Income Tax Made Easy

Federal Income Tax

The second edition of Questions & Answers: Federal Income Tax is a comprehensive updated study guide designed to prepare students for midterms and finals. This study guide contains over two hundred multiple-choice and short-answer questions which progress through topics similar in sequence and manner to many federal income tax courses taught at the law school level. This student guide also contains a comprehensive practice exam designed to prepare students for final exams with explanations about each correct and incorrect answer choice.

The complicated subject of Income Tax is written for the benefit of students - in a simple language, explaining the provisions of law step-by-step with the help of suitable illustrations, without resorting to paraphrasing of sections and legal jargon. This edition is thoroughly revised to make it more student friendly, designed on 'teach yourself' technique which enables the student to learn faster. Contains more than 400

solved problems and an equal number of unsolved exercises of similar type. It covers chapters starting with 1.basic concepts 2. residential status and its effect on tax incidence.....income from salaries, income from house property..... Income under the head "Profits and gains of business or profession" and its computation,.....Capital gains..... etc etc and has total of 27 chapters plus 6 appendices!!!

A Guide for Secondary School Students

U.S. Federal Income Tax Guide for International Students and Scholars

This Guide book does not teach substantive tax law, which constantly changes, but rather the language of tax, which largely remains constant. Thus, a student who learns how to read the Internal Revenue Code effectively will be able to understand each new tax reform. To that end, A Student's Guide to the Internal Revenue Code: • Examines statutory organization and language; • Introduces basic tax constants to provide a frame of reference from which to view tax law, no matter what future tax reform might bring; • Teaches how to use and research the cases, regulations, and Internal Revenue proclamations; • Provides numerous problems and exam questions which students can use to test their ability to apply the

language of the Internal Revenue Code; and • Provides sample answers to problems and exams for students to monitor their progress. This eBook features links to Lexis Advance for further legal research options.

This book does not teach substantive tax law, which continually changes, but rather the language of tax, which largely remains constant. Thus, a student who learns how to read the Code effectively will be able to understand each new tax reform. To that end, this new edition:\

Taxmann's Students' Guide to Income Tax Including GST | AY 2023-24 - The bridge between theory & application, in simple language with explanation in a step-by-step manner & original illustrations
Taxmann's Students' Guide to Income Tax including GST | Problems & Solutions - Specific Focus on 'New' Problems & 'Different' Solutions with Illustrations, Solved Problems | A.Y. - 2023-24

For Use in Preparing ... Returns

Taxmann's flagship publication for Students on Income Tax & GST Laws with a specific focus on New Problems & Different Solutions. Besides illustrations & solved problems, it contains unsolved exercises based on the readers' queries received by the authors over the years. This book is an authentic, up-to-date & amended book on Income Tax problems & solutions for the following students • CA Intermediate (May/Nov. 2023) • CS Executive (June/Dec. 2023) • CMA (June/Dec. 2023) • B.Com. • M.Com. • MBA • Other Professional Examinations The Present Publication is the 26th Edition and is updated till 1st December 2022. Practical income-tax problems are solved per the law applicable for A.Y. 2023-24. GST problems are solved as per law amended up to 1st December 2022. This book is authored by Dr. Vinod K. Singhanian & Dr. Monica Singhanian with the following coverage: • [Provisions of Income Tax & GST along with a Guide] Section One covers provisions of Income Tax & GST along with a guide for students to update and refresh their knowledge • [Solved Problems on Typical Contemporary Issues of Law] Section Two covers solved problems, with a 'specific emphasis on typical contemporary issues of the law in recent years. These set of problems are unique as they have not been covered in any examination paper, nor are these found in similar print books • [Solutions to the Problems showing the Right Approach] Section Three covers solutions to problems, similar to the unsolved exercises given in [68th Edition] of Taxmann's Students' Guide to Income-tax, including

GST. The idea behind this is to induce the students to solve the unsolved exercises on their own while they have a working model before them showing the right approach. The contents of this book are as follows:

- Basic concepts that one must know
- Residential status and its effect on tax incidence
- Income that is exempt from tax
- Income under the head 'Salaries' and its computation
- Income under the head 'Income from house property'
- Income under the head 'Profits and gains of business or profession and its computation'
- Income under the head 'Capital gains' and its computation
- Income under the head 'Income from other sources' and its computation
- Clubbing of income
- Set-off and carry forward of losses
- Permissible deductions from gross total income
- Meaning of agriculture income and its tax treatment
- Individuals - Computation of taxable income
- Hindu undivided families
- Firms and association of persons
- Return of income
- Advance payment of tax
- Tax deduction and collection at source
- Interest payable
- GST

Appendix o Tax Rates

achieve the benchmark of 'Zero-Error' The contents of the book are as follows: • Income Tax o Basic concepts that one must know o Residential status and its effect on tax incidence o Income that is exempt from tax o Income under the head 'Salaries' and its computation o Income under the head 'Income from house property' and its computation o Income under the head 'Profits and gains of business or profession' and its computation o Income under the head 'Capital gains' and its computation o Income under the head 'Income from other sources' and its computation o Clubbing of income o Set-off and carry forward of losses o Permissible deductions from gross total income o Meaning of agriculture income and its tax treatment o Individuals - Computation of taxable income o Hindu undivided families - Computation of taxable income o Firms and association of persons - Computation of taxable income o Return of income o Advance payment of tax o Deduction and collection of tax at source o Interest payable by assessee/Government • GST o Basic concepts of GST o Concept of Supply o Levy of GST o Exemptions from GST o Place of supply o Time of supply o Value of taxable supply o Reverse charge mechanism o Input tax credit o Composition Scheme and Alternative Composition Scheme o Registration o Tax invoice, credit and debit notes o Returns, tax payment and interest o Provisions governing Real Estate Services o Problems on GST • Appendix o Tax Rates o Question set for CA (Intermediate) Examinations and Answers o Depreciation rates for power-generating units o Answers to unsolved exercises This highly-acclaimed text explains the conceptual basis of federal income taxation. It is designed to help students quickly pull together the entire subject for end-of-semester review and provide perspective about where a topic fits within the federal income tax scheme. While focusing on the present income tax, the text provides an explanation of the often-discussed consumption tax and contrasts the two taxes in a note at the end of the volume. The new edition reflects legislative, judicial, and administrative developments since the twelfth edition (including the 2012 tax rate increases and the Supreme Court's Windsor decision), and increases the number of end-of-chapter problems by almost 60%.
