

# Tantric Mage Beginners Guide Tips And Techniques To Master The Art Of Tantric Mage

Create and use powerful symbols of Will Practical Sigil Magic is widely regarded as the definitive guide to the topic. Unavailable for a number of years and long sought-after by magicians, this classic work is now available once again. Sigil magic is one of the most efficient and economical of magical disciplines. It can be performed

without complicated rituals or paraphernalia, is independent of philosophical and dogmatic premises, and can be learned easily and quickly. Most important, it will give even beginning magicians the chance to work with the power of the Will and enhance their own abilities. This classic reference work will provide magicians—from novice to adept—with instruction that will empower and advance their magical practice. Praise: “Frater U? D? writes from a background of extensive practical achievement and theoretical knowledge to present a book of magical techniques for those who dare to use them.”—Peter J. Carroll, author of *Liber Null & Psychonaut*

Over a decade in development, Tantric Thelema develops author Sam Webster's Pagan Dharma work uniting Pagan, especially Thelemic spirituality with Buddhist wisdom and ritual technology. It gives a complete method for learning a Mahayoga Tantric technique for invoking the primary deity of Thelema, Ra-Hoor-Khuit. Forty-seven practices are described in fine detail with clear theory to enable the reader to advance spiritually. For the first time ever the Initiatory and Couples practices are published, along with a practice to prepare for Death. Sam Webster, M. Div., Mage, has taught magick publicly since 1984. He graduated from Starr King School for the

Ministry at the Graduate Theological Union in Berkeley in 1993. He is an Adept of the Golden Dawn and a cofounder of the Chthonic-Ouranian Templar order, as well as an initiate of Wiccan, Buddhist, Hindu and Masonic traditions. His work has been published in a number of journals such as Green Egg, Reclaiming Quarterly, Mezlim, and Gnosis. He founded the Open Source Order of the Golden Dawn in 2001 ([www.OSOGD.org](http://www.OSOGD.org)), and serves the Pagan community principally as a priest of Hermes.

A new paradigm that delivers a genuine transformation of occultism. The author assumes no previous knowledge, only a

willingness to explore what magick offers, yet it is apparent to anyone with a background in the subject that Alan Chapman is drawing on a wide range of experience, from classical Crowleyean Magick, to eastern metaphysics, and back again to Discordianism and Chaos Magick. Chapman's writing-style is humorous, direct, seductively logical, and his enthusiasm for the benefits of magick is both tangible and infectious. The novice magician will indeed find themselves equipped to commence all sorts of magickal operations: trance work, enchantment, divination, and even some of the higher forms of spiritual development. To experienced magicians, Chapman offers a

subtler challenge: he revitalises magick by cutting it free from the extreme relativism Chaos Magick bequeathed, provocatively redefining it as: the art, science and culture of experiencing truth. When the Licktoad Goblins of Brinestump Marsh get ahold of a crate of fireworks, adventurers are needed to handle the explosive and annoying situation. But in vanquishing the pyromaniac goblins, the heroes uncover a secret that has been hidden in the marsh for nearly a quarter of a century -- a secret that sends them north to the mysterious ruins of Brinewall Castle, where a powerful legacy waits to be rediscovered. A Pathfinder Roleplaying Game

adventure for 1st-level characters, The Brinewall Legacy launches the Jade Regent Adventure Path, a sweeping quest that takes the heroes from familiar territory in Varisia all the way across the ice fields of the Crown of the World to distant Tian Xia, the land of the Dragon Empires. This volume also includes details on oni -- wicked, shape-changing spirits -- in the Pathfinder world, a detailed look at the village of Sandpoint and its environs, as well as an overview of the entire pulse-pounding Jade Regent campaign! Plus, five terrifying new monsters in the Pathfinder Bestiary, new adventures of Varian Jeggare and Radovan (stars of the Pathfinder

Tales novels Prince of Wolves and Master of Devils) in the Pathfinder's Journal, and much more!

Learn how to use the principles and practices of natural magic for personal development and spiritual empowerment • Offers detailed descriptions of the magical properties of minerals, animals, plants, and the earth ' s cycles and how to use them in your own practice • Explores the magical laws of nature and how to guide your inner energy to work in concert with cosmic energies • Details how to design your own ceremonies, practice elemental meditations, and craft your own magical talismans, wands, and divining rods An expert on European rural folk magic traditions, author Nigel Pennick presents a comprehensive introduction to the

principles, rituals, practices, and magical tools required to draw on the magic inherent in the natural world. He explains how people throughout the centuries have built a relationship with the elemental energies around them using simple, everyday practices in order to attune themselves to nature, the seasons, and the cosmos for magical purposes. The author explores earth, mineral, and plant magic as well as the magical properties of the earth ' s cycles and concentrated places of power within the landscape. He examines magical workings with animals, drawing on authentic traditions such as the Toadsmen or Toadswomen, whose power is given by toads, and the Berserker qualities conferred by magical bondings with

wild animals like bears and wolves. He explains how to craft your own magical talismans, wands, and divining rods; design your own ceremonies; practice elemental meditations; fortify your health with herbs and crystals; and set an altar with the right food and drink for your intention. Pennick also describes how the practical techniques of natural elemental magic work through interactions between the inner world of the mind and spirit, the outer world, and the otherworldly. He shows that having a deeper understanding of the interconnectedness of all things and the inner power of these magical elements strengthens the practitioner ' s harmony with nature, and thus their power. By harnessing the elemental energies around us, we can

work with nature for personal development, spiritual empowerment, and the successful achievement of our desires

Examines every category of occult phenomena from ESP to Eastern ritual and explores the basic laws of magic, relating them to the natural laws of the universe.

Self-initiation into practical magic with clear instructions on how to perform invocation and evocations, achieve astral projection, make effective talismans, or practice divination using either geomancy, tarot or I Ching. Useful for a complete beginner or those further along the path.

Composite and multiple-text

manuscripts are traditionally studied

for their individual texts, but recent

trends in codicology have paved the

way for a more comprehensive

approach: Manuscripts are unique

artefacts which reveal how they were

produced and used as physical

objects. While multiple-text

manuscripts codicologically are to be

considered as production units, i.e.

they were originally planned and

realized in order to carry more than one text, composites consist of formerly independent codicological units and were put together at a later stage with intentions that might be completely different from those of its original parts. Both sub-types of manuscripts are still sometimes called "miscellanies", a term relating to the texts only. The codicological difference is important for reconstructing why and how these manuscripts which in many cases resemble (or contain) a small library were produced and used. Contributions on the manuscript cultures of China, India, Africa, the Islamic world and European traditions lead not only to the

conclusion that "one-volume libraries" have been produced in many manuscript cultures, but allow also for the identification of certain types of uses.

Covering the basics of Celtic shamanism, with reference to traditional lore and source materials through the lens of both ancient and modern Druidry and shamanic practice, *The Druid Shaman* is a well rounded guide, showing the seamless cross over between Druidry and shamanism in the Celtic tradition. It covers topics such as how to attain and work with guides and allies, understanding the spirit realm and interaction with spirits of all kinds, accessing powers of place, traveling

the world tree and working with the seven directions and exploring and navigating within the Celtic Otherworld. With practical techniques, exercises and core skills, The Druid Shaman can be used as a practical manual as well as a valuable resource for practicing shamans and druids as well as those new to the subject.

Now in a fully corrected edition, one of the true spiritual classics of the twentieth century. Published for the first time with an index and Cardinal Hans Urs von Balthasar ' s afterword, this new English publication of Meditations on the Tarot is the landmark edition of one of the most important works of esoteric

Christianity. Written anonymously and published posthumously, as was the author ' s wish, the intention of this work is for the reader to find a relationship with the author in the spiritual dimensions of existence. The author wanted not to be thought of as a personality who lived from 1900 to 1973, but as a friend who is communicating with us from beyond the boundaries of ordinary life. Using the 22 major arcana of the tarot deck as a means to explore some of humanity ' s most penetrating spiritual questions, *Meditations on the Tarot* has attracted an unprecedented range of praise from across the spiritual spectrum. Learn to do astounding tricks with

cards, coins, rope; also, comedy magic, mental dexterity, more. Few props and little sleight of hand needed. "The best book yet on easy-to-do magic." — Martin Gardner. 247 illustrations.

"Nightshades is the record of one remarkable magician's exploration of the inverse regions of the Tree of Life. Aleister Crowley's Liber

231 provides the map and Kenneth Grant's Nightside of Eden a travelogue. "Liber 231, apparently started life as a text within the Hermetic Order of the Golden Dawn, as an exercise to develop astral and trance abilities or perhaps in other more elaborate rites. The nightside aspect requires some care and alertness in case of accident. The correct attitude is said to be one of self or ego-less witness. Or maybe it's just one needs Or maybe it's just one needs the use of an all-embracing rather than a limited kind of identity and self-identification?" "The Nightside is always with us. It's so much older than the Dayside. Before the light began to shine, the night was there. Some assume that we are

dealing with a simple polarity. On one hand the radiant world of colours and forms, more or less thinkable, reasonable and meaningful. Like the pretty picture of the Tree of Life it has its scenic cites, its hotels, restaurants, shopping opportunities and highways in between. On the other hand the chaotic world of uncertain and incomprehensible mysteries. Both of them connected by the voidness that makes them possible. It looks symmetrical. But when you reach the Nightside it doesn't work like that. The Nightside is not simply a reflection of the dayside with a few confusing and spooky bits thrown in. The Dayside is a tiny island of experience in a huge ocean, the Nightside, full of currents, island

chains and continents of the possible and impossible. All and Nothing are present everywhere. Our island is not the opposite of the world-ocean, it is simply a tiny and comprehensible part of it." Jan Fries Nightshades comprises 72 intense drawings prefaced by an explanatory essay detailing the background and genesis of this ultimate magical adventure. When Christopher Penczak was introduced to Witchcraft, he found a spiritual path that honored and embraced his homosexuality. Now he has written a book of clearheaded theory and practice that is bound to become a classic. With *Gay Witchcraft*, Penczak joins the ranks of his forebearers in spirit, gay writers who have taken a tradition and made it home. This is a complete book of theory and spiritual practices of Witchcraft for the gay community. Penczak's writing will make it much easier for gay, lesbian, bisexual, and

transgender people interested in practicing any form of Witchcraft. Exploring the history of Paganism and offering a compendium of spells, meditations, ceremonies, and affirmations that will enrich both the novice and the experienced practitioner seeking out new views of myth, ritual, and healing.

A tantric massage practice for awakening and honoring male creative energy and allowing a man conscious, loving contact with his own masculinity • Empowers men to expand and deepen their experience of arousal and sensuality • Demonstrates how deep relaxation is important to a strong and lasting erection • Shows how the lingam connects a man to his dynamic strength while

the prostate is linked to his more receptive side. Lingam is the Sanskrit word for the male generative organ, the penis. In India, the lingam is revered as an expression of Shiva's clarity, symbolizing the fine sword that differentiates between truth and falsehood. The goal of a lingam massage is to provide a man conscious, loving contact with his own masculinity. Western cultural expectations around sexual "performance" have created sexual difficulties for many men, including erectile dysfunction and premature ejaculation. Through loving touch, lingam massage provides the deep relaxation that supports sustained erection, putting a man in touch with less familiar aspects of his sexuality,

including the energetic responses of his perineum, prostate gland, and anus. Lingam massage is not simply a hands-on technique but involves the conscious direction of energy throughout the body. It allows men to savor longer, deeper orgasms and teaches taoist and tantric practices for conserving sexual energy. Over time, as his consciousness deepens, these practices give a man complete control over his ejaculation.

THE GREAT SECRET By Carl  
Llewellyn Weschcke How many

times has someone promised to reveal "the Great Secret" that will bring you Wealth, Health, Power and Love? Like many people, I am sure this has happened to you more than once. Well, did you get this Great Secret? Or, should I ask, did it bring you the Wealth, Health, Power and Love you wanted? I bet not, regardless of how much money you paid for that Great Secret. But, that doesn't mean there isn't a Great Secret that will enable you to obtain all the material things you want. A half-century ago, a little recognized American occultist named Ophiel told me that the greatest contribution from the eastern world to western esotericism was to be found in the

Hindu Tantric practices involving the "Tattwas." Later I learned that work with the Tattwas had been incorporated into the magical practices of the famous Hermetic Order of the Golden Dawn back in the late 1800's. And then, in 1971, a brilliant Australian teacher, Dr. Jonn Mumford, taught me how to activate the Tattwas in my own mind. "And why "That's where the Great Secret starts - in your MIND. "What are these Tattwas? "The Tattwas are the five elements (not four, not 92, and not 110) that make up the foundations of our Material World in combination with the two fundamental 'forces' of Consciousness and Energy. The

Tattwas are the forms of Energy behind the manifestation of all Matter. Remember Einstein's famous equation " $E=mc$  where "E" stands for Energy and "m" stands for Matter? "It demonstrates that every substance in the world is made up of these five elemental energies.

Universal Mind, including our individual minds, is itself Energy and it is this energetic connection that enables you with your mind to access and work with these fundamental energies and forces behind all material manifestation. The Tattwas are represented in printed images that are then called "Yantras. "A Yantra is defined by Mumford as "a tool for focusing the

mind," "encouraging conception, and invoking or evoking elemental forces." (All quotations in this article are taken from his book, "Magical Tattwas" 1997 which is included with 25 Tattwa cards and one ritual card in a boxed set) " "It is also important to more clearly describe the function of the Tattwa cards as "'information storage and retrieval devices' of amazing potency. They are the primary building blocks from which all magical symbols, sigils, talismans, ciphers and designs are composed." "The Tattwa 'triggers' the psychic layers of our mind through the compressed power of it's geometrical shape, the primal colors

vibrating forth, and the implied numerical concepts in each shape." "

The Miracle of the One Thing

This volume contains all three books of theoretical and practical use by Franz Bardon. Franz Bardon needs no introduction in the field of Magic, Evocation, occultism, practical use of the first three tarot cards, use of magical words and letters. A Course of Instruction of Theory & Practice of Magic+ Magical Evocation + Magical Words Anyone who should believe to find in this work nothing else but

a collection of recipes, with the aid of which he can easily and without any effort attain to honor and glory, riches and power and aim at the annihilation of his enemies, might be told from the very inception, that he will put aside this book, being very disappointed. Numerous sects and religions do not understand the expression of "magic" otherwise than black art, witchcraft or conspiracy with evil powers. It is therefore not astonishing that many people are frightened by a certain horror, whenever the word "magic" is pronounced. Jugglers, conjurers, and charlatans have discredited this term and, considering this circumstance, there is no surprise

that magic knowledge has always been looked upon with a slight disregard. Even in the remotest times the MAGUS has been regarded as one of the highest adepts and it might be of interest to learn that, as a matter of fact, the word "magic" is derived from this word. The so called "sorcerers" are by no means initiates but only imitators of the mysteries, who counting partly on the ignorance and partly on the credulity of the individuality or a whole nation in order to reach their selfish aims by, lies and fraud. The true magician will always despise such practices. In reality, magic is a sacred science, it is, in the very true sense the sum of all knowledge

because it teaches how to know and utilize the sovereign rules. There is no difference between magic and mystic or any other conception of the name. Wherever authentic initiation is at stake, one has to proceed on the same basis, according to the same rules, irrespective of the name given by this or that creed. Considering the universal polarity rules of good and evil, active and passive, light and shadow, each science can serve good as well as bad purposes. Let us take the example of a knife, an object that virtually ought to be used for cutting bread only, which, however, can become a dangerous weapon in the hands of a murderer.

All depends on the character of the individual. This principle goes just as well for all the spheres of the occult sciences. In my book I have chosen the term of "magician" for all of my disciples, it being a symbol of the deepest initiation and the highest wisdom. Many of the readers will know, of course, that the word "tarot" does not mean a game of cards, serving mantical purposes, but a symbolic book of initiation which contains the greatest secrets in a symbolic form. The first tablet of this book introduces the magician representing him as the master of the elements and offering the key to the first Arcanum, the secret of the ineffable name of

Tetragrammaton\*, the quabbalistic Yod-He-Vau-He. Here we will, therefore, find the gate to the magician's initiation. The reader will easily realize, how significant and how manifold the application of this tablet is. Not one of the books published up to date does describe the true sense of the first Tarot card so distinctly as I have done in my book. It is – let it be noted – born from the own practice and destined for the practical use of a lot of other people, and all my disciples have found it to be the best and most serviceable system.

\*Tetragrammaton literally means "the four-letter word". It was a subterfuge to avoid the sin of

uttering the sacred name YHVH (Yahveh) or Jehova as it later became when the vowels of another word were combined with the consonants of YHVH. But I would never dare to say that my book describes or deals with all the magic or mystic problems.

This important survey of alchemical symbols and doctrines sets forth the mysterious worldview and teachings of the practitioners of the "royal art." One of the leading exponents of the Hermetic tradition, Julius Evola demonstrates the singularity of subject matter that lies behind the words of all adepts in all ages, showing how alchemy--often misunderstood as primitive chemistry or a mere template for the Jungian process of "individuation"--is nothing less than a universal secret science of human and natural transformation. First published in 1931 in Italian. This is the first English translation. Draws from a host of sources in the Western esoteric tradition--works on theurgy, magic, and gnosticism from neoplatonic, Arab,

and medieval sources.

Blood Magick is a synthesis of ancient tradition and contemporary innovations designed for both the discerning adept seeking to incorporate blood into existing disciplines and beginning practitioners taking their first steps into the occult world.

Magic is wild. Magic is undisciplined. You can try to impose order and understanding on it, but that's just surface. Underneath is chaos, an erratic heart beating to a staggering rhythm. You don't control it, any more than a surfer controls twenty-meter-tall wave; you don't direct the wave, you ride it, capture a piece of its power, and hope to survive. If you do it right, though, you catch a portion of unimaginable power-power those who control the

Sixth World don't want you to have. All the more reason to push past their boundaries and grab it. Forbidden Arcana offers dozens of different ways for Awakened characters in Shadowrun to harness that power and make themselves a mana-slinger like no other. From new ways to distinguish spellcasters of different traditions to more chaotic methods for summoning spirits to options for Awakened characters who have mastered their craft, Forbidden Arcana shows players how to break out of conventional molds, use mana in new ways, and become true street legends riding the growing wave of Sixth World mana. Forbidden Arcana is an advanced magic rulebook for use with Shadowrun, Fifth Edition; magic

concepts from the book can be used with Shadowrun: Anarchy, though mechanics for that game are not included.

A complete beginner's guide to understanding and harnessing the mysterious forces of nature. • Provides tools for self-initiation into the ancient and secret traditions of ceremonial magic. • Explains various divination systems and how to perform ancient rituals that open the doorway to secret and arcane knowledge. True magic can be defined as the art and science of using little-known or forgotten natural forces in order to achieve changes in consciousness and the physical environment. It concerns a wide body of doctrines and techniques, including the conjuring of spirits and non-human

entities; the manufacture and consecration of wands, swords, talismans, and other tools of the magus; ritual divination; and the exploration of universes other than that with which we are familiar. The masters who taught others these ancient arts are gone, but *Techniques of High Magic* provides the practical and lucid instruction necessary for self-initiation into these secret traditions.

Emphasizing the ordered nature of the universe and the power of will directed by imagination, Francis King and Stephen Skinner introduce the reader to magical practices, rituals, and instruments that have been used for centuries. They explain systems of divination such as the I Ching, the Tarot, and geomancy, as well as

techniques of astral projection and elementary alchemy. Their disciplined approach to magical practice includes easy formulas and diagrams that will help the initiate navigate an ancient and potent universe of gods, angels, and spirits--the world of High Magic.

The Psy-Mage Compendium is a collection of new magical writings by Astennu Sever. The information presented in this volume is aimed at both beginner and advanced magicians who prefer a modern approach to the ancient art of magic. Astennu Sever's teachings are a

blend of Hermetic philosophy and mental practices and Goetic summoning magic. This book provides a philosophical disposition of the same, along with powerful magic and lifestyle modifications. New information presented in this compendium includes: - Transforming Vision- Mana Charging - The Mental Citadel Project- The Magician's Attitude

The book also contains Astennu's most accomplished rituals, which have since original publishing received praise from a whole slew of aspiring magicians."The Psy-Mage Compendium is a grimoire I keep returning to. I developed the famous magician's gaze by using the recommended techniques in less than 3 days! Now I'm building my Mental Citadel before falling asleep. Highly recommend this book to my warlock brothers and witchy sisters!" - Dominik M.

"Where to

begin with this one? I've been a fan of Astennu's since I got hold of the Belial invocation and attempted it for the first time. The power rush I received in that moment made me engage in a complete lifestyle overhaul. I've never been happier and stronger in my life. It's awesome that the Psy-Mage compendium contains so many rituals that I'm yet to try." - Stanley B."I was always attracted to the dark side of spirituality but I could never find good instructions in the older grimoires. I can't sacrifice animals on a stone altar, I don't want to pray to Adonai, we don't live in the Middle Ages! I discovered that the minimalist approach advocated in this book works best for me, and probably other likeminded city dwellers as well." - Briana T

Since the dawn of civilization, the vampire has danced through the dreams and nightmares of every culture, expressed in

folklore, literature, and art. Today, this fascination resonates in pop-culture through hit television shows, movies, and bestselling books. In *Vampyre Magick*, Father Sebastiaan reveals the hidden rituals and spells of the Living Vampires. This companion volume to Sebastiaan's *Vampyre Sanguinomicon*, is intended for initiates of the *Stigoi Vii*, but will appeal to any scholar of magickal arts, *The Golden Dawn*, or other Western Mystery Traditions.

The practical rites and ceremonies in this *Liber Astrum* are created using a myriad of hymns and tales, drawing inspiration and material from many ancient, classical and medieval sources including: the *Hymns of Orpheus*, *Ovid's Metamorphoses*, *Plato's Timaeus*, the *Greek Corpus Hermeticum* and the *Latin Asclepius*, the *Greek Magical Papyri*, the *Chaldean Oracles*, the *Persian Shah*

Nameh 'Epic of Kings' by Ferdowsi, Scipio's Dream by Cicero, the Persian Pahlavi d104s, book of Enoch, Bible Ezekiel chapter, Egyptian temples and texts, The Golden Ass by Lucius Apuleius, the Zoroastrian Yasht hymns, Sufi works of Ibn Arabi and Rumi, the Kabalistic Sefer Yetzirah, the Mithras Liturgy, Persian Burj Nameh, the Picatrix, Hesiod Works and Days, Homer's Odyssey, Porphyry's On the Cave of the Nymphs and Aratus' Phaenomena. In bringing these ancient rites into modern times, stellar-related material and ideals by modern poets such as WB Yeats, Robert Graves, Sylvia Plath, and esoteric writers such as John Milton, John Dee, Elias Ashmole, Francis Barrett, Rudolf Steiner, Aleister Crowley, Gerald Gardner have also been included, giving a Bardic blend of the ancient and the modern. The rites here 'set the scene' and after all the poems and

invocations are uttered, the point is reached in the rite where the magus has to make his/her direct connection, and to draw inspiration from the stellar well directly. The rites here are the beginning steps on your stellar journey, it is recommended that you write your own poems and invocations to the constellations and make your Path to the stars. This is a highly accessible, succinct and practical book on this complex subject, written in such a way that it can be used as a manual and workbook for practicing stellar magic or simply read for gaining insight into star lore.

Historical overview of demonology and the occult defines witchcraft and examines ceremonial practices, the casting of spells and conjuring, celebration of the Black Mass, and much more. A masterfully written, highly readable work.

Shadowrun Forbidden Arcana

- Explains how a Vampyre is not a blood-sucking mythical figure but a shaman who is skilled in gathering, using, and storing energy for magical power and personal liberation
- Reveals how to gather and store energy from the world around you and shares magical techniques, manifestation methods, and practices to utilize the energy you have collected
- Looks at servitors and familiars, vampyric runes, dream architecture, money

magick practices, and sex magick techniques as well as advanced practices such as healing with vampyric magick In this initiatory guide, Don Webb explains how to learn from the myth of the vampire to gather, use, and store energy for magical power, manifestation, and personal liberation. A Master of the Order of the Vampyre within the Temple of Set, the author shares a 9-month process to awaken and initiate you as a Vampyre and allow you to actualize your hidden potential. Webb begins by explaining how to gather energy from the world around you and store it in the body, in artifacts and talismans, and in groups of people,

such as a coven. Through the 9 stages of initiation, the author offers guided magical techniques, manifestation methods, and experiments to utilize the energy you have learned to gather and store. He also examines familiars, Vampyric runes, money magick practices, and sex magic techniques. Sharing more advanced practices, Webb looks at the creation and destruction of egregores and how to fight off psychic vampires--those who steal your power and energies. Achieve greater self-knowledge, a deeper connection with the energies that surround you, and the power to manifest your deepest desires by walking the path of the Vampyre.

This irreverent guide to chaos magic emphasizes experimentation and finding out what works best for you. Andrieh Vitimus presents a revolutionary hands-on course of study for the average Jane or Joe. Vitimus banishes the severe tone of other esoteric orders, offering an accessible and practical approach that makes it easier to perform successful chaos magic that is uniquely your own. Praise: "Andrieh Vitimus is the real deal...honest-to-gods, in-your-face magic. Hands-On Chaos Magic is just what it says, and the next best thing to working with the master himself."--Lon Milo DuQuette, author of *The Magick of Aleister Crowley, Homemade*

The rites, practices, and texts collected by the mysterious UR group for the use of aspiring mages.

• Rare Hermetic texts published in English for the first time. • Includes instructions for developing psychic and magical powers. In 1927 Julius Evola and other leading Italian intellectuals formed the mysterious UR group. Their goal: to bring their individual egos into a state of superhuman power and awareness in which they could act "magically" on the world. Their methods: the practice of ancient Tantric and Buddhist rituals and the study of rare Hermetic texts. So successful were they that rumors spread throughout Italy of the group's power, and Mussolini himself became quite fearful of them. Now for the first time in English

Introduction to Magic collects the rites, practices, and knowledge of the UR group for the use of aspiring mages. Included in Introduction to Magic are instructions for creating an etheric double, speaking words of power, using fragrances, interacting with entities, and creating a "magical chain." Among the arcane texts translated are the Tibetan teachings of the Thunderbolt Diamond Path, the Mithraic mystery cult's "Grand Papyrus of Paris," and the Greco-Egyptian magical text De Mysteriis. Anyone who has exhausted the possibilities of the mundane world and is ready to take the steps necessary to purify the soul in the light of knowledge and the

fire of dedication will find a number of expert mentors here.

Drawing from original texts on self-mastery, Evola discusses two Hindu movements--Tantrism and Shaktism--which emphasize a path of action to gain power over energies latent within the body.

## Witchcraft and Black Magic

The classic guide to living a spiritual life rooted in Celtic antiquity and revived to meet the challenges of contemporary life. Druidry offers people a path of harmony through reconnection with the green Earth. The *Druidry Handbook* is the first hands-on manual of traditional British druid practice that explores the Sun Path of seasonal celebration, the Moon Path of meditation, and the Earth Path of living in harmony with nature as tools for crafting an Earth-honoring life here and now. From ritual and meditation to nature awareness and ecological action, John Michael Greer opens the door to a spirituality rooted in the living Earth. Featuring a mix of philosophy, rituals, spiritual practice, and lifestyle issues,

The *Druidry Handbook* is an essential guide for those seriously interested in practicing a traditional form of druidry. It offers equal value to eclectics and solitary practitioners eager to incorporate more Earth-based spirituality into their own belief system.

Advancing to higher levels of ritual magic with purpose and power requires an exaltation of consciousness—a spiritual transformation that can serve as an antidote to the seeming banality of modern life. Based on Kabbalistic techniques, the teachings of the Hermetic Order of the Golden Dawn, and an Hermetic tradition spanning nearly two thousand years, this innovative new work introduces the history of the Golden Dawn and its

mythology, the Tree of Life, Deities, demons, rules for practicing magic, and components of effective ritual. A comprehensive course of self-initiation using Israel Regardie's seminal Golden Dawn as a key reference point, *Kabbalah, Magic and the Great Work of Self-Transformation* guides you through the levels of the Golden Dawn system of ritual magic. Each grade in this system corresponds with a sphere in the Kabbalistic Tree of Life and includes daily rituals, required reading, written assignments, projects, and additional exercises. Knowledgeable and true to tradition, author Lyam Thomas Christopher presents a well-grounded and modern step-by-step program toward spiritual attainment, providing a lucid gateway toward a

more awakened state. Finalist for the

The ways of magic are revealed in nature...The secrets are written in meandering streams and drifting clouds, whispered by the roaring ocean and cooling breeze, echoed through caves and rocks and forests. When you draw a heart in the sand, call on the four winds for assistance, or ask the rain to wash away a bad habit, you are practicing earth magic. By working in harmony with nature, we can transform ourselves, our lives, and our world. This tried-and-true guide offers more than one hundred spells, rites, and simple rituals you can perform using the powerful energy of the earth. Scott

Cunningham was a greatly respected teacher and one of the most influential members of the modern Craft movement. A practitioner of elemental magic for twenty years, he wrote more than fifty books, including the seminal *Wicca: A Guide for the Solitary Practitioner*.

"Throughout history, humans have always been fascinated by drugs and altered states. Despite the risk of addiction, many have used drugs as technologies to induce moments of meaning-making transcendence. This book traces the quest for transcendence and meaning through drugs in the modern West. Starting with the Romantic fascination with opium, it goes on to chronicle the discovery of

anesthetics, psychiatric and religious interest in hashish, the bewitching power of mescaline and hallucinogenic fungi, as well as the more recent uses of LSD. It fills a major gap in our understanding of contemporary alternative and in the study of countercultures and popular culture. Today we are seeing increased social and scientific attention to both the positive and the negative effects of psychoactive drugs, particularly following the legalization of marijuana for medicinal and/or recreational use in some US states, as well as court cases involving the sacramental use of drugs. This fascinating and wide-ranging exploration of the controversial relationship between drugs and spirituality could not be more timely."

pages of fascinating insights into the  
history and contemporary practice of  
ritual magick. With contributions from  
dozens of top authors, this book brings

the practices, theories, and historical understanding of magick into the 21st century, including in-depth chapters on: Foundations of Western Magick • Qabalah • Demonology & Spirit Evocation • Alchemy • Planetary Magick • Enochian Magick & Mysticism • The Magick of Abramelin • The Golden Dawn • Thelema & Aleister Crowley • Polytheistic Ceremonial Magic • Magician's Tables • The Future of Ceremonial Magick Reveals the occult wisdom and multidimensional layers of meaning hidden in the Nordic Rune stones • Explores the practice of the Uthark divination system encoded within the traditional exoteric Futhark system of reading the runes • Traces the relationship between the rune stones

and numerology, the Cabbala, alchemy, Gothicism, and sigil magic • Examines the history of the runes and the ancient spiritual mysticism of Odin

Uncovering the dark side of the Nordic rune stones hidden beneath their traditional interpretation, Swedish scholar and runologist Thomas Karlsson examines the rune work of Swedish mystic and runologist Johannes Bureus (1568-1652) and professor Sigurd Agrell (1881-1937), both of whom devoted their lives to uncovering the secret uses of rune stones concealed from all but the highest initiates. Karlsson begins by examining the Uthark system of divination--the Left Hand Path of the runes--that lies hidden under the traditional Futhark system. According

to the lore of Uthark, a cryptographic ruse was used to make it impossible for the uninitiated to know the true order of the runes. Exploring Agrell's decryption of the Uthark system, Karlsson reveals similarities between the numerology of ancient mystery cults and the Runic tradition. He explains the multidimensional meaning of each rune from the Uthark perspective, their relationships with the nine worlds of Norse cosmogony, and the magical powers of rune-rows and the three aettir rune groupings. He details how to create your own magically-charged runes, direct and activate the force of the runes, and use them for rune meditation, divination, sigil magic, galders (power songs), and rune yoga. Karlsson also examines the

secret dimensions of the 15 “noble” runes, the Adulrunes, based on the theories of Johannes Bureus. Using his knowledge of the Cabbala and alchemy, Bureus created magical symbols with the Adulrunes as well as one symbol containing all 15 Adulrunes, which Bureus called the “Adulruna.” Karlsson explains Bureus’ spiritual system of initiation, the Gothic Cabbala, revealing the connections between old Norse wisdom and the Cabbala. He explores Bureus’ Adulrune practices and explains how Bureus outlined seven levels of meaning for each rune, with those initiated into the highest rune levels able to conjure spirits and raise the dead. Covering more than just rune practices, Karlsson’s exploration of the

dark or night side of the runes provides a comprehensive guide to Norse spirituality and the ancient spiritual mysticism of Odin.
