The Question of Saint Joan of Arc's Sexuality and Gender

Butler notes in her overall "reading" of Joan Wallach Scott that Scott originally posed the title as a question, a grammatical construction that better conveys her relentless grappling with the analytical meanings and uses of gender. Editors of the American Historical Review transformed the query into the declaratory statement. The question remains very much alive, though, as the authors of both works explore precisely how useful a category gender has been and continues to be in ...

That's a far cry from a century ago when women's roles in museums were limited, proscribed, and rigidly gendered. Today women hold leadership positions in all but the country's largest and wealthiest museums. That's progress, but numbers don't tell the whole story. Gender is still an unseen problem in museum workplaces.
