The Practice of Management - Peter F. Drucker - Google Books

A practice manager has the responsibility of managing all business aspects of a medical practice including financials, human resources,

information technology, compliance, marketing, and operations. Professionals in practice management hold titles such as Practice Manager, Administrator, CEO, COO, and Executive Director, among others.

What is Practice Management? - AAPC

- I believe in the power of practice. It's true for your participants and it's true for you too. You'll be more calm, confident and comfortable if you practice your workshop before you do it in front of an audience. The real trick here though is to do it in real time using your deck and any props or materials you'll be handing out.
