The Long Ships centers upon the travels and adventures of “Red Orm” Tosteson, as he takes to the sea in search of plunder and honor in the tenth century A.C.E. Orm is a brave, strong, and resourceful man who, after leaving his home in less than ideal circumstances, becomes an admired leader and chieftain. His travels see him co-opted into the service of the Caliph of Cordoba before returning to Scandinavia and becoming intricately involved in the affairs of kings.

Frans Gunnar Bengtsson's The Long Ships resurrects the fantastic world of the tenth century AD when the Vikings roamed and rampaged from the northern fastnesses of Scandinavia down to the Mediterranean. Bengtsson's hero, Red Orm—canny, courageous, and above all lucky—is only a boy when he is abducted from his Danish home by the Vikings and made to take his place at the oars of their dragon-prowed ships.
