

The World At Night Soldiers 4 Alan Furst

From “America’s preeminent spy novelist” (The New York Times) comes a fast-paced, mesmerizing thriller of the French resistance fighters working secretly and bravely to defeat Hitler. Occupied Paris, 1942. Just before he dies, a man being chased by the Gestapo hands off a strange-looking document to the unsuspecting novelist Paul Ricard. It looks like a blueprint of a part for a military weapon, one that might have important information for the Allied forces. Ricard realizes he must try to get the diagram into the hands of members of the resistance network. As Ricard finds himself drawn deeper and deeper into anti-Nazi efforts and increasingly dangerous espionage assignments, he travels to Germany and along the escape routes of underground resistance safe houses to spy on Nazi maneuvers. When he meets the mysterious and beautiful Leila, a professional spy, they begin to work together to get crucial information out of France and into the hands of the Allied forces in London.

The second volume in a trilogy on the Spanish Civil War. The protagonists are two teenagers, Manuel and Marta. They are brought together by the death of a Republican fighter who was his friend and her husband. The novel chronicles their growing involvement against the background of the war.

Bulgaria, 1934. A young man is murdered by the local fascists. His brother, Khristo Stoianev, is recruited into the NKVD, the Soviet secret intelligence service, and sent to Spain to serve in its civil war. Warned that he is about to become a victim of Stalin’s purges, Khristo flees to Paris. Night Soldiers masterfully re-creates the European world of 1934–45: the struggle between Nazi Germany and Soviet Russia for Eastern Europe, the last desperate gaiety of the beau monde in 1937 Paris, and guerrilla operations with the French underground in 1944. Night Soldiers is a scrupulously researched panoramic novel, a work on a grand scale.

“First-rate research collaborates with first-rate imagination. . . . Superb.”—The Boston Globe Paris, 1940. The civilized, upper-class life of film producer Jean Casson is derailed by the German occupation of Paris, but Casson learns that with enough money, compromise, and connections, one need not deny oneself the pleasures of Parisian life. Somewhere inside Casson, though, is a stubborn romantic streak. When he’s offered the chance to take part in an operation of the British secret service, this idealism gives him the courage to say yes. A simple mission, but it goes wrong, and Casson realizes he must gamble everything—his career, the woman he loves, life itself. Here is a brilliant re-creation of France—its spirit in the moment of defeat, its valor in the moment of rebirth. Praise for The World at Night “[The World at Night] earns a comparison with the serious entertainments of Graham Greene and John le Carré. . . . Gripping, beautifully detailed . . . an absorbing glimpse into the moral maze of espionage.”—Richard Eder, Los Angeles Times “[The World at Night] is the world of Eric Ambler, the pioneering British author of classic World War II espionage fiction. . . . The novel is full of keen dialogue and witty commentary Thrilling.”—Herbert Mitgang, Chicago Tribune “With the authority of solid research and a true fascination for his material, Mr. Furst makes idealism, heroism, and sacrifice believable and real.”—David Walton, The Dallas Morning News

All Quiet on the Western Front

Himalaya: A Human History

A New Translation From The French By Marion Wiesel Born in Sighet, Transylvania, Elie Wiesel was a teenager when he and his family were taken from their home in 1944 and deported to the Auschwitz concentration camp, and then to Buchenwald. Night is the terrifying record of Elie Wiesel's memories of the death of his family, the death of his own innocence, and his despair as a deeply observant Jew confronting the absolute evil of man. This new translation by his wife and most frequent translator, Marion Wiesel, corrects important details and presents the most accurate rendering in English of Elie Wiesel's seminal work.

Considered by many the greatest war novel of all time, All Quiet on the Western Front is Erich Maria Remarque ’ s masterpiece of the German experience during World War I. I am young, I am twenty years old; yet I know nothing of life but despair, death, fear, and fatuous superficiality cast over an abyss of sorrow. . . . This is the testament of Paul Bäumer, who enlists with his classmates in the German army during World War I. They become soldiers with youthful enthusiasm. But the world of duty, culture, and progress they had been taught breaks in pieces under the first bombardment in the trenches. Through years of vivid horror, Paul holds fast to a single vow: to fight against the principle of hate that meaninglessly pits young men of the same generation but different uniforms against one another . . . if only he can come out of the war alive. “ The world has a great writer in Erich Maria Remarque. He is a craftsman of unquestionably first rank, a man who can bend language to his will. Whether he writes of men or of inanimate nature, his touch is sensitive, firm, and sure. ” —The New York Times Book Review

This New York Times bestselling account of books parachuted to soldiers during WWII is a “ cultural history that does much to explain modern America ” (USA Today). When America entered World War II in 1941, we faced an enemy that had banned and burned 100 million books. Outraged librarians launched a campaign to send free books to American troops, gathering 20 million hardcover donations. Two years later, the War Department and the publishing industry stepped in with an extraordinary program: 120 million specially printed paperbacks designed for troops to carry in their pockets and rucksacks in every theater of war. These small, lightweight Armed Services Editions were beloved by the troops and are still fondly remembered today. Soldiers read them while waiting to land at Normandy, in hellish trenches in the midst of battles in the Pacific, in field hospitals, and on long bombing flights. This pioneering project not only lifted soldiers ’ spirits, but also helped rescue The Great Gatsby from obscurity and made Betty Smith, author of A Tree Grows in Brooklyn, into a national icon. “ A thoroughly engaging, enlightening, and often uplifting account . . . I was enthralled and moved. ” — Tim O ’ Brien, author of The Things They Carried “ Whether or not you ’ re a book lover, you ’ ll be moved. ” — Entertainment Weekly

“ The most complete account of the French Resistance in English, and the most sensitive... A masterful rendering of the Resistance... ” — Philip Hallie, The New York Times “ A celebration and a memorial... Mr. Schoenbrun has had long conversations with a number of the best-known survivors, each one the keeper of a sacred flame... the fullest account of the French Resistance in English. ” — Robert O. Paxton, The New York Review of Books “ Political history chiefly, not heroics: the most extensive account in English of the two French Resistances — that of the Underground against Vichy and the Nazis, and that of de Gaulle against all other claimants to authority over fallen France... including, prominently, the Allies... A memorable and important

book. ” — Kirkus Reviews “ Former CBS Paris bureau chief David Schoenbrun gives us an excellent, solidly researched account of the struggle waged by that gallant handful who sabotaged railroads and power plants, rescued Allied fliers and Jewish fugitives, assassinated German and Vichy officials, then fought pitched battles against elite Wehrmacht formations... With great objectivity and verve, Schoenbrun chronicles the often muddled, uncoordinated efforts of the Resistance through the four dark years of Nazi occupation. Systematically and factually, he explains the workings on the fragmented organizations that kept on fighting in spite of the Germans ’ ruthless attempts to stamp them out. ” — Martin Sokolinsky, Christian Science Monitor “ [A] marvelous book... stories of heroism and self-sacrifice that challenge belief. [Schoenbrun] has created a prodigious work crowded with compelling stories... ” — Richard J. Walton, Saturday Review “ Important... richly deserving of acclaim... The first comprehensive account in English of the French Resistance... held together by a fine reporter ’ s instinct of how to tell a story and how to tell it well. ” —

Acclaimed New York Times journalist and author Chris Hedges offers a critical -- and fascinating -- lesson in the dangerous realities of our age: a stark look at the effects of war on combatants. Utterly lacking in rhetoric or dogma, this manual relies instead on bare fact, frank description, and a spare question-and-answer format. Hedges allows U.S. military documentation of the brutalizing physical and psychological consequences of combat to speak for itself. Hedges poses dozens of questions that young soldiers might ask about combat, and then answers them by quoting from medical and psychological studies. • What are my chances of being wounded or killed if we go to war? • What does it feel like to get shot? • What do artillery shells do to you? • What is the most painful way to get wounded? • Will I be afraid? • What could happen to me in a nuclear attack? • What does it feel like to kill someone? • Can I withstand torture? • What are the long-term consequences of combat stress? • What will happen to my body after I die? This profound and devastating portrayal of the horrors to which we subject our armed forces stands as a ringing indictment of the glorification of war and the concealment of its barbarity.

Paris, Moscow, Berlin, and Prague, 1937. In the back alleys of nighttime Europe, war is already under way. André Szara, survivor of the Polish pogroms and the Russian civil wars and a foreign correspondent for Pravda, is co-opted by the NKVD, the Soviet secret intelligence service, and becomes a full-time spymaster in Paris. As deputy director of a Paris network, Szara finds his own star rising when he recruits an agent in Berlin who can supply crucial information. Dark Star captures not only the intrigue and danger of clandestine life but the day-to-day reality of what Soviet operatives call special work. September 1939. As Warsaw falls to Hitler’s Wehrmacht, Captain Alexander de Milja is recruited by the intelligence service of the Polish underground. His mission: to transport the national gold reserve to safety, hidden on a refugee train to Bucharest. Then, in the back alleys and black-market bistros of Paris, in the tenements of Warsaw, with partizan guerrillas in the frozen forests of the Ukraine, and at Calais Harbor during an attack by British bombers, de Milja fights in the war of the shadows in a world without rules, a world of danger, treachery, and betrayal.

One of The New York Times Book Review’s 10 Best Books of 2021 Shortlisted for the 2021 International Booker Prize and the 2021 National Book Award for Translated Literature A fictional examination of the lives of real-life scientists and thinkers whose discoveries resulted in moral consequences beyond their imagining. When We Cease to Understand the World is a book about the complicated links between scientific and mathematical discovery, madness, and destruction. Fritz Haber, Alexander Grothendieck, Werner Heisenberg, Erwin Schrödinger—these are some of luminaries into whose troubled lives Benjamín Labatut thrusts the reader, showing us how they grappled with the most profound questions of existence. They have strokes of unparalleled genius, alienate friends and lovers, descend into isolation and insanity. Some of their discoveries reshape human life for the better; others pave the way to chaos and unimaginable suffering. The lines are never clear. At a breakneck pace and with a wealth of disturbing detail, Labatut uses the imaginative resources of fiction to tell the stories of the scientists and mathematicians who expanded our notions of the possible.

What Every Person Should Know About War

“In the first nineteen months of European war, from September 1939 to March of 1941, the island nation of Britain and her allies lost, to U-boat, air, and sea attack, to mines and maritime disaster, one thousand five hundred and ninety-six merchant vessels. It was the job of the Intelligence Division of the Royal Navy to stop it, and so, on the last day of April 1941 . . . ” May 1941. At four in the morning, a rust-streaked tramp freighter steams up the Tagus River to dock at the port of Lisbon. She is the *Santa Rosa*, she flies the flag of neutral Spain and is in Lisbon to load cork oak, tinned sardines, and drums of cooking oil bound for the Baltic port of Malmö. But she is not the *Santa Rosa*. She is the *Noordendam*, a Dutch freighter. Under the command of Captain Eric DeHaan, she sails for the Intelligence Division of the British Royal Navy, and she will load detection equipment for a clandestine operation on the Swedish coast – a secret mission, a dark voyage. A desperate voyage. One more battle in the spy wars that rage through the back alleys of the ports, from elegant hotels to abandoned piers, in lonely desert outposts, and in the souks and cafés of North Africa. A battle for survival, as the merchant ships die at sea and Britain – the last opposition to Nazi German – slowly begins to starve. A voyage of flight, a voyage of fugitives – for every soul aboard the *Noordendam*. The Polish engineer, the Greek stowaway, the Jewish medical officer, the British spy, the Spaniards who fought Franco, the Germans who fought Hitler, the Dutch crew itself. There is no place for them in occupied France; they cannot go home. From Alan Furst – whom *The New York Times* calls America's preeminent spy novelist – here is an epic tale of war and espionage, of spies and fugitives, of love in secret hotel rooms, of courage in the face of impossible odds. *Dark Voyage* is taut with suspense and pounding with battle scenes; it is authentic, powerful, and brilliant.

Club's* fifteen best books of 2020 | *A Sunday Times* best book of the year Selected by students across France to win the Prix Goncourt des Lycéens, David Diop's English-language, historical fiction debut *At Night All Blood is Black* is a “powerful, hypnotic, and dark novel” (*Livres Hebdo*) of terror and transformation in the trenches of the First World War. Alfa Ndiaye is a Senegalese man who, never before having left his village, finds himself fighting as a so-called “Chocolat” soldier with the French army during World War I. When his friend Mademba Diop, in the same regiment, is seriously injured in battle, Diop begs Alfa to kill him and spare him the pain of a long and agonizing death in No Man's Land. Unable to commit this mercy killing, madness creeps into Alfa's mind as he comes to see this refusal as a cruel moment of cowardice. Anxious to avenge the death of his friend and find forgiveness for himself, he begins a macabre ritual: every night he sneaks across enemy lines to find and murder a blue-eyed German soldier, and every night he returns to base, unharmed, with the German's severed hand. At first his comrades look at Alfa's deeds with admiration, but soon rumors begin to circulate that this super soldier isn't a hero, but a sorcerer, a soul-eater. Plans are hatched to get Alfa away from the front, and to separate him from his growing collection of hands, but how does one reason with a demon, and how far will Alfa go to make amends to his dead friend? Peppered with bullets and black magic, this remarkable novel fills in a forgotten chapter in the history of World War I. Blending oral storytelling traditions with the gritty, day-to-day, journalistic horror of life in the trenches, David Diop's *At Night All Blood is Black* is a dazzling tale of a man's descent into madness.

From the critically acclaimed author of *The 25th Hour* and *When the Nines Roll Over* and co-creator of the HBO series *Game of Thrones*, a captivating novel about war, courage, survival — and a remarkable friendship that ripples across a lifetime. During the Nazis' brutal siege of Leningrad, Lev Beniiov is arrested for looting and thrown into the same cell as a handsome deserter named Kolya. Instead of being executed, Lev and Kolya are given a shot at saving their own lives by complying with an outrageous directive: secure a dozen eggs for a powerful Soviet colonel to use in his daughter's wedding cake. In a city cut off from all supplies and suffering unbelievable deprivation, Lev and Kolya embark on a hunt through the dire lawlessness of Leningrad and behind enemy lines to find the impossible. By turns insightful and funny, thrilling and terrifying, the New York Times bestseller *City of Thieves* is a gripping, cinematic World War II adventure and an intimate coming-of-age story with an utterly contemporary feel for how boys become men.

From Alan Furst, whom *The New York Times* calls “America's preeminent spy novelist,” comes an epic story of romantic love, love of country, and love of freedom – the story of a secret war fought in elegant hotel bars and first-class railway cars, in the mountains of Spain and the backstreets of Berlin. It is an inspiring, thrilling saga of everyday people forced by their hearts' passion to fight in the war against tyranny. By 1938, hundreds of Italian intellectuals, lawyers and

journalists, university professors and scientists had escaped Mussolini's fascist government and taken refuge in Paris. There, amid the struggles of émigré life, they founded an Italian resistance, with an underground press that smuggled news and encouragement back to Italy. Fighting fascism with typewriters, they produced 512 clandestine newspapers. The Foreign Correspondent is their story. Paris, a winter night in 1938: a murder/suicide at a discreet lovers' hotel. But this is no romantic tragedy – it is the work of the OVRA, Mussolini's fascist secret police, and is meant to eliminate the editor of *Liberazione*, a clandestine émigré newspaper. Carlo Weisz, who has fled from Trieste and secured a job as a foreign correspondent with the Reuters bureau, becomes the new editor. Weisz is, at that moment, in Spain, reporting on the last campaign of the Spanish civil war. But as soon as he returns to Paris, he is pursued by the French Secret Service, by agents of the OVRA, and by officers of the British Secret Intelligence Service. In the desperate politics of Europe on the edge of war, a foreign correspondent is a pawn, worth surveillance, or blackmail, or murder. The Foreign Correspondent is the story of Carlo Weisz and a handful of antifascists: the army officer known as "Colonel Ferrara," who fights for a lost cause in Spain; Arturo Salamone, the shrewd leader of a resistance group in Paris; and Christa von Schirren, the woman who becomes the love of Weisz's life, herself involved in a doomed resistance underground in Berlin. The Foreign Correspondent is Alan Furst at his absolute best – taut and powerful, enigmatic and romantic, with sharp, seductive writing that takes the reader through darkness and intrigue to a spectacular denouement.

The Spies of Warsaw

In love we find out who we want to be. In war we find out who we are. FRANCE, 1939 In the quiet village of Carriveau, Vianne Mauriac says goodbye to her husband, Antoine, as he heads for the Front. She doesn't believe that the Nazis will invade France...but invade they do, in droves of marching soldiers, in caravans of trucks and tanks, in planes that fill the skies and drop bombs upon the innocent. When a German captain requisitions Vianne's home, she and her daughter must live with the enemy or lose everything. Without food or money or hope, as danger escalates all around them, she is forced to make one impossible choice after another to keep her family alive. Vianne's sister, Isabelle, is a rebellious eighteen-year-old girl, searching for purpose with all the reckless passion of youth. While thousands of Parisians march into the unknown terrors of war, she meets Gëtan, a partisan who believes the French can fight the Nazis from within France, and she falls in love as only the young can...completely. But when he betrays her, Isabelle joins the Resistance and never looks back, risking her life time and again to save others. With courage, grace and powerful insight, bestselling author Kristin Hannah captures the epic panorama of WWII and illuminates an intimate part of history seldom seen: the women's war. The Nightingale tells the stories of two sisters, separated by years and experience, by ideals, passion and circumstance, each embarking on her own dangerous path toward survival, love, and freedom in German-occupied, war-torn France--a heartbreakingly beautiful novel that celebrates the resilience of the human spirit and the durability of women. It is a novel for everyone, a novel for a lifetime.

In this stunning sequel to *Howl's Moving Castle*, Diana Wynne Jones has again created a large-scale, fast-paced fantasy in which people and things are never quite what they seem. There are good and bad djinns, a genie in a bottle, wizards, witches, cats and dogs (but are they cats and dogs?), and a mysterious floating castle filled with kidnapped princesses, as well as two puzzling prophecies. The story speeds along with tantalizing twists and turns until the prophecies are fulfilled, true identities are revealed, and all is resolved in a totally satisfying, breathtaking, surprise-filled ending. Abdullah was a young and not very prosperous carpet dealer. His father, who had been disappointed in him, had left him only enough money to open a modest booth in the Bazaar. When he was not selling carpets, Abdullah spent his time daydreaming. In his dreams he was not the son of his father, but the long-lost son of a prince. There was also a princess who had been betrothed to him at birth. He was content with his life and his daydreams until, one day, a stranger sold him a magic carpet. All fans of classic fantasy books deserve the pleasure of reading those by Diana Wynne Jones, whose acclaim included the World Fantasy Award for Life Achievement. As Neil Gaiman stated, she was "quite simply the best writer for children of her generation." The three books in the *World of Howl* are: *Howl's Moving Castle* *Castle in the Air* *House of Many Ways* Other beloved series from Dianna Wynne Jones include the *Chronicles of Chrestomanci* and the *Dalemek Quartet*.

Ranger, the time-traveling golden retriever with search-and-rescue training, travels to Colonial America to help the patriot cause!

NOW A MINISERIES ON BBC AMERICA STARRING DAVID TENNANT An autumn evening in 1937. A German engineer arrives at the Warsaw railway station. Tonight, he will be with his Polish mistress; tomorrow, at a workers' bar in the city's factory district, he will meet with the military attaché from the French embassy. Information will be exchanged for money. So begins *The Spies of Warsaw*, the brilliant new novel by Alan Furst, lauded by *The New York Times* as "America's preeminent spy novelist." War is coming to Europe. French and German intelligence operatives are locked in a life-and-death struggle on the espionage battlefield. At the French embassy, the new military attaché, Colonel Jean-Francois Mercier, a decorated hero of the 1914 war, is drawn into a world of abduction, betrayal, and intrigue in the diplomatic salons and back alleys of Warsaw. At the same time, the handsome aristocrat finds himself in a passionate love affair with a Parisian woman of Polish heritage, a lawyer for the League of Nations. Colonel Mercier must work in the shadows, amid an extraordinary cast of venal and dangerous characters – Colonel Anton Vyborg of Polish military intelligence; the mysterious and sophisticated Dr. Lapp, senior German Abwehr officer in Warsaw; Malka and Viktor Rozen, at work for the Russian secret service; and Mercier's brutal and vindictive opponent, Major August Voss of SS counterintelligence. And there are many more, some known to Mercier as spies, some never to be revealed. *The Houston Chronicle* has described Furst as "the greatest living writer of espionage fiction." *The Spies of Warsaw* is his finest novel to date – the history precise, the writing evocative and powerful, more a novel about spies than a spy novel, exciting, atmospheric, erotic, and impossible to put down. "As close to heaven as popular fiction can get." – *Los Angeles Times*, about *The Foreign Correspondent* "What gleams on the surface in Furst's books is his vivid, precise evocation of mood, time, place, a letter-perfect re-creation of the quotidian details of World War II Europe that wraps around us like the rich fug of a wartime railway station." – *Time* "A rich, deeply moving novel of suspense that is equal parts espionage thriller, European history and love story." – Herbert Mitgang, *The New York Times*, about *Dark Star* "Some books you read. Others you live. They seep into your dreams and haunt your waking hours until eventually they seem the stuff of memory and experience. Such are the novels of Alan Furst, who uses the shadowy world of espionage to illuminate history and politics with immediacy." – Nancy Pate, *Orlando Sentinel*

“ Nothing can be like watching Casablanca for the first time, but Furst comes closer than anyone has in years. ” —Time Autumn 1941: In a shabby hotel off the place Clichy, the course of the war is about to change. German tanks are rolling toward Moscow. Stalin has issued a decree: All partisan operatives are to strike behind enemy lines—from Kiev to Brittany. Set in the back streets of Paris and deep in occupied France, Red Gold moves with quiet menace as predators from the dark edge of war—arms dealers, lawyers, spies, and assassins—emerge from the shadows of the Parisian underworld. In their midst is Jean Casson, once a well-to-do film producer, now a target of the Gestapo living on a few francs a day. As the occupation tightens, Casson is drawn into an ill-fated mission: running guns to combat units of the French Communist Party. Reprisals are brutal. At last the real resistance has begun. Red Gold masterfully re-creates the shadow world of French resistance in the darkest days of World War II.

NEW YORK TIMES BESTSELLER • “ [Furst] glides gracefully into an urbane pre – World War II Europe and describes that milieu with superb precision. ” —Janet Maslin, The New York Times In the autumn of 1940, Russian émigré journalist I. A. Serebin is recruited in Istanbul by an agent of the British secret services for a clandestine operation to stop German importation of Romanian oil—a last desperate attempt to block Hitler’s conquest of Europe. Serebin’s race against time begins in Bucharest and leads him to Paris, the Black Sea, Beirut, and, finally, Belgrade; his task is to attack the oil barges that fuel German tanks and airplanes. Blood of Victory is a novel with the heart-pounding suspense, extraordinary historical accuracy, and narrative immediacy we have come to expect from Alan Furst. Praise for Blood of Victory “ Densely atmospheric and genuinely romantic, the novel is most reminiscent of the Hollywood films of the forties, when moral choices were rendered not in black-and-white but in smoky shades of gray. ” —The New Yorker “ Furst’s achievement is a moral one, producing a powerful testament to fiction’s ability to re-create the experience of others, and why it is so deeply important to do so. ” —Neil Gordon, The New York Times Book Review “ Richly atmospheric and satisfying. ” —Deirdre Donahue, USA Today

“ Kingdom of Shadows must be called a spy novel, but it transcends genre, as did some Graham Greene and Eric Ambler classics. ” —The Washington Post Paris, 1938. As Europe edges toward war, Nicholas Morath, an urbane former cavalry officer, spends his days working at the small advertising agency he owns and his nights in the bohemian circles of his Argentine mistress. But Morath has been recruited by his uncle, Count Janos Polanyi, a diplomat in the Hungarian legation, for operations against Hitler’s Germany. It is Morath who does Polanyi’s clandestine work, moving between the beach cafés of Juan-les-Pins and the forests of Ruthenia, from Czech fortresses in the Sudetenland to the private gardens of the déclassé royalty in Budapest. The web Polanyi spins for Morath is deep and complex and pits him against German intelligence officers, NKVD renegades, and Croat assassins in a shadow war of treachery and uncertain loyalties, a war that Hungary cannot afford to lose. Alan Furst is frequently compared with Eric Ambler, Graham Greene, and John le Carré, but Kingdom of Shadows is distinctive and entirely original. It is Furst at his very best. Praise for Kingdom of Shadows “ Kingdom of Shadows offers a realm of glamour and peril that are seamlessly intertwined and seem to arise effortlessly from the author’s consciousness. ” —Janet Maslin, The New York Times “ Subtly spun, sensitive to nuances, generous with contemporary detail and information discreetly conveyed. . . . It’s hard to overestimate Kingdom of Shadows. ” —Eugen Weber, Los Angeles Times “ A triumph: evocative, heartfelt, knowing and witty. ” —Robert J. Hughes, The Wall Street Journal “ Imagine discovering an unscreened espionage thriller from the late 1930s, a classic black- and- white movie that captures the murky allegiances and moral ambiguity of Europe on the brink of war. . . . Nothing can be like watching Casablanca for the first time, but Furst comes closer than anyone has in years. ” —Walter Shapiro, Time

A classic work of American literature that has not stopped changing minds and lives since it burst onto the literary scene, *The Things They Carried* is a ground-breaking meditation on war, memory, imagination, and the redemptive power of storytelling. *The Things They Carried* depicts the men of Alpha Company: Jimmy Cross, Henry Dobbins, Rat Kiley, Mitchell Sanders, Norman Bowker, Kiowa, and the character Tim O’Brien, who has survived his tour in Vietnam to become a father and writer at the age of forty-three. Taught everywhere—from high school classrooms to graduate seminars in creative writing—it has become required reading for any American and continues to challenge readers in their perceptions of fact and fiction, war and peace, courage and fear and longing. *The Things They Carried* won France's prestigious Prix du Meilleur Livre Etranger and the Chicago Tribune Heartland Prize; it was also a finalist for the Pulitzer Prize and the National Book Critics Circle Award.

Alan Furst’s suspenseful, fast-paced thriller captures this dangerous time as no one ever has before. He brings Paris and occupied France to life, along with courageous citizens who outmaneuver collaborators, informers, blackmailers, and spies, risking everything to fulfill perilous clandestine missions. Aiding Mathieu as part of his covert network are Lisette, a seventeen-year-old student and courier; Max de Lyon, an arms dealer turned nightclub owner; Chantal, a woman of class and confidence; Daniel, a Jewish teacher fueled by revenge; Joëlle, who falls in love with Mathieu; and Annemarie, a willful aristocrat with deep roots in France, and a desire to act. As the German military police heighten surveillance, Mathieu and his team face a new threat, dispatched by the Reich to destroy them all. Shot through with the author’s trademark fine writing, breathtaking suspense, and intense scenes of seduction and passion, Alan

Furst's *A Hero of France* is at once one of the finest novels written about the French Resistance and the most gripping novel yet by the living master of the spy thriller.

A magisterial history of the Himalaya: an epic story of peoples, cultures, and adventures among the world's highest mountains. For centuries, the unique and astonishing geography of the Himalaya has attracted those in search of spiritual and literal elevation: pilgrims, adventurers, and mountaineers seeking to test themselves among the world's most spectacular and challenging peaks. But far from being wild and barren, the Himalaya has been home to a diversity of indigenous and local cultures, a crucible of world religions, a crossroads for trade, and a meeting point and conflict zone for empires past and present. In this landmark work, nearly two decades in the making, Ed Douglas makes a thrilling case for the Himalaya's importance in global history and offers a soaring account of life at the "roof of the world." Spanning millennia, from the earliest inhabitants to the present conflicts over Tibet and Everest, *Himalaya* explores history, culture, climate, geography, and politics. Douglas profiles the great kings of Kathmandu and Nepal; he describes the architects who built the towering white Stupas that distinguish Himalayan architecture; and he traces the flourishing evolution of Hinduism, Islam, and Buddhism that brought Himalayan spirituality to the world. He also depicts with great drama the story of how the East India Company grappled for dominance with China's emperors, how India fought Mao's Communists, and how mass tourism and ecological transformation are obscuring the bloody legacy of the Cold War. *Himalaya* is history written on the grandest yet also the most human scale—encompassing geology and genetics, botany and art, and bursting with stories of courage and resourcefulness. *The Andromeda Strain* meets *The Stand* in this startling and stunning thriller that brings to life a unique vision of the apocalypse and plays brilliantly with vampire mythology, revealing what becomes of human society when a top-secret government experiment spins wildly out of control. At an army research station in Colorado, an experiment is being conducted by the U.S. Government: twelve men are exposed to a virus meant to weaponize the human form by super-charging the immune system. But when the experiment goes terribly wrong, terror is unleashed. Amy, a young girl abandoned by her mother and set to be the thirteenth test subject, is rescued by Brad Wolgast, the FBI agent who has been tasked with handing her over, and together they escape to the mountains of Oregon. As civilization crumbles around them, Brad and Amy struggle to keep each other alive, clinging to hope and unable to comprehend the nightmare that approaches with great speed and no mercy. . .

NEW YORK TIMES BESTSELLER *Paris, 1938*. As the shadow of war darkens Europe, democratic forces on the Continent struggle against fascism and communism, while in Spain the war has already begun. Alan Furst, whom Vince Flynn has called "the most talented espionage novelist of our generation," now gives us a taut, suspenseful, romantic, and richly rendered novel of spies and secret operatives in Paris and New York, in Warsaw and Odessa, on the eve of World War II. Cristián Ferrar, a brilliant and handsome Spanish émigré, is a lawyer in the Paris office of a prestigious international law firm. Ferrar is approached by the embassy of the Spanish Republic and asked to help a clandestine agency trying desperately to supply weapons to the Republic's beleaguered army—an effort that puts his life at risk in the battle against fascism. Joining Ferrar in this mission is a group of unlikely men and women: idealists and gangsters, arms traders and aristocrats and spies. From shady Paris nightclubs to white-shoe New York law firms, from brothels in Istanbul to the dockyards of Poland, Ferrar and his allies battle the secret agents of Hitler and Franco. And what allies they are: there's Max de Lyon, a former arms merchant now hunted by the Gestapo; the Marquesa Maria Cristina, a beautiful aristocrat with a taste for danger; and the Macedonian Stavros, who grew up "fighting Bulgarian bandits. After that, being a gangster was easy." Then there is Eileen Moore, the American woman Ferrar could never forget. In *Midnight in Europe*, Alan Furst paints a spellbinding portrait of a continent marching into a nightmare—and the heroes and heroines who fought back against the darkness. Praise for Alan Furst and *Midnight in Europe* "Furst never stops astounding me." —Tom Hanks "Furst is the best in the business." —Vince Flynn "Elegant, gripping . . . [Furst] remains at the top of his game." —The New York Times "Suspenseful and sophisticated . . . No espionage author, it seems, is better at summoning the shifting moods and emotional atmosphere of Europe before the start of World War II than Alan Furst." —The Wall Street Journal "Endlessly compelling . . . Furst delivers an observant, sexy, and thrilling tale set in the outskirts of World War II. In Furst's hands, Paris once again comes alive with intrigue." —Erik Larson "Too much fun to put down . . . [Furst is] a master of the atmospheric thriller." —The Boston Globe

The tenth installment in the beloved, epic Aubrey/Maturin series and inspiration for the major motion picture starring Russell Crowe. *The War of 1812* continues, and Captain Jack Aubrey sets course for Cape Horn on a mission after his own heart: intercepting a powerful American frigate outward bound to wreak havoc with the British whaling trade. Meanwhile, Stephen Maturin has a mission of his own in the world of secret intelligence and comes face to face with the harsh realities for women of the age. Disaster in various guises awaits them in the Great South Sea and in the far reaches of the Pacific—typhoons, castaways, shipwrecks, an ill-fated affair, murder, and criminal insanity—as well as a bold rescue by a crew of seafaring female warriors.

"What do soldiers do presents a devastating new perspective on the Greatest Generation and the liberation of France, one in which the US military used the lure of easy, sexually available French women to sell soldiers on the invasion, thus unleashing a 'tsunami of male lust' among the war-weary GIs. The resulting chaos-ranging from flagrant public sex with prostitutes to outright rape and rampant venereal disease-horrified the battered and demoralized French population and caused serious friction between the two nations at a crucial point as the war drew to a close."--Page 4 of cover.
