ANTIFRAGILE

“ Startling . . . richly crammed with insights, stories, fine phrases and intriguing asides. ” —The Wall Street Journal Just as human bones get stronger when subjected to stress and tension, many things in life benefit from disorder, volatility, and turmoil.

Page 26/107

What Taleb has identified and calls “antifragile” is that category of things that not only gain from chaos but need it in order to survive and flourish. The resilient resists shocks and stays the same; the antifragile gets better and better. What is crucial is that the antifragile loves errors, as it incurs small

Page 27/107

harm and large benefits from them. Spanning politics, urban planning, war, personal finance, economic systems, and medicine in an interdisciplinary and erudite style, Antifragile is a blueprint for living in a Black Swan world.

THE BLACK SWAN

“ [A book] that altered modern thinking. ” —The

swan; so was 9/11. In this groundbreaking and prophetic book, Taleb shows that black swan events underlie almost everything about our world, from the rise of religions to events in our own personal lives, and yet we—especially the experts—are blind to them. FOOLED BY RANDOMNESS

“ [Fooled by

Set against the backdrop of the most conspicuous forum in which luck is mistaken for skill—the markets—Fooled by Randomness is an

E. B. White (1899 1985)
is best known for his
children's books,
Charlotte's Web, Stuart
Little, and The Trumpet
of the Swan. Columnist
for The New Yorker for
over half a century and
co-author of Strunk and
White's The Elements of
Style, White hit his stride
as an American literary
icon when he began

in his newspaper columns from 1916 into the 1930s, and he has delighted generations of readers ever since. A poet in a former life, Archy was reincarnated as a bug who expresses himself by diving headfirst onto a typewriter. His sidekick Mehitabel is a streetwise feline who claims to have been Cleopatra in a previous life. As E. B.
