in this new, high quality, and affordable edition. With a Preface by the Author and an Introduction by Russel Zelazny "The collected stories of Philip K. Dick are awe inspiring." --The Washington Post. Readers worldwide consider Philip K. Dick to have been the greatest science fiction writer on any planet. Since his untimely death in 1982, interest in Dick's work has continued to mount, and his reputation has been enhanced by a growing body of critical attention. The Philip K. Dick Award is now presented annually to a distinguished work of science fiction, and the Philip K. Dick Society is devoted to the study and promulgation of his works. This collection draws from the writer's earliest short and medium-length fiction (including several previously unpublished stories), written during the years 1952-1955, and features such fascinating stories as Paycheck (adapted as a major motion picture starring Ben Affleck and Uma Thurman), Beyond Lies the Wub, The Short Happy Life of the Brown Oxford, The Variable Man, and many others. Here, readers will find Dick's initial explorations of the themes he so brilliantly brought to life in his later work. Dick won the prestigious Hugo Award for the best novel of 1963 for The Man in the High Castle. In the last year of his life, the film Blade Runner was made from his novel Do Androids Dream of Electric Sheep? More recently, Dick's short story The Minority Report inspired Steven Spielberg's movie of the same title. The classic stories of Philip K. Dick offer an intriguing glimpse into the imagination of one of science fiction's most enduring and respected names. \*Philip K. Dick's best books always describe a future that is both entirely recognizable and utterly unimaginable.\* --The New York Times Book Review "More than anyone else in the field, Mr. Dick really puts you inside people's minds." --The Wall Street Journal

Paycheck, originally written as a short story by Philip K. Dick and first published in 1953, centres on an electrician who wakes up to discover his employer has erased his memory of the past two years -- as a security measure. When he tries to collect his paycheck, he finds he had previously signed a release replacing the money with a bag of random objects. Previous film adaptations of Dick's short stories have included the box office smash hits MINORITY REPORT, TOTAL RECALL and BLADE RUNNER, released shortly after Dick died in 1982.

International bestselling author Jeffrey Archer has enthralled readers with his riveting suspense, surprise denouements, and unforgettable storylines. Now Archer's three acclaimed collections of short fiction are brought together in one irresistible volume. THE COLLECTED SHORT STORIES A Quiver Full of Arrows takes readers on a journey of encounters that befall an assortment of kindly strangers, wary old friends, and long-lost loves. Sly reflections on human nature are at the center of A Twist in the Tale in which blindly adventurous game-players compete for stakes higher than they dreamed. Expect the unexpected and you'll still be surprised in Twelve Red Herrings, a dozen tales of betrayal, love, murder and revenge capped with a startling twist. Thirty-six stories in all, each poised to astonish and inspire, revealing "master entertainer" (Time) Jeffrey Archer at his artfully entertaining best. Blade Runner

The Minority Report

The Collected Stories of Philip K. Dick Volume 2

Total Recall

Philip K. Dick's Electric Dreams

This early work by Philip K. Dick was originally published in 1953 and we are now republishing it with a brand new introductory biography. 'Small Town' is a short story about a man with godlike power over two towns. Philip Kindred Dick was born on December 16 1928, in Chicago, Illinois. Dick and his family moved to the Bay Area of San Francisco when he was young, and later on to Washington DC following his parents divorce. Dick attended Elementary school and then a Quaker school before the family moved back to California. It was around this time that Dick began to take an active interest in the science fiction genre, reading his first magazine 'Stirring Science Stories', at age twelve. Dick married five times between 1959 and 1973, and had three children. He sold his first story in 1951 and from that point on he wrote full-time, selling his first novel in 1955. In addition to 44 published novels, Dick wrote an estimated 121 short stories, most of which appeared in science fiction magazines during his lifetime. In addition to 44 published novels, Dick wrote an estimated 121 short stories, most of which appeared in science fiction magazines during his lifetime. It is 1998, the year in which America is whipped into a frenzy of prurience by the impeachment of a president, and in a small New England town, an aging classics professor, Coleman Silk, is forced to retire when his colleagues decree that he is a racist. The charge is a lie, but the real truth about Silk would have astonished his most virulent accuser. Coleman Silk has a secret. But it's not the secret of his affair, at seventy-one, with Fania Farley, a woman half his age with a savagely wrecked past--a part-time farmhand and a janitor at the college where, until recently, he was the powerful dean of faculty. And it's not the secret of Coleman's alleged racism, which provoked the college witch-hunt that cost him his job and, to his mind, killed his wife. Nor is it the secret of misogyny, despite the best efforts of his ambitious young colleague, Professor Delphine Roux, to expose him as a fiend. Coleman's secret has been kept for fifty years: from his wife, his four children, his colleagues, and his friends, including the writer Nathan Zuckerman, who sets out to understand how this eminent, upright man, esteemed as an educator for nearly all his life, had fabricated his identity and how that cannilly controlled life came unraveled. Set in 1990s America, where conflicting moralities and ideological divisions are made manifest through public denunciation and rituals of purification, The Human Stain concludes Philip Roth's eloquent trilogy of postwar American lives that are as tragically determined by the nation's fate as by the "human stain" that so ineradicably marks human nature. This harrowing, deeply compassionate, and completely absorbing novel is a magnificent successor to his Vietnam-era novel, American Pastoral, and his McCarthy-era novel, I Married a Communist.

Philip K. Dick was one of the masters of science fiction, and his short stories consistently broke new ground. His work has provided the inspiration for many successful films, including BLADE RUNNER, MINORITY REPORT, PAYCHECK and many more. Here are his final short works, including the story which was the inspiration for TOTAL RECALL. Also included is a selection of other astounding tales, often touching on Dick's most important themes. A man remembers killing his wife - but can he trust his memories? If you were to discover that you were an android, what experiments would you perform on yourself? A supercomputer decides to attack Northern California - can it be talked out of doing the job it was designed for? Can history rewrite itself? All of these questions will be asked as you enter the world of Philip K. Dick's remarkable imagination.

The stories that inspired the original dramatic series. Though perhaps most famous as a novelist, Philip K. Dick wrote more than one hundred short stories over the course of his career, each as mind-bending and genre-defining as his longer works. Philip K. Dick 's Electric Dreams collects ten of the best. In "Autofac," Dick shows us one of the earliest examples (and warnings) in science fiction of self-replicating machines. "Exhibit Piece" and "The Commuter" feature Dick exploring one of his favorite themes: the shifting nature of reality and whether it is even possible to perceive the world as it truly exists. And "The Hanging Stranger" provides a thrilling, dark political allegory as relevant today as it was when Dick wrote it at the height of the Cold War. Strange, funny, and powerful, the stories in this collection highlight a master at work, encapsulating his boundless imagination and deep understanding of the human condition.

The Eyes Have It

Minority Report

Second Variety and Other Classic Stories

Second Variety

"Dick is one of the ten best American writers of the twentieth century, which is saying a lot. Dick was a kind of Kafka steeped in LSD and rage."—Roberto Bolaño What is VALIS? This question is at the heart of Philip K. Dick's ground-breaking novel, and the first book in his defining trilogy. When a beam of pink light begins giving a schizophrenic man named Hoserlover Fat (who just might also be known as Philip K. Dick) visions of an alternate Earth where the Roman Empire still reigns, he must decide whether he is crazy, or whether a godlike entity is showing him the true nature of the world. VALIS is essential reading for any true Philip K. Dick fan, a novel that Roberto Bolaño called "more disturbing than any novel by [Carson] McCullers." By the end, like Dick himself, you will be left wondering what is real, what is fiction, and just what the price is for divine inspiration. Over a career that spanned three decades, Philip K. Dick (1928–1982) wrote 121 short stories and 45 novels, establishing himself as one of the most visionary authors of the twentieth century. His work is included in the Library of America and has been translated into more than twenty-five languages. Eleven works have been adapted to film, including Blade Runner (based on Do Androids Dream of Electric Sheep?), Total Recall, Minority Report, and A Scanner Darkly.

Features twenty-one stories from the well-known science fiction writer, including "Beyond Lies the Wub," "The Days of Perky Pat," and "The Electric Ant."

The FATHER THING contains the stories written in 1956, just before the publication of Dick's first novel, SOLAR LOTTERY. The stories are a mix of the previously uncollected and some of his most famous pieces such as Foster, You're Dead a powerful extrapolation of nuclear war hysteria, and The Golden Man, a very different story about a super-evolved mutant human.

Thirteen short stories by the legendary author of The Man in the High Castle and other science fiction classics. Philip K. Dick didn't predict the future—he summoned the desperate bleakness of our present directly from his fevered paranoia. Dick didn't predict the Internet or iPhones or email or 3D printers, but rather he so thoroughly understood human nature that he could already see, even at the advent of the transistor, the way technology would alienate us from each other and from ourselves. He could see us isolated and drifting in our own private realities even before we had plugged in our ear buds. He could see, even in the earliest days of space exploration, how much of our own existence remained unexplored, and how the great black spaces between people were growing even as our universe was shrinking. Philip K. Dick spent his first three years as a science fiction author writing shorter fiction, and in his lifetime he composed almost 150 short stories, many of which have gone on to be adapted into (slightly watered down) Hollywood blockbusters. Collected here are thirteen of his most Dickian tales, funhouse realities with trap doors and hidden compartments.

The Philip K. Dick Reader

Paycheck and Other Classic Stories By Philip K. Dick

The Collected Stories of Philip K. Dick Volume 1

and Other Conversations

The Hanging Stranger

With this collection of stories, readers are drawn into a world with a mysterious twist, a sense of otherness that eludes description. This thought-provoking writing—part science fiction, part mystery, part fantasy—includes all of the writer's earliest short and medium-length fiction.

The definitive editions of Philip K. Dick's short stories, containing some of the most defining works in the Science Fiction genre. This stunning new edition of Philip K. Dick's work includes the infamous Lies Beyond the Wub as well as a litany of mind-expanding other works. Some of the most influential stories from the 21st century that have had a massive impact on popular culture.

A collection of eighteen science fiction short stories features "The Minority Report," in which Commissioner John Anderton's clever use of "precogs," people who can identify criminals before they can do any harm, turns against him when they identify him as the next criminal.

This generous collection contains 22 stories and novellas by Dick, one of the seminal figures of 20th century science fiction. They provide an ideal introduction to one of the most singular imaginations of the modern era.

Philip K. Dick: The Last Interview

We Can Remember It for You Wholesale

Many thousands of readers worldwide consider Philip K. Dick to have been the greatest science fiction writer on any planet. Since his untimely death in 1982, interest in Dick's work has continued to mount and his reputation has been enhanced by a growing body of critical attention. This collection draws from the writer's earliest short and medium-length fiction (including several previously unpublished stories) during the years 1952-1955.

Selected Stories of Philip K. Dick contains twenty-one of Dick 's most dazzling and resonant stories, which span his entire career and show a world-class writer working at the peak of his powers. In " The Days of Perky Pat," people spend their time playing with dolls who manage to live an idyllic life no longer available to the Earth 's real inhabitants. " Adjustment Team " looks at the fate of a man who by mistake has stepped out of his own time. In " Autofac," one community must battle benign machines to take back control of their lives. And in " I Hope I Shall Arrive Soon," we follow the story of one man whose very reality may be nothing more than a nightmare.

The collection also includes such classic stories as " The Minority Report," the basis for the Steven Spielberg movie, and " We Can Remember It for You Wholesale," the basis for the film Total Recall. With an introduction by Jonathan Lethem, Selected Stories of Philip K. Dick is a magnificent distillation of one of American literature's most searing imaginations.

This volume of the classic stories of Philip K. Dick offers an intriguing glimpse into the early imagination of one of science fiction's most enduring and respected names. Since his untimely death in 1982, interest in Dick's work has continued to mount and his reputation has been enhanced by a growing body of critical attention as well as many films based on his stories and novels. Featuring the story We Can Remember It for You Wholesale, which inspired the major motion picture Total Recall, this collection draws from the writer's earliest fiction, written during the years 1952-55. Also included are fascinating works such as The Adjustment Team (basis of the 2011 movie The Adjustment Bureau), Impostor (basis of the 2001 movie), and many others. "A useful acquisition for any serious SF library or collection." —Kirkus Reviews "More than anyone else in the field, Mr. Dick really puts you inside people's minds." --Wall Street Journal "The collected stories of Philip K. Dick are awe-inspiring." --Washington Post

Based on thousands of personal notes, letters and other written sources, a definitive presentation of the late science-fiction and metaphysical author's unpublished masterwork offers insight into his life-long exploration of the nature of reality and perception and the relationship between humanity and the divine.

The King of the Elves [1947-1952], Vol. 1

Selected Stories of Philip K. Dick

A disparate group of characters are brought together on a ravaged Earth and must contend with an underclass that's starting to ask too many questions.

A mismatched display of Philip K. Dick's quirky, humorous, idiosyncratically philosophical world view. With one exception, all the stories of this volume were written over a nine-month period between 1951 and 1952, when Dick was making his first impact as a writer.

**NATIONAL BESTSELLER** • A stunning " portrait of the enduring grace of friendship " (NPR) about the families we are born into, and those that we make for ourselves. A masterful depiction of love in the twenty-first century. **NATIONAL BOOK AWARD FINALIST** • **MAN BOOKER PRIZE FINALIST** • **WINNER OF THE KIRKUS PRIZE A Little Life** follows four college classmates—broke, adrift, and buoyed only by their friendship and ambition—as they move to New York in search of fame and fortune. While their relationships, which are tinged by addiction, success, and pride, deepen over the decades, the men are held together by their devotion to the brilliant, enigmatic Jude, a man scarred by an unspeakable childhood trauma. A hymn to brotherly bonds and a masterful depiction of love in the twenty-first century, Hanya Yanagihara ' s stunning novel is about the families we are born into, and those that we make for ourselves. Look for Hanya Yanagihara ' s bestselling new novel, To Paradise, available now.

"The fourth volume of the definitive five-book set of the complete collected stories of the twentieth century's greatest sf author covers a wide span, from late 1954 through to 1963. Those were the years during began writing novels prolifically and his short story output lessened."--Back cover.

The Simulacra

Beyond Lies the Wub

An electric collection of interviews—including the first and the last—with one of the 20th century's most prolific, influential, and dazzlingly original writers of science fiction Long before Ridley Scott transformed Do Androids Dream of Electric Sheep? into Blade Runner, Philip K. Dick was banging away at his typewriter in relative obscurity, ostracized by the literary establishment. Today he is widely considered one of the most influential writers of the 20th century. These interviews reveal a man plagued by bouts of manic paranoia and failed suicide attempts; a career fuelled by alcohol, amphetamines, and mystical inspiration; and, above all, a magnificent and generous imagination at work.
This collection brings together five stories which explore a range of perspectives within the genre of science fiction. From space travel to time travel, scientific experiments and teleportation, these stories will fascinate and delight fans of science fiction everywhere.

Science fiction-roman om livet p å Jorden efter en altø delæggende krig, hvor de f å overlevende kommer i konflikt med de menneskelignende robotter, androider, som de selv har skabt

In this fascinating book, New Yorker business columnist James Surowiecki explores a deceptively simple idea: Large groups of people are smarter than an elite few, no matter how brilliant—better at solving problems, fostering innovation, coming to wise decisions, even predicting the future. With boundless erudition and in delightfully clear prose, Surowiecki ranges across fields as diverse as popular culture, psychology, ant biology, behavioral economics, artificial intelligence, military history, and politics to show how this simple idea offers important lessons for how we live our lives, select our leaders, run our companies, and think about our world.

Upon The Dull Earth

The inspiration for the film 'Total Recall', starring Colin Farrell and Kate Beckinsale, and directed by Len Wiseman. This book-only edition of Philip K. Dick ' s classic short story tells the story of Douglas Quail, an unfulfilled bureaucrat who dreams of visiting Mars, but can't afford the trip. Luckily, there is Rekal Incorporated, a company that lets everyday stiffs believe they ' ve been on incredible adventures. The only problem is that when technicians attempt a memory implant of a spy mission to Mars, they find that real memories of just such a trip are already in Quail's brain. Suddenly, Quail is running for his life from government agents, but his memories might make him more of a liability than he is worth. Originally published as "We Can Remember It For You Wholesale."
