business  
management: .  
Managing one's  
life - focuses on  
Buffett's

away from things  
that damage you

personally. The authors also discuss Buffett's belief that challenges make life interesting. . .  
Managing One's Career - Buffett believes that you should work at something that you are

*Page 3/120*

passionate about.  
Do what you like  
and you will find  
a way to make  
money. Do what  
you hate and you  
will be miserable  
even if you are  
rich. . Managing  
Employees -  
place honesty on  
the same level as

*Page 4/120*

intelligence as a managerial attribute. How to keep managers inspired and working hard. . .  
Managing the Business -  
Buffett has learned that companies that have a durable

*Page 5/120*

competitive  
advantage over  
their competitors  
consistently earn  
more money  
year after year  
and are the  
easiest to  
manage. .

Imagination  
amplifies and  
colors every other  
element of genius,

*Page 47/120*

and unlocks our potential for understanding and ability. It's no coincidence that geniuses not only dare to dream of the impossible for their work, but do the same for their lives. They're audacious enough

*Page 48/120*

to think that  
they're not just  
ordinary players.  
Few stories better  
illustrate this better  
than the life of the  
father of the  
modern world, a  
man of legendary  
imaginative power  
and wonder:  
Nikola Tesla. In

*Page 49/120*

this book, you'll  
be taken on a  
whirlwind journey  
through Tesla's  
life and work, and  
not only learn  
about the
