# Business

Running your LLC, step by step A limited liability company can give your small business both tax benefits and protection from personal

*Page 2/187*

liability for business debts. But without careful record keeping, regular meetings, and formal minutes, you could lose these advantages. Your Limited Liability Company provides all the instructions

*Page 3/187*

and forms you need to maintain the legal validity of your LLC. Forms include:

- Call of Meeting
- Notice of Meeting
- Certification of Mailing of Notice
- Membership Voting Proxy

*Page 4/187*

Minutes of LLC Meeting •  
Waiver of Notice of Meeting

- Approval of LLC Minutes
- Written Consents for

Single-Member LLCs You ' ll  
also find more than 50 of the  
most commonly used legal

*Page 5/187*

resolutions to insert in your minutes or written consents. Use them to:

- declare distributions of LLC profits to members
- hire employees and contract with outside firms
- approve LLC

*Page 6/187*

contracts • approve salary increases and bonuses • authorize bank loans • elect corporate tax treatment for your LLC, and • amend the articles and operating agreement.

*Page 7/187*

"Designed for entrepreneurs and individuals interested in starting their own business, this book provides an indepth study of how the special characteristics of limited partnerships and limited

*Page 8/187*

liability companies may be used to your advantage and to assist you in protecting assets, managing wealth and strategic estate planning to minimize taxes. It features strategic uses of limited

*Page 9/187*

liability companies and limited partnerships to hold real estate and other assets, how to easily manage and operate a limited liability company or limited partnership, how to creatively plan for your

*Page 10/187*

future and your family's future, and how to follow the rules to keep your assets protected." --Publisher description.

Limited Liability Company  
and Partnership Answer Book

*Page 11/187*

This book, LLC: Quick Start Beginner's Guide To Limited Liability Companies, is a good guide for you to follow if you want to enter into business and you are not sure how to go about it. It indicates the

*Page 12/187*

advantages that an LLC has over other forms of businesses like sole proprietorships, partnerships and even corporations. You will also learn how to operate within the law and yet avoid

*Page 13/187*

unnecessary expenses through taxation and administrative costs. In a nutshell, LLC takes you through the basics of forming an LLC and answers most of the questions that disturb a

*Page 14/187*

new investor. The information in the book leaves you feeling confident of being able to initiate your own company, financing it, running it and even distributing profits in a manner that is

*Page 15/187*

sustainable. In this book you will learn: The basics of forming a Limited Liability Company (LLC) How to choose a name for your LLC Where and how to get funding for your LLC Accounting and

*Page 16/187*

bookkeeping of your LLC's  
financial transactions The  
management structure of an  
LLC How to run an LLC using  
the Operating Agreement  
How LLCs are taxed Your  
rights as a member of an LLC

*Page 17/187*

Your obligations as a member  
of an LLC Things you need to  
avoid for the success of your  
LLC The limitations of an  
LLC The simple procedure of  
changing the LLC's  
membership The simple

*Page 18/187*

procedure of dissolving an  
LLC Reasons that lead to  
involuntary dissolution and  
how to handle it How to get  
back into business after  
dissolution of the LLC The  
difference between an LLC

*Page 19/187*

and a corporation If you're the owner of a small company that would like to bring in partners or would just like the protection a limited liability company offers, then keep reading to find out how

*Page 23/187*

Edition offers a clear, concise guide that explains the pros and cons of LLCs, and shares insider tips on everything from choosing your members and your company name to creating and filing your Articles of Organization and managing day-to-

*Page 24/187*

day operations. You'll find the most current, real-world advice on customizing an LLC for your specific business needs, creating a great operating agreement, keeping accurate records, and new information on federal regulations

*Page 25/187*

and fees that are applicable to LLCs, as well as a link to online tools, forms, and documents Most of the previous drawbacks to forming an LLC have all but disappeared with the IRS having loosened restrictions and individual states following suit. Because LLCs are

*Page 26/187*

now more flexible, they remain an attractive option for those launching a new business or reorganizing an existing business. This book shows how to form and tap into the power of an LLC: Keep up on the latest information on federal taxes,

*Page 27/187*

regulations, and fees Discover the advances in technology, including online tools that streamline the processes Get up-to-the minute documents and forms on new filing requirements Learn how to set-up a real estate LLC or an LLC among

*Page 28/187*

family members This hands-on guide addresses everything you need to know about LLCs, and will help you organize, launch, and run your business as a limited liability company just like the experts do! P.S. If you think this book seems familiar, you're

*Page 29/187*

probably right. The Dummies team updated the cover and design to give the book a fresh feel, but the content is the same as the previous release of *Limited Liability Companies For Dummies* (9781118852989). The book you see here shouldn't be

*Page 30/187*

considered a new or updated product. But if you're in the mood to learn something new, check out some of our other books. We're always writing about new topics!

SmartStart Your Business Today!

How to Start a Business in Colorado

*Page 31/187*

is your road map to avoiding operational, legal and financial pitfalls and breaking through the bureaucratic red tape that often entangles new entrepreneurs. This all-in-one resource goes a step beyond other business how-to books to give

*Page 32/187*

you a jump-start on planning for your business. It provides you with:  
Valuable state-specific sample forms and letters on CD-ROM Mailing addresses, telephone numbers and websites for the federal, state, local and private agencies that will help get

*Page 33/187*

your business up and running State population statistics, income and consumption rates, major industry trends and overall business incentives to give you a better picture of doing business in Colorado Checklists, sample forms and a complete sample

*Page 34/187*

business plan to assist you with numerous startup details State-specific information on issues like choosing a legal form, selecting a business name, obtaining licenses and permits, registering to pay taxes and knowing your employer

*Page 35/187*

responsibilities Federal and state options for financing your new venture Resources, cost information, statistics and regulations have all been updated. That, plus a new easier-to-use layout putting all the state-specific information in one block of chapters,

*Page 36/187*

make this your must-have guide to getting your business off the ground. Introduction to Business covers the scope and sequence of most introductory business courses. The book provides detailed explanations in the context of core themes such as

*Page 37/187*

customer satisfaction, ethics, entrepreneurship, global business, and managing change. Introduction to Business includes hundreds of current business examples from a range of industries and geographic locations, which feature a variety of

*Page 38/187*

individuals. The outcome is a balanced approach to the theory and application of business concepts, with attention to the knowledge and skills necessary for student success in this course and beyond.

“ I ’ ve set up my corporation. Now

*Page 39/187*

what do I do? ” All too often business owners and real estate investors are asking this question. They have formed their protective entity – be it a corporation, LLC or LP – and don ’ t know what to do next. “ Run Your Own Corporation ” provides

*Page 40/187*

the solution to this very common dilemma. Breaking down the requirements chronologically (ie the first day, first quarter, first year) the book sets forth all the tax and corporate and legal matters new business owners must comply with.

*Page 41/187*

Written by Rich Dad ' s Advisor  
Garrett Sutton, Esq., who also  
authored the companion edition  
“ Start Your Own Corporation ” ,  
the book clearly identifies what must  
be done to properly maintain and  
operate your corporation entity.

*Page 42/187*

From the first day, when employer identification numbers must be obtained in order to open up a bank account, to the fifth year when trademark renewals must be filed, and all the requirements in between, “ Run Your Own Corporation ” is a

*Page 43/187*

unique resource that all business owners and investors must have. Rich Dad/Poor Dad author Robert Kiyosaki states, “ Run Your Own Corporation is the missing link for most entrepreneurs. They ’ ve set up their entity, but don ’ t know the next

*Page 44/187*

steps. Garrett Sutton ' s book provides valuable information needed at the crucial start up phase of operations. It is highly recommended reading. ” When “ Start Your Own Corporation ” is combined with “ Run Your Own Corporation ”

*Page 45/187*

readers have a two book set that offers the complete corporate picture.

Start Your Own Corporation

Garrett Sutton's Own Your Own

Corporation has become the

resource to turn to to learn how

you as a private citizen can take

advantage of incorporating

*Page 105/187*

yourself and your business. As we now know, such a move can not only save you thousands and thousands of dollars in taxes, but can also protect your home, savings and family assets from the potential attack of creditors.

*Page 106/187*

But since the book's publication in 2001, changes in tax laws and other important regulations have been made that affect those pursuing or having corporation status. Now, in a newly revised and updated edition, readers will

*Page 107/187*

find the same indispensable and timeless advice (on topics ranging from management control and avoiding disputes to flexibility of decision-making) and a highly accessible breakdown of all the latest pertinent legal

*Page 108/187*

developments and how they affect you.

The LLC and Corporation Start-Up Guide is a must-have resource for the aspiring business owner who needs to know about organizing or

*Page 109/187*

incorporating his or her business.  
Do you yearn to be your own boss and set up your own business but not sure how to go about it? Do you know the benefits of having a Limited Liability Company (LLC) , but

*Page 110/187*

you don't know how to get started? Then your search is finally over, for we've got the book for you! The thought of "being your own boss" is sure exciting and if you plan to do it by setting up your business and

*Page 111/187*

are ready with a business plan, the next crucial step is deciding the right business structure. This decision has far reaching repercussions for the business and thus requires careful selection. The factors like

*Page 112/187*

personal liability, regulations, tax treatment, etc are governed by the form of your business entity which could be a Sole Proprietorship, Corporation, Partnership, or a Limited Liability Company (LLC). A limited liability

*Page 113/187*

company (LLC) can be the right choice for any business owner seeking to reduce liability and protect his or her assets. This type of entity has several advantages over operating a sole proprietorship or

*Page 114/187*

partnership. Unlike a sole proprietorship or partnership, an LLC shields the owner or owners from liability, and unlike a more complex corporation, management structure is loose, there is no board of directors to

*Page 115/187*

answer to, and with an LLC being a pass-through organization, no double taxation which corporations are subject to unless one elects to be taxed as a C or S corporation. In this book, you will discover the ins

*Page 116/187*

and outs of an LLC and find out if it's right for you. Here are just some of the topics that are discussed within this book An introduction to what LLC actually means The advantages and disadvantages associated with

*Page 117/187*

LLC Easy steps towards starting your own LLC and LLC state specific guidelines to follow The accounting and taxes involved in this industry Reviewing whether LLC is right for you And so much more! Among all forms of

*Page 118/187*

companies, start-up of a LLC is easier with lesser complexities, paperwork and costs. This form of company comes with a lot of operational ease with less record keeping and compliance issues. LLCs also provide a lot of

*Page 119/187*

freedom in management as there no requirement of having a board of directors, annual meetings or maintaining strict record books. These features reduce unnecessary hassles and help save a lot of time and effort. So

## LLC Vs. S-Corp Vs. C-Corp

### Introduction to Business

This authoritative work shows how to: -  
Decide on the best structure -  
Establish proper accounting methods -  
Handle taxes - Protect personal assets

*Page 126/187*

*the-llc-and-corporation-start-up-guide-quick-start-your-business*

The LLC, S-Corp, or iCorp question is one of essential importance: Make the right decision, and you'll be paying less tax; you'll know your personal assets are protected from lawsuits against your business; and you might even save yourself some money on accounting and legal fees. Make the

*Page 127/187*

wrong decision, and you'll be throwing away money to Uncle Sam; you'll be wasting money on legal bills; and you'll be only a lawsuit away from losing your home and other personal assets. Find the following, explained in plain-English with no legal jargon: The basics of sole proprietorship,

*Page 128/187*

partnership, LLC, S-Corp, and iCorp taxation. How to protect your personal assets from lawsuits against your business. When the protection offered by an LLC will work. (And more importantly, when it will not ) Which business structures could reduce your Federal income tax or Self-

*Page 129/187*

*the-llc-and-corporation-start-up-guide-quick-start-your-business*

Employment Tax. Which structures can reduce your chances of getting audited. Why LLCs are so popular recently (and why-perhaps-they shouldn't be).

How can I avoid self-employment taxes? This simple question was the inspiration for creating an article

*Page 130/187*

describing the benefits of an S Corporation. That original article, which was about four pages long, quickly became a series of KnowledgeBase articles on the Watson CPA Group website. The articles touched on basic topics such as how to elect S Corp status, payroll,

*Page 131/187*

reasonable salary determination, retirement planning, health care, fringe benefits and liability protection. Those broad topics demanded much more information, both horizontally by spanning into more related issues, and vertically by digging deeper into the granular yet riveting levels of the tax

*Page 132/187*

code. The articles were grouped and relabeled as the Taxpayer's Comprehensive Guide to LLCs and S Corps which grew to 39 pages in its first edition. Time marched on, and more information was added to the first edition such as expanded retirement planning concerns, health

*Page 133/187*

care options after the Affordable Care Act and business valuations including exit strategies. Boom, we now had our second edition at over 100 pages. At that point it was suggested by some clients and colleagues to convert the PDF into an eBook as well as paperback. So here we are.. Each

*Page 134/187*

week we receive several phone calls and emails from small business owners across the country who have read our Taxpayer's Comprehensive Guide to LLCs and S Corps and praised the wealth of information. Regardless of your current situation, whether you are considering starting

*Page 135/187*

your own business or entertaining a contracting gig, or you are an experienced business owner, the contents of this book are for you. This book will show you how to reduce your self-employment taxes through an S Corporation election and how to use your corporation to your retirement

*Page 136/187*

and fringe benefit advantage. You will also learn the operational considerations of an S Corp plus the 185 reasons you should NOT elect S Corp status. Want to buy or sell a business? That's in here too. This book is written with the general taxpayer in mind. Too many resources

*Page 137/187*

simply regurgitate complex tax code without explanation. While in some cases tax code and court opinions are duplicated verbatim because of the precise words, this book strives to explain many technical concepts in layperson terms with some added humor and opinions. We believe you

*Page 138/187*

will find this book educational as well as amusing.

"How To Start And Run Your Own Corporation" begins where many incorporation books leave off. Peter Hupalo, author of "Thinking Like An Entrepreneur," teaches you the basics of corporate business structure. "How

*the-llc-and-corporation-start-up-guide-quick-start-your-business*

According the United States Small Business Administration's most recently released date, there are more than 9 million small businesses in the United States and almost 250,000 new ones started every year. Of those new businesses, half will fail in the first 12 months and part of that failure is due

*Page 161/187*

to the lack of information about how to start and develop that business.

Without the right legal form of business, you may end up paying too much in taxes, failing to comply with certain laws, or miss out on certain breaks that you deserve. This book provides you with a complete guide,

*Page 162/187*

discussing all four major forms of business, which one is right for you, and how your decision may affect you in the future. The first thing you will read about is the list of non-legal issues you need to deal with before you start the business creation process. In addition, you will learn

*Page 163/187*

which form of business is ideal for your particular situation with a short overview of each type, a comparison of what each offers, and how the legal implications of each might apply to you. You will learn specifically how to choose between an LLC and a corporation in instances where it might

*Page 164/187*

not be immediately clear which is best for you. You will also learn which special business structures are best suited to your needs if you do not fit into any of the four primary categories. The process of structuring a partnership is outlined, along with how to create a written agreement and how

*Page 165/187*

to change a partnership after the business has been created. You will also learn how to create a corporation, including the structure you will use, how to establish financing, the compensation you will provide yourself, whether you need a lawyer, the 13 step process of starting and

*Page 166/187*

filing your corporation, and what you need to do immediately afterwards. The number of members needed to create an LLC is provided as well, along with how to structure management and determine financing and compensation. Hours of careful interviews were conducted with

*Page 167/187*

successful small business owners and legal experts to help create a comprehensive collection of materials that will guide you through the processes above, as well as how to handle transition of ownership and the extended process of naming your business " including the legal

*Page 168/187*

implications of this process, what you need to know about trademarks and service marks, how to protect your own trademarks, and where to do name searches. The licensing and permit processes, as well as the tax structures for each business type, are included for federal, state, and local

*Page 169/187*

laws, while additional information is provided on how to build your home-based business as opposed to one in a physical location. If you are looking to create a new business and do not know which format is best for your needs, this book will walk you through each step of the selection process,

*Page 170/187*

making sure your new business meets all applicable laws and regulations. Practical Guide to Partnerships and LLCs (10th Edition), by Robert Ricketts and Larry Tunnell, discusses the complex issues involving partnership taxation with utmost clarity. It uses hundreds of illustrative

*Page 171/187*

examples, practice observations, helpful charts and insightful explanations to make even the most difficult concepts understandable. The book reflects the authors' penchant for communicating the pertinent facts in very direct language and creating a context for understanding the

*Page 172/187*

multifaceted issues and applying them to practice. This new edition fully reflects all the latest developments in this complex area. These include changes affecting: - partnership basis adjustments - transfers to partnerships of property with built-in losses - sale of an interest in a partnership with built-in

*Page 173/187*

loss property - disproportionate  
distributions from partnerships with  
built-in loss property - expensing and  
amortization of partnership  
organizational expenses - partnership  
treatment of the deduction for  
domestic production activities -  
recognition of cancellation-of-

*Page 174/187*

indebtedness income, and more In six parts, Practical Guide to Partnerships and LLCs covers the critical aspects of this complicated area, with individual parts focusing on partnership characteristics, funding, taxation of operations, partner's share of partnership debt, disposition of

*Page 175/187*

partnership interest, and distributions. From choice-of-entity considerations to sales and liquidations, the entire breadth of partnership and LLC taxation is covered. Special attention is given throughout to the complex inter-workings of rules that bind, tax and control these entity operations. In

*Page 176/187*

the book's first part focused on preliminary considerations, the basic underpinnings are presented covering key areas such as the check the box rules, anti-abuse rules, investment joint venture rules, the application of partnership taxation to LLCs, liability issues, passive loss limitations, audit

*Page 177/187*

issues, self-employment taxes, IRS classification, tax year and accounting method selection, and much more. The second part of Practical Guide to Partnerships and LLCs looks at property contributions and disguised sales, transactions between partner and partnership, and formation and

*Page 178/187*

start-up expenses. A special summary table for the tax treatment of pre-opening expenses is included. Next, the central core of the book explains the taxation of operations including partnership income rules, the pass-through concept, and the partner's share of income and debt. Specific

*Page 179/187*

rules, reporting and compliance issues are thoroughly addressed. Form 1065 and schedules L, M-1, M-2, K and K-1 are also explained. Part four covers partner's share of partnership debt, while disposition of a partnership interest is the subject of the fifth part of Practical Guide to Partnerships and

*Page 180/187*

LLCs. This section covers the amount and character of the seller's gain or loss, sales of partnership interest when the partnership holds ordinary income property and the effect of sale of partnership interest on the partnership. The final part covers distributions, including nonliquidating,

*Page 181/187*

liquidating, special distribution exceptions, and disproportionate distributions. This section also includes coverage of the death or retirement of a general partner and special rules for service partnerships. The detailed and substantial coverage in the text is enhanced by the

*Page 182/187*

abundant illustrations and special aids to understanding, such as flowcharts, offered throughout. Practical Guide to Partnerships and LLCs will be a great resource all tax practitioners, students and those interested in developing their knowledge of partnership and LLC taxation..

*Page 183/187*

The "LLC, S-Corp, or C-Corp" question is one of essential importance: Make the right decision, and you'll be paying less tax; you'll know your personal assets are protected from lawsuits against your business; and you might even save yourself some money on accounting

*Page 184/187*

and legal fees. Make the wrong decision, and you'll be paying an unnecessary amount of tax; you'll be wasting money on legal bills; and you'll be only a lawsuit away from losing your home and other personal assets. Find the following, explained in plain-English with no legal jargon: The

*Page 185/187*

basics of sole proprietorship, partnership, LLC, S-Corp, and C-Corp taxation. How to protect your personal assets from lawsuits against your business. When the protection offered by an LLC will work. (And more importantly, when it will not!) Which business structures could reduce your
