

## The Political Economy Of European Welfare Capitalism 21st Century Europe

Drawing on industry documents, interviews, interest group data, an original survey, and comparative political theory, The Political Economy of European Security demonstrates that interest groups can change the outcomes of developing political institutions because they provide sources of external capacity, which in turn can produce authority over time. Most recently, Europe has been dealing with a severe financial and economic crisis that may require new initiatives in the field of European integration . This course aims to provide students with a thorough understanding of the political economy of the EU, focussing on economic rationales behind the process of European integration and the current economic challenges facing the European Union.

Political Economy of the European Union POLITICAL ECONOMY OF THE EUROPEAN UNION TheEuropean Union (EU) is a political and economic union of 27member states, situated principally inEurope. It was founded as a result of the Treaty of Maastrichtin 1993 based on the fundamentals of the pre-existingEuropean Economic Community.
