About Mentors Library Books are mentors. Books can guide what we do and our lives. Many of us love books while reading them and maybe they will echo with us a few weeks after but 2 years later we can't remember if we have read it or not. And that's a shame. We remember that at that time, the book meant a lot to us. Why is it that 2 years later we have forgotten everything? That's not good. This summary is taken from the most important themes of the original book. Most people don't like books. People just want to know what the book says they have to do. If you trust the source you don't need the arguments. So much of a book is arguing its points, but often you don't need the argument if you trust the source you can just get the point. This summary takes the effort to distill the blahs into themes for the people who are just not going to read the whole book. All this information is in the original book.

In this "brave and heartbreaking novel that digs its claws into you and doesn't let go, long after you've finished it" (Anna Todd, New York Times bestselling author) from the #1 New York Times bestselling author of All Your Perfects, a workaholic with a too-good-to-be-true romance can't stop thinking about her first love. Lily hasn't always had it easy, but that's never stopped her from working hard for the life she wants. She's come a long way from the small town where she grew up—she graduated from college, moved to Boston, and started her own business. And when she feels a spark with a gorgeous neurosurgeon named Ryle Kincaid, everything in Lily's life seems too good to be true. Ryle is assertive, stubborn, maybe even a little arrogant. He's also sensitive, brilliant, and has a total soft spot for Lily. And the way he looks in scrubs certainly doesn't hurt. Lily can't get him out of her head. But Ryle's complete aversion to relationships is disturbing. Even as Lily finds herself becoming the exception to his "no dating" rule, she can't help but wonder what made him that way in the first place. As questions about her new relationship overwhelm her, so do thoughts of Atlas Corrigan—her first love and a link to the past she left behind. He was her kindred spirit, her protector. When Atlas suddenly reappears, everything Lily has built with Ryle is threatened. An honest, evocative, and tender novel, *It Ends with Us* is "a glorious and touching read, a forever keeper. The kind of book that gets handed down" (USA TODAY).

Summary of The Miracle Morning

NEW YORK TIMES BESTSELLER • A harrowing, moving memoir of the 1972 plane crash that left its survivors stranded on a glacier in the Andes—and one man's quest to lead them all home—now in a special edition for 2022, commemorating the fiftieth anniversary of the crash, featuring a new introduction by the author “ In straightforward, staggeringly honest prose, Nando Parrado tells us what it took—and what it actually felt like—to survive high in the Andes for seventy-two days after having been given up for dead. ” —Jon Krakauer, author of *Into the Wild* “ In the first hours there was nothing, no fear or sadness, just a black and perfect silence. ” Nando Parrado was unconscious for three days before he woke to discover that the plane carrying his rugby team to Chile had crashed deep in the Andes, killing many of his teammates, his mother, and his sister. Stranded with the few remaining survivors on a lifeless glacier and thinking constantly of his father's grief, Parrado resolved that he could not simply wait to die. So Parrado, an ordinary young man with no particular disposition for leadership or heroism, led an expedition up the treacherous slopes of a snowcapped mountain and across forty-five miles of frozen wilderness in an attempt to save his friends' lives as well as his own. Decades after the disaster, Parrado tells his story with remarkable candor and depth of feeling. *Miracle in the Andes*, a first-person account of the crash and its aftermath, is more than a riveting tale of true-life adventure; it is a revealing look at life at the edge of death and a meditation on the limitless redemptive power of love.

An Inaugural Poem for the Country

From the millionaire entrepreneur and New York Times bestselling author of The 10X Rule comes a bold and contrarian wake-up call for anyone truly ready for success. One of the 7 best motivational books of 2016, according to Inc. Magazine. Before Grant Cardone built five successful companies (and counting), became a multimillionaire, and wrote bestselling books... he was broke, jobless, and drug-addicted. Grant had grown up with big dreams, but friends and family told him to be more reasonable and less demanding. If he played by the rules, they said, he could enjoy everyone else 's version of middle class success. But when he tried it their way, he hit rock bottom. Then he tried the opposite approach. He said NO to the haters and naysayers and said YES to his burning, outrageous, animal obsession. He reclaimed his obsession with wanting to be a business rock star, a super salesman, a huge philanthropist. He wanted to live in a mansion and even own an airplane. Obsession made all of his wildest dreams come true. And it can help you achieve massive success too. As Grant says, we're in the middle of an epidemic of average. The conventional wisdom is to seek balance and take it easy. But that has really just given us an excuse to be unexceptional. If you want real success, you have to know how to harness your obsession to rocket to the top. This book will give you the inspiration and tools to break out of your cocoon of mediocrity and achieve your craziest dreams. Grant will teach you how to:

- Set crazy goals—and reach them, every single day.
- Feed the beast: when you value money and spend it on the right things, you get more of it.
- Shut down the doubters—and use your haters as fuel.

Whether you're a sales person, small business owner, or 9-to-5 working stiff, your path to happiness runs through your obsessions. It's a simple choice: be obsessed or be average.

Summary of The Miracle Morning Hal Elrod 's book, The Miracle Morning, takes widely accepted self-help practices that have been developed over centuries of human consciousness studies and condenses the 'best of the best into a daily six-step ritual. The book uses the concept of habit stacking, the method of selecting a few desirable habits, creating a sequence out of them, and making the sequence itself a new habit. People who use habit stacking benefit because they can adopt multiple good habits at once. They can automate their behavior to do an entire sequence instead of just focusing on trying to implement numerous new habits one at a time. This method takes less motivation and builds momentum quickly for comprehensive behavior change. The Miracle Morning 's recommended daily routine is a clear example of a classic habit stack. It consists of 6 habits: Silence, Affirmations, Visualization, Exercise, Reading, and Scribing (S.A.V.E.R.S.). To help readers memorize this sequence, Elrod creates a simple acronym, Life S.A.V.E.R.S. This acronym is also a metaphor for the projected impact of the routine on the reader. Elrod contends that if the reader contentiously follows the steps, he or she will be able to discern their innermost desires and achieve the high quality of life they deserve. The routine is intended to save readers from a life of mediocrity and underachievement. This book is one of the most highly rated books on Amazon; it has over two thousand five hundred five-star reviews and it was endorsed by world-renowned influencers and luminaries including Robert Kiyosaki, James, Altucher, Pat Flynn, Brian Johnson, Gail Lynne Goodwin, and others. The significance of this book is rooted in the author 's capacity to select universally accepted practices for personal development and combine them into a seamless routine that challenges the reader to explore his or her inner values and create a plan to achieve his or her dreams. The book spurred on an international movement and has been translated into 27 languages. The writer claims that the book can help people create the life they have always wanted by building on the simple premise that the way a person starts their day influences the quality of their overall life.
