The Reformation became the basis for the founding of Protestantism, one of the three major branches of Christianity. The Reformation led to the reformulation of certain basic tenets of Christian belief and resulted in the division of Western Christendom between Roman Catholicism and the new Protestant traditions. The spread of Protestantism in areas that had previously been Roman Catholic had far-reaching political, economic, and social effects.

The Early Reformation In Europe

The Early Reformation in Europe explores these contrasts and comparisons through a series of specially commissioned essays by leading specialists in European history. These will serve both as a lucid and clearly written introduction to the Reformation in different parts of Europe, and as an introduction to recent debates on the success and failure of the movement as a whole.

---

The Early Reformation in Europe by Andrew Pettegree

The Early Reformation in Europe will certainly interest scholars, but there is a great deal here for the non-specific student too. Lecturers and students concerned with Reformation Studies or European Studies modules within BA or BEd degrees will find these essays a new resource for their present work, and something which may well affect the design and content of future revision of their courses.'
