

We Are The Angels Healing Your Past Present And Future With The Lords Of Karma

Angels are Holy Spirits (light beings or celestial beings) and are part of ones eternal soul energy. Soul energy is the connection between our minds, bodies and the universe. All humans have an eternal soul connected to their holy breath. Everyones breath is connected to the same universal love and light energy. But he or she must choose to open to that universal love and light energy because soul power (soul guides-angels-holy spirits) can not override our free will from the ego mind. We all must learn to choose our actions through our souls and not through our fearful limited ego minds. The connection between mind and body has been well documented by various scholars, medical doctors, theologians and scientists. Much has been written to suggest that all emotional and physical dis-eases come from prolonged THOUGHTS of fear, sadness, anger, distress, revenge, guilt, rejections and other uncomfortable feelings being buried. Our cells can only handle so much negative energy from thoughts and feelings before they become sick. Whatever we focus on grows. We have forgotten how to go within and hear our own wise loving angels. Kids need to know all drug highs are already inside and can be accessed by learning how to ask (pray) and meditate (listen) to ones own angels. Angels can teach people how to astral travel, time travel to past or future lives and learn that ALL ANSWERS LIE WITHIN YOU. All races and religions have angels. Your angels are waiting for you to help you have a happier and healthier life. You are never alone. Angels Know All contains channeled poetic messages from the angels interspersed with true angelic encounters that have changed peoples lives. Pope St. Leo states that the only advice he would ever give another human being is to get to know your very best friends, your own angel guardians. The natural expression of the angels is Truth. If we deny the truth, we repress the energy of the angels. But when we fully accept the eternal verities of life, the angels go to work to bring everything up to the divine standard.... Within each one of us dwell the twenty-two angels, centers of Living Energy that provide us with all we need to sustain us on our journey through life. They await only our readiness. However, the angels require our assistance to manifest changes in our lives. They are able to free us from disease and death, loneliness and unfulfillment, lack and limitation only when we free them. And so the author of the bestselling *The Angels Within* Us has written this book to help us set free the positive vibrations of these inner archetypes and their "nothing-is-impossible" energy. Through meditations, affirmations, exercises, dialogues with the twenty-two angels, and true stories of the miracles and transformations wrought by them, he helps us liberate the power of the Divine within so that we can: * Awaken our higher consciousness * Heal the past * Communicate with angels awake and dreaming * Find our right livelihood * Enjoy prosperity * Open ourselves to physical healing * Find fulfillment in our relationships * Surrender to unconditional love * And much more Our angels are the very law of our being. This remarkable book helps us to connect and flow with their universal rhythm of wholeness, to become who and what we really are.

In today's fast paced, busy life we all need to take time out for ourselves to find healing, peace, joy, love and abundance. "How do I do that" I hear you ask, "It's not that easy," I hear you say. Well it can be that easy. This quick and easy read will guide you through small changes – take five minutes a day to meditate, use crystals, talk to your angels and guides and think positive and be amazed at the changes in your life. When Doreen Virtue visited Santorini Island in Greece recently, she was contacted by a powerful group of angels calling themselves the "angels of Atlantis." Doreen was then taken on an amazing spiritual adventure, where she uncovered the ancient secrets of the healing temples of the lost civilizations of Atlantis. Doreen found that her previous healing work with the angels, as well as the thousands of case studies of angelic healing that she'd amassed over the years, dovetailed perfectly with the messages from the angels of Atlantis. Part spiritual adventure story and part reference book, *Angel Medicine* is a three-part work that relates the exciting story of Doreen's recovery of memories of Atlantean healing methods along with messages from the Egyptian and Greek prophet and deity Hermes and the angels. The second and third parts of the book reveal the scientific studies, case studies, methods, and charts supporting the importance of love and light in healing. Whether you want to heal yourself or someone else, you're sure to gain additional faith and understanding from reading *Angel Medicine*.

When we hear stories of spontaneous healing, assistance from angels and loved ones who've passed, the laws of physics bending or even breaking to save someone, and people using their divine creative power to claim what they desire despite appearances, our beliefs change about what is possible for us. *We Are So Loved* is about such miracles and more. Many of these stories may seem too fantastic to be true, but they are. As you read them, maybe you'll remember some of your own miracles that you discounted as 'just a coincidence', luck, or just your imagination. The mystical, miraculous experiences I've had since childhood, the stories others have shared with me of divine assistance and moments of grace, as well as the miraculous healings I witness as a Reconnective Healing Practitioner, have changed my beliefs about what is possible and continue to transform my world for the better on every level of my being. That's what I want for you, and why I'm sharing them in this book. I hope they inspire you to think and believe a little bigger and better than you did before you read them as you realize how Loved you are, Who You Really Are, and how possible the 'impossible' really is. The miraculous experiences in this book are what fuel my life's mission to share the truth of how Loved we are and how powerful we are when we align with the Love that is our Source of being. I hope these stories remind you of the God Within you and all life on this planet, that they awaken an awareness of the Love and well-being that is constantly flowing to you, and help you release the limiting beliefs that have kept you from allowing into your life all that your heart desires. *We Are So Loved* is my first book, and just the beginning of much more to come. - Jill Lambert

INTRODUCTION TO ANGELS: A MESSENGER OF GOD is called an angel if they have human form, wings, and a halo. The word connotes goodness and is frequently used to describe someone who provides consolation and assistance to others when they are in need. You appeared like an innocent angel when you were a youngster, but looks can be deceiving. Angel is derived from the Greek word *angelos*, which means "MESSENGER." It is used in the Bible to refer to God's helpers, and in ancient Asian societies, angels were also thought to be human guardians. In this Book you will learn Complete Angel Healing Process and Which Angel Invoke in which kind of help. Thank You. Divine Angel Love and Blessing Always. Thank You Angels, Thank You Guardian Angels, Thank You Archangels.

First Book of The Angel Guidance Series I always wanted to make an angel card deck of my own and the angels definitely heard my request. They inspired me to write poetic verses intuitively. I felt the power of eternity behind these simple words and the grounding they gave me was immense. Peace and healing followed, and I wanted to share these marvellous effects with others. I was blown away by the result. So, this my free gift to you or, I should say, it's the angels' free gift to you.How This Is Angel Therapy for Me and YouBefore I made the angel meditations into my own angel cards, I used to do readings while they were still in my writing pad. I numbered them one through sixty or so and would ask people to pick three random numbers. Sometimes I would get them to pick more cards. They were equally blown away by the accuracy they received. And just as these angelic words touched my heart and soul, so they touched those of others. You could say they're angel abundance cards since they bring the wealth and abundance of God's love for us through His angels. They're true angelic words and a great companion on our spiritual journey.This angel wealth left me wondering if I could make a book out of my angel card deck, and that's how this book came about. I pray it acts as an angel of manifestation book, revealing the angelic presence of which so many people stand in need. When we experience our guardian angels close to us we immediately feel relieved and comforted. This is angel healing in action. A Spiritual Angel Book This spiritual angel book is comprised of some of the verses from my own card deck as previously said, and, to help you focus on them better, I added little reflections after each one. Additionally, I finished with short angel prayers too. It's my hope that you will experience loving angel guidance through the use of these little meditations or angel poetry. I certainly feel them close when I use them. I also pray that these angel prayers will act as an angel detox for your soul and work angel miracles in your lives so that you experience heaven on earth. The power of the angels (God given) is amazing and they can help bring you comfort, guidance, healing and peace through the use of their words. Likewise, I pray for a spiritual awakening for those who are spiritually tepid. May the healing words of their angels guide them to a renewed way of spiritual living. Testimonies "Andrew showed us all how to get in touch with our angels and develop a friendship with them. Some of us felt our angels present and one of us got their angel's name. Two of us present were recently bereaved and Andy helped us connect with our deceased loved ones. One was a lad who died tragically. It was healing to experience his presence and how happy he is now. Some of us also felt confirmation in what we are meant to be doing with our lives and some guidance in with difficult life issues. Andrew really helped and encouraged us. We certainly felt the healing of the angels that night."-Mary McLoughlin; Peter, Ciara and Chris Mullen"Andrew has both read my angel cards and drew my life purpose angel. I was both intrigued and excited as to what to expect. Andy's wacky sense of humour and kindness helped me be at ease. I was surprised and spellbound by such a lovely picture he produced. I felt an immediate connection. The card reading was also very accurate and some of what we discussed at our meeting is coming about." Ronah Corcoran"Andy and I took to each other immediately. Both of us talk a lot and have a similar sense of humour. Andy drew one of my angels, which is a life's change angel. She's with me for only a certain period of my life and am thankful to have her. I'd recommend Andy to anybody. He's definitely gifted. The angels are truly with him." Mary Mc Lean

This book is meant to encourage readers to embrace their own memories and angel experiences. Everyone has a song, a color, a "thing" that reminds them of another person. Death makes these things much more special and poignant. Memories and Angels is a collection of rhyming pages with simple color drawings that show how these reminders are present in everyday life. Our minds are overflowing with memories, every second of every day. Our guardian angels also send signs to show us they are still in our lives, now just in a different way. Have you ever had a moment when at the exact time you think of your lost loved one, the song you played at their memorial comes on the radio or you see their favorite flower? Even though you are living a fulfilling life without your loved one, do you see your past and fun adventures in everything you do and everywhere you go? This uplifting book uses familiar scenarios to show how memories surround us with healthy, healing energy and that our angels can send signs when we truly need it most. One page is even written in memory of our pet angels. Angelic messages can be both subtle and very straightforward. Some messages will make you laugh, some will make you cry, but all will help to heal your heart. When we are able to understand that these special signs and memories are meant to bring happiness and peace, it can help us overcome the pain brought by death. This book's angel experiences and memory flashbacks show that joy can be found again when living through a period of grief by remembering the love that was once shared with that special person. Memories and Angels can be enjoyed by kids and adults of all ages.

Archangel Michael taught interactive healing to author Rekha Vidyarthi; through this technique, she has assisted the healing process in people for sixteen years. Michael said to her "You need to heal yourself in order to heal others." Written with Jesus's guidance, Healing Hands of Jesus illustrates how you can choose to change the karmic things and past lives that are happening right now. Angels heal many lives at once by healing one personality and integrating one fragment at a time into the higher self, shortening the incarnation of a troubled past and present. Every experience in life is created by unconscious thoughts. Your outer situation triggers your innermost emotions and feelings. The mind requires answers in order to change one's perspective. Because most answers lie either in childhood or in a past life, it is necessary to look within. The angels trigger our memories to identify the connection, which is when healing begins. Such things as parental imprinting, family karma, ego, anger, fear, guilt, sadness, depression, or learned behavior perpetuate from one life to the next. These issues repeat themselves through many lives until we learn how to heal the issues. Healing Hands of Jesus explains that we must ask forgiveness for the negative things that are happening to us now in order to heal ourselves.

The Seraphim Blueprint introduces an advanced spiritual system that has been dormant for thousands of years. In 1994 a high Angel, a Seraph, began initiating Ruth Rendely into this long-forgotten teaching. She shares the amazing experience of that first of many meetings, when he tells her that she is to bring out an ancient healing modality that existed in Atlantean times. The Angel then proves the power of the system by transmitting healing energies into her in six-minute installations. These energies sing through her body, fixing minor pains, and leaving her exhilarated. He tells her that these energies are now available to be accessed effortlessly by anyone for their own benefit or the healing of others. RUTH RENDELY Gifted with the Seraphim Blueprint, spiritual teacher, intuitive healer, authority on angels, she has taught thousands how to explore their own divinity. ACCLAIM FOR SERAPHIM BLUEPRINT I enthusiastically endorse this book. It is not just a book, it is a journey into life. Through my experience in medicine, I have come to realize that there is more to life than contemporary science can explain, and that is the human soul. Ms. Ruth Rendely has proven this to be right. She has explained her life journey in a way that all of us can relate to, and, more importantly, through her knowledge and experience, she has given hope, belief, and love. I am truly impressed with her God-given talent, and her way to express it so that we all can understand and appreciate it. -Adrian, Bocirnea, M.D. I'm thrilled to see that Ruth Rendely is helping people to make contact, and to work more intimately, with their companion angels. Nothing could be more important at this key point in the evolution of both species. When humanity moves, individual by individual, to fulfill its true destiny, it will be with our angels at our sides. This is an ancient promise and it is coming about in our lifetimes. May those with ears, hear. -Timothy Wylie, co-author Ask Your Angels This book is a simple story of how one woman opened to the angels and then began to share what she learned with others. Slowly, as you read her tale, you will find shifts happening to you as well. Subtle is the technology of angels, not like knives or guns or bombs. It's a soft technology, and yet it's a powerful one. -Andrew Ramer, co-author Ask Your Angels From the Foreword Seraphim Blueprint is a fascinating account of one woman's journey as she develops the power of healing by explicitly following the guidance of angels. Rendely provides a must-read book for anyone who believes in the power of angels to help guide us into becoming our best selves. -Randy Peyser, author The Mind, Body, Spirit Speaker's Guide

When we learn to love we let go of the fears, anger and negative ego, so the blessings of the universe will manifest!

"When we engage in a daily relationship with angels, our lives become filled with a vast array of heavenly sparks that inform us of the divinity within even the most mundane activities ... Come and see for yourself how to invoke angels, and discover a new way to experience your world." —Rabbi David A. Cooper Have you ever experienced something so extraordinary as to leave you wondering whether some higher power or force were responsible? "We do not need to sit and wait for the finger of Grace to tap us on the shoulder," explains Rabbi David A. Cooper. "Rather, we can practice the invocation of angels—cultivating profound experiences that immediately open us to guidance and blessings from the Divine." Invoking Angels presents a complete program of daily meditations and prayers to help practitioners of any faith find self-empowerment through an active relationship with angels, which Cooper views as an energetic realm that serves as a medium in which God, humankind, and all of creation are interconnected. Join this master kabbalist, scholar, and storyteller as he takes us back to the teachings of the Torah, the Bible, and other sacred texts to reveal the original vision of angels and the universe we cocreate with them. Invoking Angels is meant to complement an existing spiritual practice, comfort the sick, invite wisdom, and help anyone seeking an intimate awareness of these divine forces at work around us. Guided Meditations and Prayers Include: An "Archangel Meditation" for openheartedness and courage A "Guardian Angel Meditation" for protection in any situation A meditation on the Divine Presence (the Shekhina)

Meditations for invoking the "supreme" Angels Metatron and Sandalphon to experience profound awareness and sufficiency, and more

Two years ago, Barbara Mark and Trudy Griswold published a remarkable book that showed us how we could reach out to our angels for guidance, comfort, and love. Drawing on the unique angel communication techniques that these two sisters have been teaching in workshops across the nation, Angelspeak has sold more than 45,000 copies to date, and another 15,000 in its Spanish-language edition. Now the authors take us to the next step: calling upon God's messengers for help in solving personal problems and healing. Focusing on the specific steps we can take to solicit angelic intervention in times of crisis, they offer wisdom and practical advice on such topics as getting clarity on what we want in our lives, how to be trusting no matter what happens, and the power of divine healing. Interspersed throughout are the stories of people who have used the Angelspeake process and have had their dreams fulfilled. A partnership with the divine is there for the asking—that is the uplifting message of this handsomely designed and illustrated book.

Angels are everywhere, ready to help in times of need. We just have to open ourselves to their healing energies—and this uplifting collection shows how. Drawing on leading expert Chrissie Astell's personal experiences of angelic intervention, along with moving accounts from her readers, course participants, and workshop attendees, Gifts from Angels tells stories of children protected, accidents avoided, and other life-changing miracles. Astell also provides practical visualizations and meditations, along with guidance on guardian angels, archangels, and the life to come.

This book will help you heal yourself of every kind of stress and dysfunction by tapping into the healing powers of angels. Uniquely, the Ambika Wauters presents angels in terms of an inner realm with a distinct spiritual hierarchy: nine levels of angels residing in the three levels of heaven. While based on traditional theology, this system offers a thoroughly effective way for the human mind to grasp the benevolent powers that angels can make available to all of us. We learn how angelic forces work in the human energy system, especially the chakras, to benefit our personal development and spiritual evolution. The Healing Power of Angels is aimed at everyone who is fascinated and moved by the notion of angels or is interested in making new discoveries in the realm of the spirit. It will be immensely helpful to all healers and all those interested in understanding energy fields. The meditations, affirmations and prayers that punctuate the book provide a practical dimension for interactive work, and there are also profound reflections that will change the way we think about ourselves - and move us many steps closer to spiritual understanding.

In Angel Healing & Alchemy the reader will learn the true significance of mighty Melchisadec, Prince of Peace, as well as of Sacred Seven and the Seventh Ray of Violet. This practical handbook teaches firstly how to work with angels and to develop "clair" skills, to feel and sense the presence of the angels. And then how to work with each of the eight mighty angels in turn, using this knowledge to gradually heal self and life. The objective is to connect with each angel in order to draw angelic rays of healing, using these to release blocks, gain a higher vibration and to thus attain new levels of physical/spiritual harmony.

"Death could not kill love, and so through the bridge that was love, we would always be together..." Grief. It can be overwhelming in its strength over us. It can be one of the hardest things to overcome. But sometimes, if we allow the healing touch of an angel to step in and help us, we may suddenly find that we have everything we need to heal. That is the very lesson that the man at the center of this story comes to find. Stricken by grief at the death of his brother a couple of months prior, he takes to regularly walking Central Park in his hometown of NYC, seeking the healing touch of nature to find peace again. On one such walk, he happens to connect with a kind old man who comes to tell him just what he needs to know to have the power to heal... He teaches about the journeys of the soul through life and death and back to Heaven again. He teaches about the way that those who pass on from this world do not really leave forever, when the bonds of love stand as a bridge to keep us connected. He teaches with stories told uniquely from the perspective of souls in Heaven. And it is through this eye-opening, uplifting and healing tale that Charlie Siegel, the author of this short novel, hopes that anyone going through grief can find peace. Designed to be a resource during times of loss or hardship, Charlie's first novel is here to help. It is just a short read at about 90 minutes reading time, easy to gain the messages from quickly. Raised in a spiritual lifestyle with generations of family members spending lifetimes focused on studies of spirituality, Charlie wishes to pass on the lessons he has been given in order to help others. This book is designed to give you the keys to heal your heart, and find peace in the face of loss. With elements of spiritualism and a big bunch of tried-and-true hope, this book can bring us all to a place of peaceful contemplation. If we quiet our minds and let the angels be heard, perhaps we will come to find that our grief is really a passageway to a place of healing. Our loved ones are there, with us in spirit.

Belinda Womack was a believer in Angels until the age of 12, when she decided she wanted to become a scientist. Years later, working in a biology lab, she found herself in the presence of the Archangel Gabriel and realized her calling as a spiritual conduit for Angelic healing and support. In this book she shares lessons, practices, and daily guidance from the 12 Archangels to help us listen to and heal our wounded inner child, release our fears, and enact deep subconscious transformation. Each word, transmitted directly from the 12 Archangels, carries their love, so that when read, the love is absorbed into the reader's mind and supports the release of our deepest wounds and fears. The tools and exercises shift your vibration so results are both felt and experienced immediately. Each message awakens your innate spiritual power to rebuild destroyed self-esteem, lifting you higher in vibration and allowing life to be filled with the power of your own divinity. The book includes Angelic guided visualizations on working with Angels to access the healing power of the chakras and to manifest with the creative imagination, as well as specific messages from the 12 Archangels designed for quick access to practical guidance when Angelic support is needed in daily life. As Belinda Womack shows, by opening ourselves to the support of the 12 Archangels, we can move out of the past and into Heaven's abundance, heal our inner wounds, and shift our vibration to one of unconditional love for self, others, Mother Earth, and the Universe.
