

The Pentagons Brain An Uncensored History Of Darpa Americas Top Secret Military Research Agency

Page 1/92

Where does The Pentagon's Brain rank among all the audiobooks you've listened to so far? Jacobsen is a superb reporter, a mediocre writer and an execrable narrator. What that boils down to is a really

Page 2/92

frustrating audio book. Her research is first rate. Her logic is strong. But her writing is clumsy. Her narration is simply dreadful.
