This can be attributed to the SIGMA Spectrum Infusion System smart pump design, which facilitates staff training and simplifies workflow with rapid, easy set-up, infusion programming, and troubleshooting. The ease of programming the SIGMA Spectrum Infusion System was discovered during the pump fair. “Typically, nurses assessing the SIGMA Spectrum

### **SIGMA Spectrum Infusion System**

4 months ago Under Infusing When testing the Sigma Spectrum we continually get under infusion. In some cases the accuracy is -10%. When sending the pump in to Manufacturer they claim the pump is only under infusing at -4%. We had this happened to many Sigma Spectrum Pumps. We use certified Flowtrax II system also a certified scale to confirm.
