Developed to meet the demand for a low-cost, high-quality history book, this economically priced version of THE AMERICAN PAGEANT, Fifteenth Edition, offers readers the complete narrative while limiting the number of features, photos, and maps. All volumes feature a paperback, two-color format for those seeking a comprehensive, trade-sized history text. THE AMERICAN PAGEANT enjoys a reputation as one of the most popular, effective, and entertaining texts in American history. The colorful anecdotes, first-person quotations, and trademark wit bring American history to life. The fifteenth edition includes markedly deeper explorations of the cultural innovations, artistic movements, and intellectual doctrines that have engaged and inspired Americans and shaped the course of American history. Additional features of THE AMERICAN PAGEANT help you understand and master the content: chapter-ending chronologies provide a context for the major periods in American history, while other features present global context and key historical figures for analysis. Available in the following split options: CENGAGE ADVANTAGE BOOKS: THE AMERICAN PAGEANT, Fifteenth Edition Complete, Volume 1: To 1877, and Volume 2: Since 1865. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Halfling Tildi Summerbee led a typical, unexciting life, tending the house for her brothers while they managed the family farm...until she was forced to assume the identity of her recently deceased brother and accept his position as apprentice to a great wizard. Now she is on an important quest where the lessons of her apprenticeship pale in comparison to those learned in life-or-death situations. She has become the guardian of a very special book that can alter everything in existence... a race of centaurs gone with an editor's pen, a mountain range flattened with a revised rune, and life as Tildi has known it changed in the blink of an eye. Gone are her preconceptions of society and order. Gone are her trusting ways and belief in her superiors' honesty. But also gone is the shrinking violet smallfolk who masqueraded as a boy to secure an apprenticeship. Tildi has changed too, and she realizes that the fate of the world rests in her hands. Be good. Or some dark night the sorcerers of Vente may come for you. On the islands of the Tropic Sea, parents caution naughty children to behave, or risk that some dark night the sorcerers of the Vente Islands might to carry them off. The fate of these very naughty children varies from island to island, but it is often whispered that they might end up in a stew. Navy lieutenant Taef Lang must have been a very naughty boy, since one soft, tropical night the Vente came and carried him off. And he certainly ended up in some very hot water. Sailing to Redoubt is the story of his adventures in the company of two Vente Island sorceresses, Sella and Lessie Raah, on a quest to discover the secret of the legendary lost outpost of the world's first people, the Founders. Equipped with a map, a golden key, and a small yacht, they set sail across the bright, blue, and sometimes deadly, Tropic Sea. Sailing to Redoubt is C. Litka's sixth imaginary world novel and is filled with the characters, humor, and adventure that are the hallmarks of his writing. C. Litka writes old-fashioned novels with modern sensibilities, humor, and romance. His lighthearted novels of adventure, mystery, and travel are set in richly imagined worlds and feature a colorful cast of well drawn characters. If you seek to escape, for a few hours, your everyday life, you will not find better company, nor more wonderful worlds to travel and explore, than in the novels of C. Litka.

Need a shortcut to a degree in shipping great software? Successful team leaders must have an extremely broad skill set to find the right product, work through a complex and ever-changing development process, and do it all incredibly quickly. In this guide, Chris Vander Mey provides a simplified, no-BS approach to the entire software lifecycle, distilled from lessons he learned as a manager at Amazon and Google. In the first part of the book, you ' ll learn a step-by-step shipping process used by many of the best teams at Google and Amazon. Part II shows you the techniques, best practices, and skills you need to face an array of challenges in product, program, project, and engineering management. Clearly define your product and develop your mission and strategy Assemble your team and understand enough about systems to communicate with them Create a beautiful, intuitive, and simple user experience Track your team ' s deliverables and closely manage the testing process Communicate clearly to gracefully handle requests, senior-management interactions, and feedback from various sources Build metrics to track progress, spot problems, and celebrate success Stick to your launch checklist and plan for marketing and PR

In case you didn't notice.....ahem.....we are very near to Armageddon at the moment! This is not a coincidence----and it's not because of the government and the politicians. The spiritual Armageddon that we are near is because of our own actions; not because of anyone else's. The very core of America...the general population...now feed off of the "Malignant Menu"; which is all of the decadence, degeneracy, and depravity of Lucifer's Lighthouse (TV), the smut, porno, violence, the love and worship of money, fame, and glory----and the adoration of the Lords of Nothing; which are all of the fake idols that we worship that possess these things...all at the expense of the soldiers, Jesus, God, Himself, and anyone else that is a giver, and not a taker. The true gods of America now are money and power, and it is our demise. My books address our true problems and our true #1 nemesis of all time...America itself; in the fact that we are the only ones that can take us out of God's good graces. Unfortunately, most of us have done just that. Our lives have become frivolous and superficial; with pathetic, vacuous, empty goals and priorities. What were supposed to be pastimes and diversions have now become the very core of our existence. Every day America loses more and more spirituality, as we move further and further away from God and his rule. We may have actually become Satan's favorite pet! Almost all of what we refer to as 'traditional American values' is nothing more than warped, skewed, and maligned systems that are about self-convenience and ego...including the worship of baseball players, movie stars, musicians, and basically, anyone else who has what we covet above all else; which is the cash and the fame. We've allowed all proper

reference and reverence to be thrown away for our own gain, out of greed and selfishness. In my books I don't tell you what you want to hear....I tell you the hard facts, instead. I have the truth for...and you're not going to like it. Read on if you dare. I am presently 50 years old, and this is my third venture into writing. Believe it or not I was doing stand-up comedy and making people laugh. Now I may be making them cry! But, at that point I realized that we don't need another superficial entertainer. We need to be saved. About 99% of the rest of the authors in this country are doing nothing more than selling you 'Psychic Prozac'; which is all of the lies and fantasy that you gobble up about how great that you are individually, and as a nation. As long as they 'Get You Out of Dodge' they'll make money off of your weakness.....and they do, every day. I'm one of the very few people that are actually trying to fix the sad reality, instead of keeping you away from it, so that you don't have to face it. Pretty soon we won't have to face anything...except the wrath of God.

How to use pricing as a strategic tool to increase revenues and win the war for profit One of the greatest pitfalls in the war for profits is corporate strategists' lack of a practical understanding of the link between overall revenues and overall costs. In *Winning the Profit Game*, the thought leaders at A. T. Kearney unveil a revolutionary new approach to establishing clear, strategic links between the top and bottom lines. No dry academic treatise, *Winning the Profit Game* is a guide to growing profits, in boom times and bust, using smart top-line strategies that optimize price, costs, customer behavior, and volumes. The authors clearly lay out the basic principles involved and also include: Proven strategies for transforming added value into revenues and winning the war for profits Prescriptive frameworks for putting the principles and strategies into action, immediately Numerous success stories based on experiences of A. T. Kearney clients worldwide

`...an impressively wide - and relatively theory neutral - introduction to the field, whilst maintaining interest and clarity throughout. It is particularly strong in its use of cross-linguistic data from a wide variety of languages, which should appeal to those studying linguistics. Undergraduates will find it accessible and engaging, but there is also sufficient content to challenge more advanced students.' Bethan Davies, University of Leeds

The series is devoted to the publication of monographs and high-level textbooks in mathematics, mathematical methods and their applications. Apart from covering important areas of current interest, a major aim is to make topics of an interdisciplinary nature accessible to the non-specialist. The works in this series are addressed to advanced students and researchers in mathematics and theoretical physics. In addition, it can serve as a guide for lectures and seminars on a graduate level. The series de Gruyter Studies in Mathematics was founded ca. 30 years ago by the late Professor Heinz Bauer and Professor Peter Gabriel with the aim to establish a series of monographs and textbooks of high standard, written by scholars with an international reputation presenting current fields of research in pure and applied mathematics. While the editorial board of the Studies has changed with the years, the aspirations of the Studies are unchanged. In times of rapid growth of mathematical knowledge carefully written monographs and textbooks written by experts are needed more than ever, not least to pave the way for the next generation of mathematicians. In this sense the editorial board and the publisher of the Studies are devoted to continue the Studies as a service to the mathematical community. Please submit any book proposals to Niels Jacob.

Sixteen stunning discoveries about Alexander the Great unravels the mystery surrounding his suspicious death. Who killed Alexander the Great? After more than two thousand years of speculation, the assassin of Alexander is finally identified in a comprehensive investigation in *The Murder of Alexander the Great* (in two books: *The Puranas* and *The Secret War*). In *Book 1: The Puranas* Alexander's journey is chronicled not only through the siloed lens of Greek records but also through a comparison of ancient Indian and Greek texts and artifacts. For the first time ever, the story of the eminent king of Macedonia is retold from a different perspective — one that not only establishes Alexander prominently in ancient Sanskrit texts but also holds the key to resolving the age old mystery of his premature death. Inspired by fresh awareness to an ancient conundrum that has perplexed historians for millennia, *The Murder of Alexander the Great* is a powerful narrative of blood thirsty wars, mystic locales, and epic encounters — one that leads to SIXTEEN remarkable findings about Alexander the Great thus rewriting the history of this great emperor forever.

A typical entry provides the plant's botanical name and family, whether it is an annual or perennial, and its height, hardiness, light requirements, water consumption, and required soil type and pH. The plant's name in various languages is included, as is a history of the plant, its chemistry, how to propagate the plant, and its culinary and landscape uses. A botanical key is given to identify the plant, and its description includes its country of origin and various data on the plants, leaves, flowers, fruits, and seeds.

Russ Meyer, cult hero, creator of the sexploitation film, and the man the Wall Street Journal called the King Leer of Hollywood, made movies that filled the big screen with "big bosoms and square jaws." In the first candid and fiendishly researched account of the late cinematic instigator's life, Jimmy McDonough shows us how Russ Meyer used that formula to turn his own crazed fantasies into movies that made him a millionaire and changed the face of American film forever. This former WWII combat photographer immortalized his personal sexual obsession upon the silver screen, creating box-office gold with *The Immoral Mr. Teas* in 1959. The modest little film pushed all preexisting limits of on-screen nudity, and with its success, the floodgates of what was permitted to be shown on film were thrust open, never to be closed again. Russ Meyer ignited a true revolution in filmmaking, breaking all sex, nudity, and violence taboos. In a career that spanned more than forty years, Meyer created a body of work that has influenced a legion of filmmakers, fashionistas, comic book artists, rock bands, and even the

occasional feminist. Bringing his anecdote- and action-packed biographical style to another renegade of popular culture, New York Times bestselling author of Shakey Jimmy McDonough offers a wild, warts-and-all portrait of Russ Meyer, the director, writer, producer, and commando moviemaking force behind the exploitation classics *Vixen*, *Beyond the Valley of the Dolls*, *Faster, Pussycat! Kill! Kill!* and many others. *Big Bosoms and Square Jaws* blows the lid off the story of Russ Meyer, from the beginning to his recent tragic demise, creating in the process a vivid portrait of a past America.

' MEIN KAMPF ' is the autobiography of Adolf Hitler gives detailed insight into the mission and vision of Adolf Hitler that shook the world. This book is the merger of two volumes. The first volume of MEIN KAMPF ' was written while the author was imprisoned in a Bavarian fortress. The book deals with events which brought the author into this blight. It was the hour of Germany ' s deepest humiliation, when Napoleon has dismembered the old German Empire and French soldiers occupied almost the whole of Germany. The books narrates how Hitler was arrested with several of his comrades and imprisoned in the fortress of Landsberg on the river Lech. During this period only the author wrote the first volume of MEIN KAMPF. The Second volume of MEIN KAMPF was written after release of Hitler from prison and it was published after the French had left the Ruhr, the tramp of the invading armies still echoed in German ears and the terrible ravages had plunged the country into a state of social and economic Chaos. The beauty of the book is, MEIN KAMPF is an historical document which bears the imprint of its own time. Moreover, Hitler has declared that his acts and ' public statements ' constitute a partial revision of his book and are to be taken as such. Also, the author has translated Hitler ' s ideal, the Volkischer Staat, as the People ' s State. The author has tried his best making German Vocabulary easy to understand. You will never be satisfied until go through the whole book. A must read book, which is one of the most widely circulated and read books worldwide.
