Download Tales Of The Greek Heroes books, Some of the oldest and most famous stories in the world -- the adventures of Perseus, the labors of Hercules, the voyage of Jason and the Argonauts -- are vividly retold in this single connected narrative of the Heroic Age, from the coming of the Immortals to the fall of Troy. With fresh dialogue and a brisk pace, the nineteen myths of this version are enthrallingly vivid.

Tales of the Greek Heroes weaves together stories of ancient Greek heroes from the beginning to Troy. The stories are similar to any other retelling, but the book manages to make them more of a cohesive unit with one story relating to and

leading to the next. These retellings are excellent and I highly recommend reading them to people of all ages!

*Tales of the Greek Heroes (Puffin Classics): Green, Roger ...*  
Lancelyn Green became known primarily for his writings for children, particularly his retellings of the myths of Greece (Tales of the Greek Heroes and The Tale of Troy) and Egypt (Tales of Ancient Egypt), as well the Norse mythology (The Saga of Asgard, later renamed Myths of the Norsemen) and the stories of King Arthur (King Arthur and His Knights of the Round Table) and Robin Hood (The Adventures of Robin Hood).

Set against the colorful background of Greece and the Aegean, the adventures of heroes such as Perseus the Gorgon-slayer, Dionysus, Theseus, and Jason and the Argonauts once again come to life. In this skillful retelling, these tales are as vivid and exciting as when they were first told 3,000 years ago.

Story. 4.5 out of 5 stars 6. The Tale of Troy tells of the last great adventure of the Heroic Age. It is the story of Helen and the judgment of Paris; of the gathering of the heroes and the siege of Troy; of Achilles, reared by the centaur on wild honey and the marrow of lions; of Odysseus, his great strategy of

the Wooden Horse, and of his many adventures on his long journey home to Greece.

*Tales of the Greek Heroes Audiobook | Roger Lancelyn Green ...*

But as an introduction to Greek mythology, *Tales of the Greek Heroes* is pretty unbeatable. It explains the events of the mythology in a manner both clear and succinct. And although the Greek heroes were perhaps not as heroic as Green would have had me believe, knowing who they are has still come in pretty handy.
