The novel was very loosely adapted in 2002 into a feature film under the same name and starred Matt Damon in the lead role. The character has appeared in nine sequel novels (the last seven were written by Eric Van Lustbader) with the latest published in 2012. Along with the first feature film, *The Bourne Identity* (2002), Jason Bourne also appears in three sequel movies *The Bourne Supremacy* (2004) and *The Bourne Ultimatum* (2007), both with Damon again in the lead role. Jeremy Renner stars in

He was pulled from the sea with bullet wounds in his back and suffering from amnesia. So who is Jason Bourne and why does he have four million dollars

in a Swiss bank account? He becomes a man on a mission to find his memory, starting with one clue; someone wants him dead. The more he discovers, the more terrifying his quest becomes.

Many of us are living with a spiritual kind of amnesia, forgetful of who we really are. Negative circumstances constantly send us the message that we are far less than what the New Testament declares us to be. Often theology has been twisted to conform to the defeated, negative thinking of people who are interpreting life and God through their circumstances. When we submit to Scripture, rather than submit the Scripture to us, our identity in Christ comes alive. This book is intended to awaken and remind us exactly who we are and what we have in Christ. When we

enter our battles with clear knowledge of who we are and what we have, we will win every time.

America's most enduring hero, Jason Bourne, returns in a propulsive, fresh story for the Bourne canon that tests old skills--and uncovers new ones.

After the death of his lover in a mass shooting, secret agent Jason Bourne is convinced that there is more to her murder than it seems. Worse, he believes that Treadstone--the agency that made him who he is, that trained him, is behind the killing. Bourne goes rogue, leaving Treadstone behind and taking on a new mission to infiltrate and expose an anarchist group, Medusa. But when a congresswoman is assassinated in New York, Bourne is framed for the crime, and he finds himself alone and on the run, hunted by both Treadstone and the tech cabal

that had hired him. In his quest to stay one step ahead of his enemies, Bourne teams up with a journalist, Abbey Laurent, to figure out who was behind the frame-up, and to learn as much as he can about the ever-growing threat of the mysterious Medusa group. As more and more enemies begin to hunt Bourne, it's a race against the clock to discover who led him into a trap . . . and what their next move may be.

After Bourne is ambushed and nearly killed while in Indonesia, he fakes his death to take on a new identity and mission- to find out who is trying to assassinate him. In the process, Bourne begins to question who he really is and what he would become if he no longer carried the Bourne identity. Across the globe, an American passenger airliner is shot

down over Egypt-apparently by an Iranian missile-leaving the world wondering if it was an accident or an act of aggression. A massive global team lead by Soraya Moore is assembled to investigate the attack before the situation escalates. When Bourne's search for his would-be assassin intersects with Soraya's search for the group behind the airplane bombing, Bourne is thrust into a race to prevent a new world war. But it may already be too late.

The Bourne Identity Part 3

A Jason Bourne novel from the #1 New York Times bestselling author Facing down mercenaries in Africa, Jason

Bourne witnesses the death of an art dealer named Tracy Atherton. Her killing dredges up snatches of Bourne's impaired memory, in particular the murder of a young woman on Bali who entrusted him with a strangely engraved ring-an artifact of such powerful significance that people have killed to obtain it. Now he's determined to find the ring's owner and purpose. But Bourne never knows what terrible acts he'll discover he committed when he digs into the past. The trail will lead him through layers of conspiracy to a vicious Russian mercenary, Leonid Arkadin, who was also a graduate of the Central Intelligence training program Treadstone. A covert course designed to create ruthless assassins for C.I., it was shuttered by Congress for corruption.

Yet before it was dismantled, it produced Bourne and Arkadin, giving them equal skills, equal force, and equal cunning. As Bourne's destiny circles closer to Arkadin's, it becomes clear that the eventual collision of these men is not of their own making. Someone else has been watching and manipulating them. Someone who wants to know, Who is the more deadly agent?

The name was created as cover for David Webb on his search for the notorious killer Carlos. Someone else has taken the Bourne identity and unless he is stopped, the world will pay a devastating price. So Jason Bourne must live again. **THE BOURNE ULTIMATUM:** The world's two deadliest spies in the ultimate showdown. Two men, each mysteriously summoned by telegram, witness a bizarre killing. The world's most ruthlessly efficient assassin, Jason Bourne, has carved a bloody swathe through all his opponents but now he's facing the one force he can't defeat--his own past--in the latest thrilling entry in Robert Ludlum's New York Times bestselling

series. Three years ago, Jason Bourne embarked on a mission in Estonia with his partner and lover, a fiery Treadstone agent code-named Nova. Their job was to rescue a Russian double agent who'd been smuggled out of St.

Petersburg in the midst of an FSB manhunt. They failed. The Russian died at the hands of a shadowy assassin known only by the nickname Lennon. Now everything has changed for Bourne. Nova is gone, killed in a mass shooting in Las Vegas. Bourne is a lone operative, working in

the shadows for Treadstone, when he's called in for a new mission in London—to prevent another assassination masterminded by Lennon. But nothing about this mission is what it seems. As Bourne engages in a cat-and-mouse game with Lennon across the British countryside, he discovers that everything he thought he knew about the past was a lie. And with the body count rising, he comes to an inevitable conclusion: Some secrets should stay buried.

In Robert Ludlum's groundbreaking career, no other character so captured and held the world's imagination as Jason Bourne. He appeared in three of Robert Ludlum's own #1 bestselling novels - The Bourne Identity, The Bourne Supremacy, and The Bourne Ultimatum - and they remain amongst Ludlum's most-read and most-loved books to this day. Now, for the first time ever, the Estate of Robert Ludlum has acceded to the demands of readers around the world, turning to bestselling author Eric

Van Lustbader to bring Jason Bourne back to life in a thrilling new novel. Jason Bourne is known and feared in the deadly world of covert-ops as one of the most highly skilled assassins for hire.

Bourne, however, was merely an identity assumed by CIA agent David Webb, a personality implanted by the CIA to facilitate a dangerous operation, but one that threatened to subsume David Webb entirely. Years after the events of *The Bourne Identity*, Webb is no longer an active CIA agent

and is now a professor of Eastern Studies at Georgetown University, living a quiet life, far from the dangers of his previous life. Until one day he finds himself the target of an assassin nearly as skilled as himself and is framed for the brutal murder of his two closest associates and friends. Fighting for his life against unseen assailants, as well as the full resources of the CIA who believe he has gone dangerously rogue, the Bourne identity asserts itself, leaving Jason

Bourne in control. Now Bourne must use all his skills to stay alive as he battles against a determined assassin, the combined skills of the world's intelligence networks, and a shadowy figure in the background, skillfully manipulating events and people, in a far deadlier and more dangerous game than any of them realize.

Robert Ludlum's The Hades Factor

Robert Ludlum has been acclaimed as the master of .suspense and international intrigue. His many books have thrilled millions of readers, reaching the top of

bestsellers lists the world over and setting a standard that has never been surpassed. Now, from the imagination of one of America's greatest storytellers comes Robert Ludlum's *The Hades Factor*--a thrilling new entry in the *Covert-One* series. A homeless man in Boston, an Army Major in California, and a teenage girl in Atlanta all die suddenly and painfully--each a victim of an unknown doomsday virus. For three days, a team of scientists in a U.S. government laboratory has been frantically trying to unlock the virus's secrets. When the leading researcher

from that lab, Lt. Col. Jonathan Smith, returns from overseas, he barely survives a series of well-orchestrated attempts made on his life. By the time Smith eludes his pursuers and makes it home, he discovers that the virus has claimed its fourth victim, Dr. Sophia Russell--Smith's fiancée. Devastated and enraged, Smith quickly uncovers evidence that his lover's death was no accident--that someone out there has the virus, and the pandemic that threatens hundreds of millions of lives is no accident. But wherever he turns, Smith finds that some unseen force

has blocked his quest for information. Not knowing whom to trust, Smith assembles a private team to search for the truth behind the deadly virus. While the death toll mounts, their quest leads to the highest levels of power and the darkest corners of the earth, as they match wits with a determined genius--and as the fate of the world lies in the balance.

He was dragged from the sea, his body riddled with bullets. There are a few clues: a frame of microfilm surgically implanted beneath the skin of his hip; evidence that plastic

surgery has altered his face; strange things he says in his delirium, which could be code words. And a number on the film negative that leads to a bank account in Zurich, four million dollars and a name for the amnesiac: Jason Bourne. Now he is running for his life. A man with an unknown past and an uncertain future, the target of assassins and at the heart of a deadly puzzle. He's fighting for survival and no one can help him - except the one woman who once wanted to escape him... Jason Bourne returns to Georgetown University and the mild world of his alter ego, David Webb, hoping for

normalcy. But after so many adrenaline-soaked years of risking his life, Bourne finds himself chafing under the quiet life of a linguistics professor. Aware of his frustrations, his academic mentor, Professor Specter, asks for help investigating the murder of a former student by a previously unknown Muslim extremist sect. The young man died carrying information about the group's terrorist activities, including an immediate plan to attack the United States. The organization, the Black Legion, and its lethal plot have also popped up on the

radar of Central Intelligence, where new director Veronica Hart is struggling to assert her authority. Sensing an opportunity to take control of CI by showing Hart's incompetence, National Security Agency operatives plan to accomplish what CI never could-hunt down and kill Bourne. In Europe, Bourne's investigation into the Black Legion turns into one of the deadliest and most tangled operations of his double life-the pursuit of the leader of a murderous terrorist group with roots in the darkest days of World War II-all while an assassin as brilliant and damaged as

himself is getting closer by the minute . . .

Millions of readers have followed this master of suspense into the shadowy world of Jason Bourne, an expert assassin haunted by the splintered nightmares of his former life—and the inspiration for a series of blockbuster films. Now, for the first time, all three of the gripping Bourne thrillers by Robert Ludlum are packaged together in one spellbinding eBook bundle: THE BOURNE IDENTITY “Ludlum stuffs more surprises into his novels than any other six-pack of thriller writers combined.”—The New York Times Meet Jason Bourne. Bourne Deception
Jason Bourne Book #2
A Covert-One Novel
Jason Bourne tackles a
global media conspiracy
in the latest
electrifying entry in
Robert Ludlum's #1 New
York Times bestselling
series. Jason Bourne has
faced many killers
before, but none as
dangerous or as cruelly
inventive as the
assassin who calls
himself Lennon. Bourne
thought he had Lennon
cornered in Iceland,
only to have the killer

escape in a fiery explosion. Now Lennon's trail leads Bourne to New York and then to Washington - and the body count rises with each deadly encounter. But who is Lennon working for? Bourne believes the assassin has a shadowy new employer called the Pyramid. The only clue to the group's agenda is a young German woman murdered in Washington on her way to a covert meeting. But the woman's entire identity turns

out to be a lie, and news reports of her death have been strangely twisted and suppressed. Finding the truth about this woman may be Bourne's only chance to catch Lennon - and uncover the conspiracy behind the Pyramid. But the chase comes with high stakes. Bourne's former lover, journalist Abbey Laurent, is digging into the mystery too, and Jason's perilous battle against Lennon and the Pyramid will soon put

Abbey in the assassin's crosshairs. Bourne will need to use every bit of his tradecraft and his genius for mayhem to expose this web of lies and murder before Lennon kills the woman he loves.

The man Jason Bourne fishes out of the freezing sea is near death, half-drowned and bleeding profusely from a gunshot wound. He awakens with no memory of who he is or why he was shot-and Bourne is eerily reminded of his

own amnesia. Then Bourne discovers that the Mossad agent named Rebeka is so determined to find this injured man that she has gone off the grid, cut her ties to her agency, and is now being stalked by Mossad's most feared killer. Do the answers to these mysteries lie back in southeast Lebanon, in a secret encampment to which Bourne and Rebeka escaped following a firefight weeks ago? The complex trail links to

the mission given to Treadstone directors Peter Marks and Soraya Moore: find the semi-mythic terrorist assassin known as Nicodemo. In the course of Bourne's desperate, deadly search for a secret that will alter the future of the entire world, he will experience both triumph and loss, and his life will never be the same. Now everything turns on the amnesiac. Bourne must learn his identity and purpose before both

he and Rebeka are killed. From Stockholm to Washington, D.C., from Mexico City to Beijing, the web of lies and betrayals extends into a worldwide conspiracy of monumental proportions.
